From the Executive Director

Dear Governor Ivey,

On behalf of the Alabama Department of Youth Services (DYS), I am pleased to present you with the DYS Fiscal Year 2022 Annual Report. This year represented a year of change and renewed vision for our agency. We began the year with a commitment to the development and implementation of an agency wide three-year strategic plan. We also reviewed and revised our agency's mission, vision, and values to better reflect who we are now and where we want to go in the future.

This change continued as we transitioned all senior leadership roles in the agency. We said goodbye to our three Deputy Directors and School Superintendent who all retired from state government. These dedicated servants represented 140 years of service to the state of Alabama. We would also like to welcome our new leadership and are excited to have them on our team.

In FY22', DYS was recognized for our leadership nationally and began an initiative to identify and develop leaders from our ranks. We celebrated our Mt. Meigs Campus for being selected as the 2022 Corrections Winner of the Barbara Allen-Hagen Award. This award is given annually to one juvenile corrections facility who exhibits significant improvement over time. DYS also developed and implemented the first Leadership Academy for staff. The Academy is designed and structured to prepare our staff for additional leadership opportunities. As we continue to struggle to recruit and retain staff, it is important for us to continue to invest in our employees and provide them with the resources and support they need to succeed.

This fiscal year also saw the completed new construction and renovations on the Mt. Meigs Campus. The new Student Development Building and the new Intensive Treatment Unit will allow for youth to have a more therapeutic and rehabilitative environment. The renovations to Wallace School provided much-needed revitalizations to the school classrooms and gymnasium.

I encourage you and others to review our FY 2022 Annual Report for additional highlights. We continue to be thankful for the support and encouragement we receive from our stakeholders and the community at large. We would like to thank our staff, volunteers, and provider and community partners. This work could not be accomplished without them. We continue to be grateful to this administration, the legislature, the court system, and the DYS Board of Directors for their continued support. Our agency will continue to work to fulfill our mission and our vision for the future. We will always strive to connect with youth involved in the justice system and to change the trajectory of their lives.

Respectfully Submitted,

Report of the Board

The Youth Services Board met three times during fiscal year 2022: **December 3, 2021, April 1, 2022, and August 26, 2022**. Each of the meetings were held in person, rather than remotely, in the Board Room of Washington Hall, Mount Meigs, Alabama.

COVID-19 Impacts Continue into FY 2022

At each of the meetings, Mr. Steve Lafreniere, Executive Director, updated the Board on the impacts of COVID-19 on DYS. In December 2021, masks were still required for both students and staff for indoor activities and in common areas, but not required in offices or outdoors. All youth were tested at intake and when symptoms were reported. The most recent positive COVID test occurred in October 2021 at the Autauga Campus. By late December 2021, a significant outbreak of COVID occurred across DYS facilities. Fifty-two (52) youth and 37 staff tested positive. By early February, positive tests were not reported. Through the sharing of staff, additional testing, and quarantine units within the facilities, the impact of COVID-19 was substantially reduced by the end of the fiscal year.

Staffing Remains a Challenge

The ability to recruit and retain staff remains a major challenge within DYS. Steve Lafreniere, Executive Director, and Alesia Allen, Deputy Director of Institutional Services, updated the Board at each meeting. An example highlighting the challenge, in the last six months of the year, 43 new employees were hired, but 44 employees left DYS. These included 7 dismissals, 5 retirements, 26 resignations, and 6 transfers to other state agencies. Efforts are ongoing to hire additional employees, especially direct care staff. The Department regularly participates in job fairs and an advertising campaign was initiated. Entry salaries for line staff were increased by two steps (approximately 5%). Major staffing schedule changes were also implemented. Exit interviews with departing employees found that the mandatory overtime was a major issue. By August 2022, work schedules for direct staff were moved to four 10-hour work days. These shift changes reduce the amount of required overtime and provide for direct care staff to have some weekends off each month.

Strategic Planning Efforts

During the April meeting, Mr. Lafreniere highlighted the Department's strategic plan for the next three years. The plan was developed with input from approximately 300 stakeholders including Board Members, judges, and employees. The mission, vision, and values of the Department were updated and distributed to the key stakeholders. The mission, vision, and value statements will serve as a roadmap for DYS to accomplish future goals.

Mt. Meigs Campus Receives National PbS Award

At the August 26th meeting, Mr. Lafreniere recognized the Mt. Meigs Campus for having received the Performance-based Standards (PbS) Barbara Allen Hagan Award. Several hundred juvenile correctional programs across the United States participate in the program, and Mt. Meigs Campus was selected as the Correctional Program winner for 2022. Campus staff received the award during the National PbS Conference in New Orleans. DYS has participated in PbS for six years with the goal of utilizing continuous quality improvement to improve the conditions of confinement within DYS facilities. The Board viewed a six-minute video produced by PbS that highlighted the accomplishments of the Mt. Meigs Campus. Following the video, Mr. Lafreniere recognized the efforts of Dr. Shannon Weston, Executive Assistant to the Director, for her leadership of the PbS process for the last six years.

Major Changes in Departmental Leadership During FY 2022

FY 2022 was marked by the retirement of all three Deputy Director positions and the Superintendent of the Youth Services School District. During the December meeting, Mr. Lafreniere recognized the upcoming retirement of Mr. David Rogers, Deputy Director of Administration, and Ms. Janice Lewis, Deputy Director of Institutional Services. During the April meeting, Mr. Pat Pendergast's retirement as Deputy Director for Community Services was announced. In addition, Dr. Rafael Richardson, Superintendent of Education announced that he would be retiring at the end of the 2021 school year. By the end of the fiscal year, Ms. Alesia Allen was appointed as the Deputy Director for Institutional Services, Mr. Shawn Stinson was appointed as Deputy Director for Administration and Contract Services, and Dr. Tracy Smitherman was appointed as Superintendent of the Youth Services School District. Both Ms. Allen and Dr. Smitherman are long-term DYS employees.

Highlighting Achievements of the 2021-2022 Fiscal Year

During the August meeting, Mr. Lafreniere took the opportunity to point out that although there were many challenges and changes that occurred during the year, "the good work on the campuses continues, employees are still turning out good work, and the young people are receiving the services they need. We still have GEDs and diplomas being awarded, and students are graduating from job readiness programs. These things couldn't be accomplished without the dedicated, hard working employees of the Department."

Officers of the Board Elected

As is customary at the last Board meeting of the calendar year, officers were elected for the upcoming year. Officers of the Board elected for 2022 include:

Mr. Charles Smith – Chairman

Ms. Michele Jones – Vice-Chair

Mr. William McDowell – Secretary/Treasurer

Planning for the Future

DYS Leadership Develops Three Year Strategic Plan

In January 2022, the Alabama Department of Youth Services began the process of developing a Strategic Plan that would guide the agency for the next three years. The first step of the DYS strategic planning process included the development of a survey for feedback. DYS disseminated an electronic stakeholder survey to receive input from a variety of groups including DYS staff, DYS Board members, juvenile court judges, chief juvenile probation officers, juvenile probation officers, detention center directors, diversion program directors, contract residential providers, advocates, campus advisory board members, campus service providers, state agency partners, and State Advisory Group (SAG) members.

In February 2022, The Alabama Department of Youth Services held an in-person strategic planning meeting in Opelika, AL to review the survey results and develop the following: 1. Revised Mission Statement, 2. Revised Vision Statement, 3. Core Value Statements, and 4. Goals for the Department. The strategic planning meeting included topics that focused on leadership, perception and biases in leadership effectiveness, leadership and the listening process, active listening, effective listening in the public service/safety arena, leadership self-assessment, and leadership self-awareness. The strategic planning meeting also included break-out sessions that allowed participants to develop the revised mission, vision, and value statements as well as the overarching priorities/goals for DYS.

DYS *Strategic* Priorities

The following priority areas, goals, and objectives were compiled from the feedback from stakeholders who participated in the surveys and from the DYS Strategic Planning Meeting.

PRIORITY AREA 7

Secure necessary resources and technology to promote safe environments, enhance program effectiveness, and work force satisfaction.

Building for the Future

Mt. Meigs Campus Completes New Construction and Renovations

The Mt. Meigs Campus construction projects continued to progress throughout the 2022 fiscal year. The three projects which began in early 2021 include the total renovation of Wallace School, construction of the Student Development Building, and construction of an Intensive Treatment Unit (ITU). Substantial completion of Wallace School was achieved in March of 2022, and work was finalized in time for the beginning of the 2022-2023 academic year which began in August.

Work continued on the Student Development Building and ITU through the fiscal year. The therapy building includes office space and group and individual counseling spaces. ITU is a self-contained behavioral treatment facility. Sufficient progress had been made by late August to offer tours of all three buildings for the Youth Services Board during their August 26, 2022 meeting.

Youth Engagement

DYS strives to engage youth in meaningful programs and services that foster positive behavior, skill building, and prosocial development. The Autauga, Mt. Meigs, and Vacca Campuses provide a wide array of programs and activities that enhance teamwork, social skills, and problem solving. These include skill development programs like Hope Inspired Ministries (H.I.M), Writing Our Stories (WOS), the Boys and Girls Club, IN2WORK, and the Black Rhinos Mentoring Program, and recreational and team building activities like fall festival and spring break programs.

McNeel School Black Rhinos Program

The Black Rhinos of Alabama is the signature program of Lifting as We Climb Foundation. It is a mentoring program for students in public schools and juvenile justice settings in Jefferson County. The mentoring sessions are provided for school-aged males and the most recent class was formed at the McNeel School. The McNeel School Black Rhinos: The Unwritten Chapter is supported by a dedicated group of community partners such as GEAR-UP Jefferson County, which provides access to academic resources, as well as college and career readiness services. The aim is to help students realize their dreams through mentoring and educational awareness. Activities, projects, events, and workshops are held on campus and include mentoring sessions, a Black Rhinos sponsored chess tournament, poetry contests, and S.T.E.M. competitions. The McNeel School advisors are Dr. E.R. Wright, Mr. Bell, and Mr. Simmons.

IN2WORK Program

The Mt. Meigs IN2WORK Program continues to provide students with skill development in the area of food preparation. The youth participate in weekly classes over the course of nine weeks and are taught basic kitchen skills including food handling, kitchen safety, and meal development. In FY22', the IN2WORK students assisted staff in preparing speciality items for celebration events and participated in a graduation ceremony for completing the program.

The Boys and Girls Club

The Boys and Girls Club provides specialized programming to the Mt. Meigs boys. In FY 22', 18 Mt. Meigs boys participated in the program and 10 boys graduated. Programming includes five different modules - Passport to Manhood, Leadership/Character values, Civics, Career Launch, and Money Matters. The modules engage young boys in discussions and activities that reinforce character, leadership, and positive behavior. After completion of a module, the boys participate in a graduation ceremony where they each give a speech on what they have learned. Each youth receives a certificate of completion. Mr. Stanley Pressley, Site Director, and Ms. Stephanie Norris, Instructor/Case Manager, directs and oversees the program. **Pictured to the left: Taborie Burton, Rick Jackson, & Stanley Presley with Boys and Girls Club.**

Mt. Meigs Hope Inspired Ministries (H.I.M.) Program

The H.I.M. Program assists DYS youth to gain the skills needed to obtain, maintain, and excel at employment. The H.I.M. staff help students hit the reset button on their lives by developing employment and life skills that will lead them to self-sufficiency. Since the program began in January 2021, 109 youth have been served, 30 youth have received employment after release, 2 went into the Armed Forces (Army and Marines), 1 went into the agriculture field, 1 is working in the car industry with Toyota in Huntsville, AL, and one is working in hospitality management in Canada.

In FY22', the Mt. Meigs Hope Inspired Ministries Program (H.I.M.) selected 55 youth to participate in the eight week program. Forty-four youth graduated from H.I.M. and received a certificate of completion. During the graduation ceremonies, each youth prepared personal remarks and a speech to the audience. **Pictured below: H.I.M. graduation ceremony.**

DYS State Identification Pilot Project

A new pilot project was developed in 2022 to assist DYS youth with obtaining a non-driver's license state identification card. DYS partnered with Dr. Hollie Cost, Assistant Vice President of Auburn University Outreach and Public Service, and Ms. Tori Ho, Graduate Assistant from Auburn University, to participate in the project. The DYS project is part of a larger pilot program aimed at providing adults in the correctional system with a non-driver identification card prior to release. Ms. Alesia Allen and Ms. Angie Toney serve as the DYS representatives for the larger pilot program and have participated in a number of meetings facilitated by the David Mathews Center for Civic Life. The meetings have also included representatives from the Alabama Law Enforcement Agency, the Shelby County Jail, the Alabama Department of Corrections, the Alabama Department of Public Health, the Alabama Board of Pardons and Paroles, the Administrative Office of Courts, reentry organizations, and formerly incarcerated individuals.

The pilot project is led by Ms. Bridget McDonald and Ms. Tonya Wilson on the Mt. Meigs Campus. To date, DYS has issued 39 state IDs to youth in DYS custody, including 4 female youth participating in the Rite of Passage Program. The project will assist youth in obtaining the needed documentation for future employment, enrollment in post-secondary education, future housing, establishing bank accounts, and other areas.

Community Partners

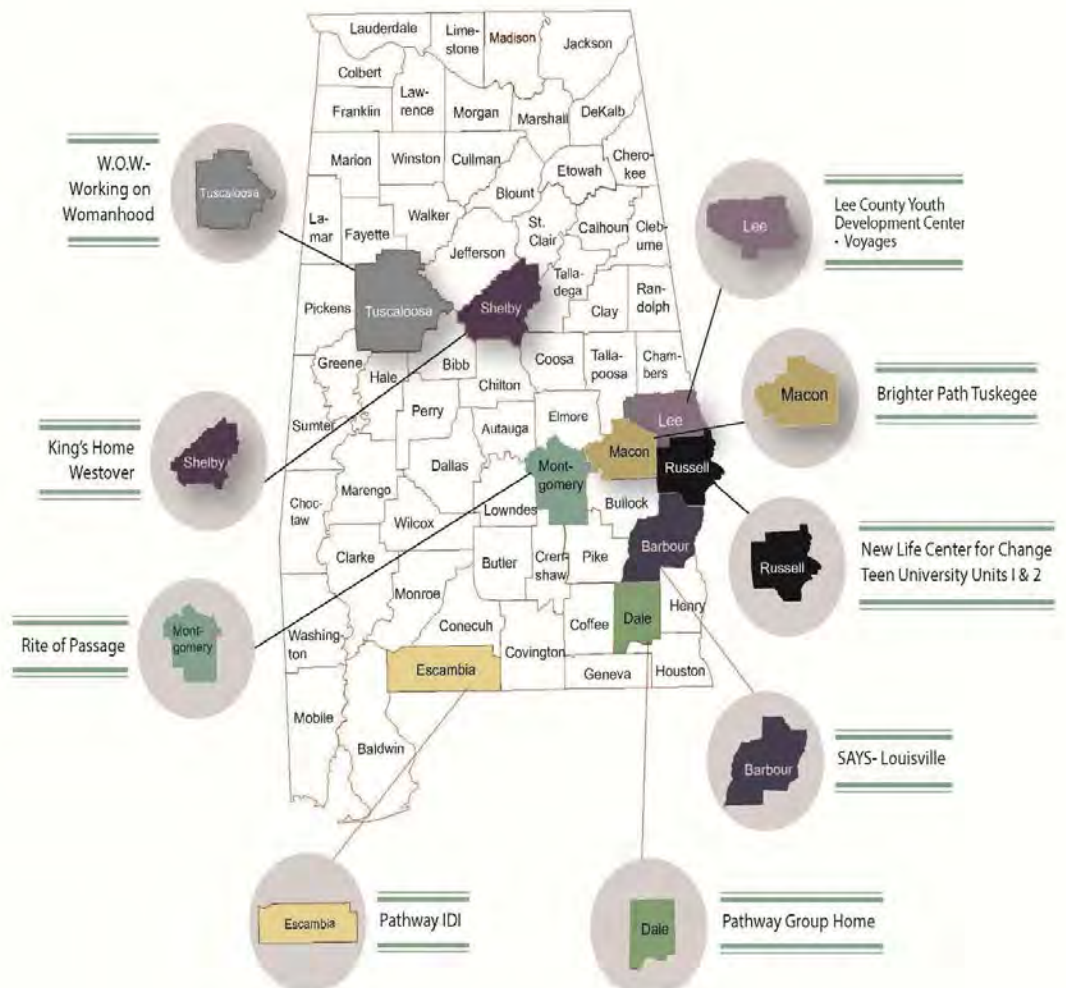

New Provider for Medium Risk Males

Due to the increase in male youth requiring a moderate secure placement, DYS announced an emergency Request for Proposal in May of 2022. Southeast Alabama Youth Services (SAYS), in Louisville, AL was among three proposers who submitted requests to operate a 16 bed male facility. SAYS was awarded the contract and operations began in October of 2022. DYS welcomes Executive Director Tabitha Brannon and her staff to residential programming.

Contracted Residential Providers

DYS Funded Diversion Program

DYS has been funding community programs to divert youth from state custody for over 20 years. **In FY22', the DYS Diversion Program served 2,894 youth.** The number of these programs have expanded over the last decade and now cover the entire state of Alabama. By partnering with community providers, the DYS Diversion Grant Program serves thousands of court-involved youth and their families.

- **Seventy-two percent (72%) of the Diversion Programs are community-based intervention programs** that provide services either in the home or a community setting and guide clients on coping skills, improving relationships, becoming a contributing member of society, and assisting with other therapeutic goals that the client and family identify.
- **Thirteen percent (13%) of the Diversion Programs are considered DAY programs**, which require the youth to attend Monday through Friday during their traditional school day hours. Youth are provided with additional supports and guidance to complete their educational goals in an environment that can address their other needs as well. These programs allow students to find academic success (and other successes) with a low student-to-teacher ratio.
- **Thirteen percent (13%) of the Diversion Programs funded by DYS are residential programs.** The programs have a small number of youth, are low security programs, and are located in the community. The program length of stay for youth can range from one month to six months and is based on client need and progress in treatment.

Serving Youth with Multi-Agency Involvement

In conjunction with the Alabama Department of Human Resources and the Alabama Department of Mental Health, DYS funds six other programs where youth have involvement in two of the three funding agencies, with a large majority of those youth involved with the courts. These programs are considered **"Our Kids"** programs and the majority of these programs are also community-based intervention programs. This inter-agency collaboration has been active for over 20 years.

Celebrating Student Achievements

- L.B. Wallace School student D.B. placed 3rd in the University of Southern California Systems-Impacted Youth Writers Contest. This is the biggest recognition a student in our program has ever received. His poem "Poetry" will be published in a chat book by the USC Dornsife Prison Education Project, and he will also receive \$500 in prize money.
- McNeel School student B.M. received the BMN 2022-2023 Excellence Scholarship Award of \$500.00. The Black Rhinos of Alabama is the signature program of the Lifting as We Climb Foundation (LAWCF) and mentors students in public schools and juvenile justice settings in Jefferson County.
- L.B. Wallace students completed artwork that was selected to be hung at the Montgomery Museum of Fine Arts at Shakespeare Festival Park.
- Students from both L.B. Wallace and McNeel Schools participated in the Writing Our Stories Program. Student voices from the program debuted in anthologies that were published as a culmination of a thriving juvenile justice and literary arts partnership. This year's celebrations included two published anthologies from the students of L.B. Wallace School and the McNeel School and one chapbook from the students of the L.B. Wallace Schools. The chapbook is entitled "Splashes of Light and Dark," and the anthologies "Invisible Kingdom" and "Open the Door 24".

Staff Recruitment

The recruitment and retention of staff has been a priority for DYS since Covid-19. Throughout FY22', DYS participated in multiple career fairs to recruit for direct-care staff. Some of these career fairs include the Annual Job Fair hosted by Congresswoman Sewell at the Bessemer Civic Center, the Troy University Health and Social Sciences Career Fair, the Montgomery County District Attorney's 2nd Chance Job Fair, the Bullock County Job Fair, the Putting Alabama to Work Job Fair at the Birmingham Jefferson Civic Center, and the Auburn University at Montgomery Career Fair. DYS will continue to recruit staff and are appreciative of the current staff who volunteer to assist the agency in its efforts to increase the number of employees needed to work with our youth.

New Hires & Separations

All Staff

In FY22', DYS employed 394 full time employees (130 being Youth Services Aides) with an overall 57% turnover rate.

Youth Service Aides

For Youth Services Aides, DYS had a 54% turnover rate with 65 new hires and 75 separations.

DYS Hosts On-Site Hiring Events

In FY22', DYS hosted on-site pre-orientation hiring events to recruit for Youth Services Aide positions. Potential employees were able to receive a tour of the Mt. Meigs and Vacca Campuses and receive an overview of the job opportunities available through DYS.

Staff Recognition

During the 1st week of May, the DYS campuses and the Central Office hosted a variety of events to celebrate all of the DYS employees who are vital to the agency and are the cornerstone of our operation. DYS is thankful for all of the hard work our employees do each and every day. DYS strives to make a difference in the lives of the youth we serve, and it is through the dedication and determination of the DYS staff that this is made possible.

Autauga Campus

At the Autauga Campus, staff received special treats throughout the week which included ice cream on Monday, tacos on Thursday, and goody bags on Friday. On Wednesday, May 4th, staff participated in the Autauga Staff Appreciation Ceremony and luncheon. Staff received pins of service and awards from the youth.

Mt. Meigs Campus

The Mt. Meigs Campus provided treats and held a BBQ cookout and kickball game for staff. On Tuesday, May 3rd, staff participated in the Mt. Meigs Staff Appreciation Ceremony where the youth from the IN2WORK program cooked and served breakfast for the staff. Staff also received service pins and certificates.

Vacca Campus

At the Vacca Campus, staff had a treats and sweets dessert bar on Monday, a staff breakfast for 3rd shift on Wednesday, and goody bags on Friday. On Thursday, May 5th, staff participated in a Vacca Choice Awards Ceremony where staff received service pins and special awards voted on by the youth. The Vacca Youth Executive League also assisted with the ceremony.

Central Office

On Friday, May 6th, Central Office staff participated in a service pin ceremony followed by a BBQ luncheon. Staff received service pins for 5, 10, 15, 20, 25 and 30 years of service.

Staff Retention Initiatives

- Beginning in 2022, DYS offered a quarterly retention incentive bonus to direct care staff classifications. This bonus was offered to these classifications to improve agency culture, employee engagement, and employee retention within the direct care classifications. DYS offered bonuses to twenty-five direct care staff per quarter. The bonuses allowed staff and individuals working on DYS campuses to nominate staff members in specific classifications as recipients of the bonus. Staff nominated must have performed an act or actions that positively impact youth in DYS custody or significantly impact departmental operations or another act such as going above and beyond by being a team player or volunteering.
- DYS transitioned to a 10-hour work schedule for campus staff in July 2022 as part of an effort to address employees' expressed concerns, provide opportunities to have additional weekends off, and to increase the work-life balance for direct care staff.
- The DYS Institutional Services Division implemented a new DYS Juvenile Response Team (JRT). The JRT is a group of individuals who are representative of the facilities and who provide specialized training, respond to crisis situations to assist in mass disturbances, special unannounced searches, and specific tasks as assigned. The Team is led by a JRT Coordinator.
- Starting salary was raised 2-steps in FY22' to help recruit and retain direct care workers.

Programmatic Oversight

Community Service Monitoring

The Community Services staff monitor and provide technical assistance to private provider contractors (PPC) and diversion grant programs across the State. Each PPC receives a minimum of 3 visits per month from their assigned Service Monitor. In addition, the Community Services Division provides reviews and audits for PREA, Federal Programs, Diversion Monitors, Education Advocates, and Licensing & Standards. These visits create a system of multiple reviewers who are able to observe facilities for program compliance and the welfare of youth in DYS custody. Total number of oversight & monitoring visits for FY22' is provided below.

Grievance "Warm Line" Established for Diversion Residential Programs

The DYS Community Service Grievance Line was developed to expand youth advocacy involvement to include juveniles not in DYS custody and reside in facilities licensed by DYS. The "warm-line" provides residents and their advocates, who feel their concerns have not been adequately addressed through the internal grievance process at non-custodial facilities, an avenue to communicate with DYS any action, incident, living condition, dispute, or application of any policy they believe to be a violation of DYS standards or policy.

The DYS Grievance Line is available Monday through Friday. Calls will be answered within 24 hours of receipt, except weekends and holidays, in which case the calls will be answered within 72 hours. The full time Licensing and Standards staff rotate the responsibility of monitoring the Grievance Line. All follow-up will be conducted by Licensing Representatives assigned to audit the facility by district.

Advocacy Unit

The Advocacy Unit is responsible for responding to, reporting, and following up on verbal and written complaints or grievances from youth in DYS custody.

- **In FY22', the Advocacy Unit made 480 visits to the DYS facilities and contracted community providers.**

The DYS grievance process is a problem solving process for youth to grieve an action, incident, living condition, dispute, or application of any departmental policy or practice which they believe to be unjust. The DYS Advocates respond to the grievances by working directly with the youth in order to resolve any issues or concerns the youth may have while in DYS custody.

The ultimate goal of the advocacy process is to resolve grievances within a reasonable amount of time in a way that addresses issues or concerns of the youth fairly.

Quality Assurance

The Office of Quality Assurance is responsible for the implementation and oversight of the agency's quality control measures to increase accountability, accurate data reporting, and transparency. The overall goal for the office is to ensure agency goals are met and that all programs consistently provide effective services that help our youth achieve meaningful outcomes. The Office of Quality Assurance oversees the implementation of facility improvement planning, PbS data collection, and incident reporting.

- The Office of Quality Assurance utilizes the **DYS Incident Reporting Information System** to collect, analyze, and report performance outcomes for the Mt. Meigs, Vacca, and Autauga Campuses.
- The Office of Quality Assurance utilizes the **Performance-based Standards (PbS) data** dashboard and web-based portal to collect and report performance-based outcomes in October and April each year. This reporting is additional information used in conjunction with the monthly Incident Report Summaries provided to the campuses.

In FY22', DYS collected the following information to be utilized in reporting and analyzing performance-based outcome measures:

259 Staff Climate Surveys

210 Youth Climate Surveys

153 Youth Reentry Surveys

127 Youth Record Reviews
