DYS GRANTEE NARRATIVE ANNUAL REPORT¹

FISCAL YEAR 2014

Instructions: Please answer the following questions to the best of your ability. Also included in this document is a Grantee Annual Data Report which requires the reporting of program statistical data and DYS commitment information. Completed reports should be submitted to:

Alabama Department of Youth Services
Becky Hathcock, Senior Accountant
becky.hathcock@dys.alabama.gov
P.O. Box 66, Mt. Meigs, AL 36057

PROGRAM DESCRIPTION

I. Services Provided

Explain the nature and structure of the program, including the types of services provided to youth and families who participated.

II. Target Population

Identify the population of youth that were generally admitted to the program during the fiscal year.

GENDER	
AGE	
RISK LEVEL	
OFFENSE	

III. Length of Stay

On average, how long did youth remain in the program? Was this expected? What factors influenced how long they stayed?

How did the average length of stay compare to the anticipated/targeted length of stay?

EVALUATING SUCCESS

I. What were the intended goal(s) of the program for this fiscal year?

II. Did the program achieve the intended goal(s)? Please explain.

¹ A data report including demographics and DYS commitment numbers will be generated by DYS, using the data submitted throughout the year through the Grantee Information Management System (GIMS). Annual reports are due at the end of each funding year and must be received by November 30th.

QUALITY ASSURANCE

- I. In the grant application, you identified one or more of the following quality assurance activities that would be conducted. Please check those that were completed.**

<input type="checkbox"/> Youth Satisfaction Surveys	<input type="checkbox"/> Periodic Review of Progress Notes
<input type="checkbox"/> Periodic File Reviews	<input type="checkbox"/> Observation of Group Activities
<input type="checkbox"/> Pre- and Post-Testing	<input type="checkbox"/> External Evaluation
<input type="checkbox"/> Re-assessment of youth's progress	<input type="checkbox"/> Peer Review Process
<input type="checkbox"/> Other: _____	

- II. Please provide a summary of each of these activities, including how each was conducted and the findings of the quality assurance activities:**

YOUTH OUTCOMES

- I. Program Completion/Failure**

Evaluate the rate of successful program completion. What factors do you believe influenced how many youth completed successfully? What can be done in the future to improve the success rate?

- II. New Charges**

What methods are used to track youth success beyond program completion? What factors influenced the youth acquiring new charges? What can be done in the future to improve in this area?

- III. Net Widening**

Since DYS grant programs are intended to be alternatives to incarceration, it would be considered "widening the net" to use the program for youth who would not have been admitted to DYS if the program were not in existence (i.e., CHINS, truancy). Did this program have a net-widening effect? Explain why or why not. What can be done in the future to ensure net-widening does not occur?

IMPROVEMENT PLAN

- I. Overall, what is working well in this program?**

- II. What is not working well in the program?**

- III. Based on the information gathered from Quality Assurance efforts, and annual program self-assessment, what improvements will be made to the areas that are not working well?**
