PROGRAM INFORMATION

The Voyages program offers structure, treatment, awareness, redirection, and support, which is where the facility gets its name, STARS. The Voyages program treatment plan is based upon Cognitive Behavior Therapy (CBT). The overall goal of the Voyages program is for each youth referred to develop a level of responsibility. This includes educational, decision-making, social-building, and intervention planning during their referral period. The interdisciplinary teams involved in the youth's treatment plan consist of the referring workers, family members, teachers, residential specialists, social workers, and counselors.
