OUR KIDS GRANT CONTRACTS

Our Kids Funding is a joint venture between the three partner agencies above to provide services for children who do not clearly fall under the umbrella of any of the single agencies criteria on their own. Clients referred to these programs must have involvement with two of the three partner agencies within the last calendar year.

DHR involvement is defined as investigations, open cases for family preservation, foster care, or other similar services. It does not include food stamp assistance.

DMH involvement is defined as a client who has been assessed by the local mental health department at a minimum. Private or other mental health services do not qualify.

DYS involvement is defined as any client with a juvenile probation officer.
