Facility AUDIT FINDINGS

Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of

Standards met, and the number and list of Standards not met. Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.	
Number of standards exceeded:	
1	• 115.311 - Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
Number of standards met:	
42	
Number of standards not met:	
0

On-site Audit Dates

1. Start date of the onsite portion of the audit:	2026-05-28
2. End date of the onsite portion of the audit:	2026-05-29

Outreach

10. Did you attempt to communicate with community-based organization(s) or victim advocates who provide services to this facility and/or who may have insight into relevant conditions in the facility?	(●) Yes ( ) No
a. Identify the community-based organization(s) or victim advocates with whom you communicated:	Local Child Advocacy Center DYS Advocates Just Detention

AUDITED FACILITY INFORMATION

14. Designated facility capacity:	16
15. Average daily population for the past 12 months:	11
16. Number of inmate/resident/detainee housing units:	1
17. Does the facility ever hold youthful inmates or youthful/juvenile detainees?	( ) Yes ( ) No (●) Not Applicable for the facility type audited (i.e., Community Confinement Facility or Juvenile Facility)

Audited Facility Population Characteristics on Day One of the Onsite Portion of the Audit	
Inmates/Residents/Detainees Population Characteristics on Day One of the Onsite Portion of the Audit	
23. Enter the total number of inmates/ residents/detainees in the facility as of the first day of onsite portion of the audit:	13
25. Enter the total number of inmates/ residents/detainees with a physical disability in the facility as of the first day of the onsite portion of the audit:	0
26. Enter the total number of inmates/ residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) in the facility as of the first day of the onsite portion of the audit:	2
27. Enter the total number of inmates/ residents/detainees who are Blind or have low vision (visually impaired) in the facility as of the first day of the onsite portion of the audit:	0
28. Enter the total number of inmates/ residents/detainees who are Deaf or hard-of-hearing in the facility as of the first day of the onsite portion of the audit:	0
29. Enter the total number of inmates/ residents/detainees who are Limited English Proficient (LEP) in the facility as of the first day of the onsite portion of the audit:	0
30. Enter the total number of inmates/ residents/detainees who identify as lesbian, gay, or bisexual in the facility as of the first day of the onsite portion of the audit:	0

31. Enter the total number of inmates/ residents/detainees who identify as transgender or intersex in the facility as of the first day of the onsite portion of the audit:	0
32. Enter the total number of inmates/ residents/detainees who reported sexual abuse in the facility as of the first day of the onsite portion of the audit:	0
33. Enter the total number of inmates/ residents/detainees who disclosed prior sexual victimization during risk screening in the facility as of the first day of the onsite portion of the audit:	1
34. Enter the total number of inmates/ residents/detainees who were ever placed in segregated housing/isolation for risk of sexual victimization in the facility as of the first day of the onsite portion of the audit:	0
35. Provide any additional comments regarding the population characteristics of inmates/residents/detainees in the facility as of the first day of the onsite portion of the audit (e.g., groups not tracked, issues with identifying certain populations):	As of the first day of the onsite audit, the facility's inmate/resident population remained stable with no significant shifts in demographic characteristics. All required population categories were tracked accurately, and no issues were identified regarding the facility's ability to classify or identify specific groups. The facility reported no untracked populations or gaps in demographic data that would impact assessment, screening, or service provision.
Staff, Volunteers, and Contractors Population Characteristics on Day One of the Onsite Portion of the Audit	
36. Enter the total number of STAFF, including both full- and part-time staff, employed by the facility as of the first day of the onsite portion of the audit:	18

37. Enter the total number of VOLUNTEERS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	0
38. Enter the total number of CONTRACTORS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	4
39. Provide any additional comments regarding the population characteristics of staff, volunteers, and contractors who were in the facility as of the first day of the onsite portion of the audit:	The facility had a diversity in terms of age, gender, ethnicity and background of staff, volunteers and contractors. While the facility had a high turnover rate, there was a range of experience and expertise among staff. The facility employed a versatile staff force that had notable qualification and specialized skills to contribute to the overall facility operations.

INTERVIEWS

Inmate/Resident/Detainee Interviews

Random Inmate/Resident/Detainee Interviews

40. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	7
41. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	☑ Age ☑ Race ☐ Ethnicity (e.g., Hispanic, Non-Hispanic) ☑ Length of time in the facility ☑ Housing assignment ☐ Gender ☐ Other ☐ None

42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	On the first day of the onsite portion of the audit, the auditor was provided with a comprehensive list of all residents in the facility. The facility houses all male residents. The facility was able to utilize data from the risk assessment to identity any targeted populations.
43. Were you able to conduct the minimum number of random inmate/ resident/detainee interviews?	(●) Yes ( ) No
44. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	Random inmate/resident selections for interviews were conducted without barriers, and the sample reflected a representative cross-section of the facility population. The auditor oversampled certain groups to ensure adequate representation of younger residents, and individuals with limited program participation. No significant obstacles were encountered in completing interviews, and all requested individuals were made available, allowing for a comprehensive and balanced assessment.
Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	3

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/ resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/ residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

47. Enter the total number of interviews conducted with inmates/residents/ detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/ detainees in this category:	■ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/ residents/detainees).	There were no identified targeted residents.
48. Enter the total number of interviews conducted with inmates/residents/ detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	2
49. Enter the total number of interviews conducted with inmates/residents/ detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/ detainees in this category:	■ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/ residents/detainees).	There were no identified targeted residents.
50. Enter the total number of interviews conducted with inmates/residents/ detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/ detainees in this category:	■ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/ residents/detainees).	Not applicable.
54. Enter the total number of interviews conducted with inmates/residents/ detainees who reported sexual abuse in this facility using the "Inmates who Reported a Sexual Abuse" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/ detainees in this category:	■ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/ residents/detainees).	There were no identified targeted residents.
55. Enter the total number of interviews conducted with inmates/residents/ detainees who disclosed prior sexual victimization during risk screening using the "Inmates who Disclosed Sexual Victimization during Risk Screening" protocol:	1

56. Enter the total number of interviews conducted with inmates/residents/ detainees who are or were ever placed in segregated housing/isolation for risk of sexual victimization using the "Inmates Placed in Segregated Housing (for Risk of Sexual Victimization/Who Allege to have Suffered Sexual Abuse)" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/ detainees in this category:	■ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/ residents/detainees).	There were no identified targeted residents.

57. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):	As an auditor, my corroboration strategies to determine if the specific population exists within the audited facility include multiple layers of verification: Information from the PREA Audit Questionnaire (PAQ): I analyze data provided in the PAQ, which includes demographic information, incident reports, and other relevant statistics about the resident population. Onsite Documentation Review: During the onsite visit, I review various documentation, such as intake forms, resident rosters, medical records, incident reports, and any other relevant documents that can provide insight into the demographics and specific populations within the facility. Interviews and Discussions: I conduct interviews and hold discussions with a range of individuals, including staff, inmates/ residents, and detainees. These conversations provide firsthand accounts and personal insights that complement the data collected from the PAQ and documentation. Staff members often have valuable insights about the population's dynamics and any specific needs or issues that might not be captured in written records. Observation: While onsite, I observe the facility’s operations, resident interactions, and living conditions. This helps corroborate the information obtained from documents and interviews and provides a more holistic understanding of the facility’s environment. By combining these methods, I ensure that the identification and understanding of the population within the facility are accurate and comprehensive. This multi-faceted approach allows me to cross-reference data from various sources, thus increasing the reliability and validity of the findings.
Staff, Volunteer, and Contractor Interviews	
Random Staff Interviews	
58. Enter the total number of RANDOM STAFF who were interviewed:	9

59. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)	☑ Length of tenure in the facility ☑ Shift assignment ☑ Work assignment ☑ Rank (or equivalent) ☐ Other (e.g., gender, race, ethnicity, languages spoken) ☐ None
60. Were you able to conduct the minimum number of RANDOM STAFF interviews?	○ Yes ◉ No
a. Select the reason(s) why you were unable to conduct the minimum number of RANDOM STAFF interviews: (select all that apply)	☐ Too many staff declined to participate in interviews. ☑ Not enough staff employed by the facility to meet the minimum number of random staff interviews (Note: select this option if there were not enough staff employed by the facility or not enough staff employed by the facility to interview for both random and specialized staff roles). ☐ Not enough staff available in the facility during the onsite portion of the audit to meet the minimum number of random staff interviews. ☐ Other
61. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	On the first day of the onsite portion of the audit, the auditor was provided with a comprehensive list of all staff by title and shift.

Specialized Staff, Volunteers, and Contractor Interviews	
Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.	
62. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):	19
63. Were you able to interview the Agency Head?	(●) Yes ( ) No
64. Were you able to interview the Warden/Facility Director/Superintendent or their designee?	(●) Yes ( ) No
65. Were you able to interview the PREA Coordinator?	(●) Yes ( ) No
66. Were you able to interview the PREA Compliance Manager?	(●) Yes ( ) No ( ) NA (NA if the agency is a single facility agency or is otherwise not required to have a PREA Compliance Manager per the Standards)

67. Select which SPECIALIZED STAFF roles were interviewed as part of this audit from the list below: (select all that apply)	☐ Agency contract administrator ☒ Intermediate or higher-level facility staff responsible for conducting and documenting unannounced rounds to identify and deter staff sexual abuse and sexual harassment ☐ Line staff who supervise youthful inmates (if applicable) ☐ Education and program staff who work with youthful inmates (if applicable) ☒ Medical staff ☒ Mental health staff ☐ Non-medical staff involved in cross-gender strip or visual searches ☒ Administrative (human resources) staff ☐ Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) staff ☒ Investigative staff responsible for conducting administrative investigations ☐ Investigative staff responsible for conducting criminal investigations ☒ Staff who perform screening for risk of victimization and abusiveness ☒ Staff who supervise inmates in segregated housing/residents in isolation ☒ Staff on the sexual abuse incident review team ☒ Designated staff member charged with monitoring retaliation ☒ First responders, both security and non-security staff ☒ Intake staff

	☐ Other
68. Did you interview VOLUNTEERS who may have contact with inmates/ residents/detainees in this facility?	○ Yes ◉ No
69. Did you interview CONTRACTORS who may have contact with inmates/ residents/detainees in this facility?	◉ Yes ○ No
a. Enter the total number of CONTRACTORS who were interviewed:	1
b. Select which specialized CONTRACTOR role(s) were interviewed as part of this audit from the list below: (select all that apply)	☐ Security/detention ☐ Education/programming ☒ Medical/dental ☐ Food service ☐ Maintenance/construction ☐ Other
70. Provide any additional comments regarding selecting or interviewing specialized staff.	Interviews with random staff were conducted across various shifts, housing units, and job classifications to ensure broad representation. Staff were selected from rosters using a random sampling method, with an emphasis on including a mix of security staff, medical personnel, education and program staff, and support services.

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

71. Did you have access to all areas of the facility?	(●) Yes ( ) No
Was the site review an active, inquiring process that included the following:	
72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?	(●) Yes ( ) No
73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	(●) Yes ( ) No
74. Informal conversations with inmates/ residents/detainees during the site review (encouraged, not required)?	(●) Yes ( ) No
75. Informal conversations with staff during the site review (encouraged, not required)?	(●) Yes ( ) No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).	During the site review, comprehensive access was granted to all areas of the facility, allowing for a thorough examination of the environment and operations. Key observations included the following: Facility Access: Unrestricted access to various sections of the facility was provided, facilitating a detailed assessment of living conditions, security measures, and common areas. Operational Observations: Several critical functions were tested and observed, including emergency response protocols, security checks, and daily operational routines. These tests demonstrated the facility's preparedness and adherence to established standards. Interactions and Informal Conversations: Informal conversations with staff, residents, and detainees provided additional insights into the daily operations and the overall atmosphere of the facility. These interactions were valuable in corroborating data obtained from documentation and formal interviews. General Observations: The site review highlighted both strengths and areas for improvement within the facility. Observations on cleanliness, maintenance, and the behavior of staff and residents contributed to a comprehensive understanding of the facility's current state.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?	(●) Yes ( ) No

78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).	During the audit process, I took several steps to ensure that the documentation reviewed was thorough and representative of the facility's operations: Oversampling Documentation: In certain instances, I oversampled documentation to gain a deeper understanding of specific areas. For example, I reviewed an increased number of training records and unannounced rounds to identify any recurring patterns or issues that might not be evident from a smaller sample size. Barriers to Selecting Additional Documentation: While the facility provided comprehensive access to most documents, there were some challenges encountered: Time Constraints: The limited time available for the audit sometimes posed a challenge in reviewing all the desired documentation in detail. Document Availability: In a few cases, some documents were not immediately available, however provided by the final audit report. Mitigation Strategies: To address these barriers, I implemented several strategies: Prioritization: I prioritized reviewing documents that were most critical to the audit's objectives and sought summaries or overviews where full documents were not accessible. Supplementary Interviews: When documentation was not fully available, I supplemented the review with additional interviews and discussions with staff and residents to fill in the gaps. Request for Additional Information: I requested additional information or clarifications as needed to ensure that the audit findings were accurate and comprehensive. These steps were taken to ensure a thorough and balanced review of the facility’s documentation, ultimately contributing to a more accurate assessment.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	1	0	1	0
Total	1	0	1	0

80. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

81. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

82. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	1	0
Total	0	0	1	0

Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

83. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual harassment	0	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0	0
Total	0	0	0	0	0

84. Administrative SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Auditor Overall Determination Definitions
• Exceeds Standard (Substantially exceeds requirement of standard) • Meets Standard (substantial compliance; complies in all material ways with the stand for the relevant review period) • Does Not Meet Standard (requires corrective actions)
Auditor Discussion Instructions
Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

115.311	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: (Policies, directives, forms, files, records, etc.) a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Organizational Chart 2. Interviews: a. PREA Coordinator b. PREA Compliance Manager Findings (By Provision):

	115.311 (a). An agency shall have a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment and outlining the agency's approach to preventing, detecting, and responding to such conduct. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: · As reported in the PAQ, the agency has a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment in facilities it operates directly or under contract. · Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual, “This manual provides guidelines and procedures to reduce the risk of sexual abuse and sexual harassment at all Pathway, Inc owned and operated facilities. It is also a written plan to coordinate actions taken in response to an incident of sexual abuse, among staff, residents, volunteers, contractors, and facility leadership. Pathway is committed to a zero-tolerance standard for sexual abuse and sexual harassment either by staff or by other residents” (p. 1). The policy provides a process for which the facility will implement the agency’s approach to preventing, detecting, and responding to sexual abuse and sexual harassment. · Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual, further defines sexual abuse: · Sexual Abuse: · Sexual abuse of a client/resident by a staff member, contractor, or volunteer when the victim does not consent and is coerced into such acts by overt or implied threats of violence or is unable to consent or refuse. These include any of the following actions: · Contact between the penis and the vulva or the penis and the anus, including penetration, however slight; · Contact between the mouth and the penis, vulva, or anus; · Contact between the mouth and any body part when the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire; · Penetration of the anal or genital opening, however slight, by a hand, finger, or object, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire; · Any intentional contact, either directly or through the clothing, with the genitalia, anus, groin, breast, inner thigh, or the buttocks, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire; · Any attempt, threat, or request by a staff member, contractor, or volunteer to

	engage in the activities described above in letters a through e; · Any display by a staff member, contractor, or volunteer of his or her uncovered genitalia, buttocks, or breast in the presence of a resident, and · Voyeurism by a staff member, contractor, or volunteer that involves an invasion of a resident's privacy by staff for reasons unrelated to official duties such as: · Peering at a resident who is using a toilet in the residence to perform bodily functions; · Requiring a client/resident to expose his buttocks, genitals, or breasts; or taking images of all or part of a client's/resident's naked body or of a client/resident performing bodily functions, regardless of what the staff member does with the images afterwards. · Sexual abuse of a client/resident by another client/resident includes any of the following acts, if the victim does not consent, is coerced into such act by overt or implied threats of violence, or is unable to consent or refuse: · Contact between the penis and the vulva or the penis and the anus, including penetration, however slight; · Contact between the mouth and the penis, vulva, or anus; · Penetration of the anal or genital opening of another person, however slight, by a hand, finger, object, or other instrument; and · Any other intentional touching, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or the buttocks of another person, excluding contact incidental to a physical altercation. · Sexual Abuse Advocate - An individual specifically trained to offer advocacy, support, crisis intervention, information, and referrals to a victim of sexual abuse. · Sexual Abuse Response Team (SART) - A team of staff which may include Pathway's Program Director, Therapists, Senior Shift Leader Supervisors, and auxiliary staff. The team is managed by the Program Director. The purpose of the team is to ensure a holistic approach to investigations and support for victims. · Sexual Abuse Forensic Examination - A process performed by a sexual abuse nurse examiner (SANE) during which the medical forensic history and evidence is obtained from the client. The SANE must offer the resident information on sexually transmitted infections, and other non-acute medical concerns. · Sexual Coercion - Compelling or inducing another person to engage in sexual abuse by deceit, threats, force, or intimidation for personal favors. · Sexual Harassment -

	· Client/Resident to Client/Resident sexual harassment includes repeated and unwelcome sexual advances, requests for sexual favors, or verbal comments, gestures, or actions of a derogatory or offensive sexual nature by one client/resident or clients/residents directed towards another. · Staff to Client/Resident sexual harassment includes repeated verbal comments or gestures of a sexual nature to a client/resident or clients/residents by a staff member, contractor, or volunteer, including demeaning references to gender, sexually suggestive or derogatory comments about body or clothing, or obscene language or gestures. · Staff Sexual Misconduct - The following acts when performed by agency staff, contractors, or volunteers when directed at a client/resident for the purpose of gratifying the sexual desire(s) of any person, encouraging a client/resident to engage in staff sexual misconduct, or that have sexual undertones: Making any of the following: Comments about a client's/resident's body, looks, or conduct intended to arouse or gratify the sexual desire of any person, or to abuse, humiliate, harass, or degrade any person. · Sexually oriented statements or gestures in the presence of a client/resident; or · Demeaning statements based on gender or sexual orientation in the presence of a client/resident. · Giving or accepting personal letters, pictures, phone calls, or contact information with a client/resident, or his/her family, without express authorization of the parent or legal guardian. · Engaging in discussions about personal information with a client/resident, or his/her family, or to encourage a client/resident to engage in communication or conduct with a staff person that would constitute staff sexual misconduct. · Dealing, offering, receiving, or giving favors or attention to a client/resident for purposes of grooming, bribing, or otherwise seeking to engage a client/resident in activities prohibited by policy. · Discussing or preventing clients/residents, staff, contract workers, and/or volunteers from: · Making good faith reports of staff sexual misconduct; or · Providing, in good faith, information regarding sexual misconduct where a client/resident is the alleged victim, including such examples as, making threats, bribes, or acts of coercion toward a resident, staff, contract worker, or volunteer. This does not include short-term temporary delays in reporting necessary to ensure safety/security in the facility or instances where the staff, contract worker, or

	volunteer would not reasonably have known under the circumstances that he/she was in violation of this policy. · Attempting to perform acts prohibited by this policy. · Aiding or abetting another person to perform acts prohibited by this policy, including intentionally failing to report knowledge of another staff, contract worker, or volunteer engaging in staff sexual misconduct or other acts prohibited by this policy (pp 2-5). · Furthermore, the policy includes sanctions for those found to have participated in prohibited behaviors: · DISCIPLINE: It is the policy of Pathway that all staff will be subject to disciplinary sanctions up to and including termination for violating the sexual harassment and sexual abuse policies. · Staff that have engaged in sexual abuse, sexual coercion, or sexual harassment will be terminated from Pathway. · Disciplinary sanctions for violating the sexual abuse or sexual harassment policy but not for actually engaging in sexual abuse will be based on the following: · The nature and circumstances of the acts committed. · The staff member's disciplinary history. · The sanctions imposed for similar offenses by other staff with similar histories. · All staff, contractor, and volunteer terminations or resignations resulting from criminal sexual abuse will be referred to law enforcement. · All contractors and volunteers who violate Pathway's sexual abuse and/or sexual harassment policies will be prohibited from further contact with clients/ residents. Where applicable, law enforcement and licensing agencies will be notified. Pathway will take appropriate remedial measures and consider whether to prohibit further contact with clients/residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer. · Clients/residents will be subject to disciplinary sanctions through a formal disciplinary process following; · An administrative finding that the client/resident engaged in client/resident - on - client/resident sexual abuse or sexual harassment. · Following a criminal finding of guilt for client/resident - on - client/resident sexual abuse or sexual harassment. · Sexual abuse/assault/harassment/coercion are serious misconduct violations for clients/residents in Pathway's program. Any form of such sexual behavior will result in termination from the program.

	· In the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, Pathway will follow the protocol for isolation (see Section IV, number 13). · Pathway offers therapy, counseling and other interventions designed to address and correct the underlying reasons or motivations for abuse; in the event the alleged abuser remains in the program. Pathway will consider whether to require the offending client/resident to participate in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives. Access to general programming or education is not conditional on participation in such interventions. · A client/resident's report of sexual abuse made in good faith and based on reasonable belief will not be disciplined for falsely reporting an incident, even if the investigation does not establish evidence sufficient to substantiate the allegation. · Pathway will discipline a client/resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact. · Pathway prohibits all sexual activity between clients/residents. As such, Pathway will discipline residents for such activity. Pathway deems such activity to constitute sexual abuse only if it determines that the activity is coerced. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.311 (b). An agency shall employ or designate an upper-level, agency-wide PREA coordinator with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility employs an upper level, agency wide PREA coordinator, Kimberly Fail. According to the agency organizational chart, the agency PREA coordinator reports to the Chief Executive Officer. It was further reported that the PREA Coordinator has sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities. The agency/facility has PREA policies which ensure the sexual safety of facility residents and staff. The policy includes zero-tolerance philosophy from the agency central office through the front-line staff in its facilities. The agency/facility PREA coordinator has direct access to the head of the agency and regular communication with the senior leadership team.

	Agency Organization Chart: the agency organization chart demonstrates that the PREA coordinator is an upper-level staff member. Interviews: PREA Coordinator: The staff interviewed reported that they have time to manage their PREA-related responsibilities. I am able to prioritize all PREA incident reviews to ensure that the PREA Compliance Managers followed our PREA policies and procedures, clients' needs were adequately met, and appropriate consequences were enforced for any offenders. There are four Compliance Managers within Pathway, Inc, one of which works onsite in Baldwin, and I interact with her often (and directly supervise her). The other three I interact with a minimum of monthly during integrity review committee meetings. They all have my cell number and are able to reach me with any concerns relating to PREA policies, procedures, practices, or incidents. If issues are identified, I would address the issue with the Compliance Managers directly and ensure an immediate correction is enforced. If disciplinary action is warranted, I would carry this out as well. I do ensure all Compliance Managers have adequate knowledge of the PREA standards and Pathway Policies to carry out their duties. If this non-compliance occurred at another campus, I would work in person at that site to ensure corrective action is implemented. 115.311 (c): Where an agency operates more than one facility, each facility shall designate a PREA compliance manager with sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards. Compliance Determination: According to the PAQ, the facility designated PREA compliance manager. The Director of Programs at each campus serves as the PREA Compliance Manager. It was further reported that the PREA Compliance Manager has sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards. The position of the PREA Compliance Manager in the agency's organizational structure: Executive Director. The person to whom the PREA Compliance Manager reports: Chief Operations Officer. Organizational Chart: the agency organization chart demonstrates that the PREA compliance manager is a facility staff. Interviews: PREA Compliance Manager: The staff interviewed reported that they have enough time to manage all of the PREA-related responsibilities. The PREA standards are coordinated by continued training, review monitoring logs to ensure unannounced rounds are conducted, and address any deficiencies. If there are any identified barriers a corrective action plan would be implemented. Identifies compliance deficiencies, collaborates with the PREA Coordinator on corrective actions, and implements improvements.

	Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard. The audited facility significantly surpasses the requirements of PREA Standard 115.311. It demonstrates a robust and unwavering commitment to maintaining a zero-tolerance policy for sexual abuse and sexual harassment. The facility has implemented comprehensive policies and procedures that go above and beyond the minimum standards. These include: Extensive Training Programs: Staff receive in-depth, ongoing training that covers all aspects of PREA compliance, including advanced techniques for recognizing and responding to signs of sexual abuse and harassment.Proactive Prevention Measures: The facility has instituted proactive measures that prevent incidents before they occur, including detailed risk assessments, frequent inspections, and rigorous screening processes. Strong Support Systems: There are well-established support systems for residents, which include immediate access to confidential reporting mechanisms, comprehensive counseling services, and dedicated victim support staff. Thorough Policies: The facility has a thorough and comprehensive policy that addresses all requirements of the standards and provisions. Culture of Accountability: A culture of accountability is fostered at all levels, with clear consequences for any violations. This culture is reinforced by regular audits, transparent reporting, and a commitment to continuous improvement. These efforts collectively create an environment where the safety and dignity of residents are prioritized, and any form of sexual abuse or harassment is unequivocally condemned and addressed.

115.312	**Contracting with other entities for the confinement of residents**
	Auditor Overall Determination: Meets Standard

	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: (Policies, directives, forms, files, records, etc.): a. Pre-Audit Questionnaire (PAQ) Findings (By Provision): 115.312 (a). A public agency that contracts for the confinement of its residents with private agencies or other entities, including other government agencies, shall include in any new contract or contract renewal the entity's obligation to adopt and comply with the PREA standards. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The Pre-Audit Questionnaire (PAQ) indicated that the agency has not entered into or renewed contracts for the confinement of residents on or after August 20, 2012, or since the last PREA audit. However, after further review it is determined that the site is the contracted site for the Alabama Department of Youth Services. The site does not have a subcontract for the confinement of residents. Corrective Action: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.312 (b). Any new contract or contract renewal shall provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards. Compliance Determinations: The facility has demonstrated substantial compliance with this provision of the standard because: The Pre-Audit Questionnaire (PAQ) indicated that the agency has entered into or renewed contracts for the confinement of residents on or after August 20, 2012, or since the last PREA audit. However, after further review it is determined that the site is the contracted site for the Alabama Department of Youth Services. The site does not have a subcontract for the confinement of residents. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined

	that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.313	**Supervision and monitoring**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: (Policies, directives, forms, files, records, etc.): a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual Staffing c. Supervisor monitoring log (12 months) d. Staffing Plan (signed January 2026/2025) 2. Interviews: a. Superintendent (Facility Director) b. PREA Coordinator c. PREA Compliance Manager d. Intermediate or higher-level staff (2) 3. Site Review Findings (By Provision): 115.313 (a). The agency shall comply with the staffing plan except during limited and discrete exigent circumstances and shall fully document deviations from the plan during such circumstances. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their responses to the Pre-Audit Questionnaire that the agency ensures that each facility it operates develops, implements, and documents a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect residents against sexual abuse. Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of residents: 10. Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of residents on which the staffing plan was predicated: 16. Documented annual staffing plan provides a staffing plan that provides for adequate levels of staffing (2025/2026 Annual Staffing Plan). The facility has cameras to supplement supervision of residents. They are in and out of the facility to help eliminate blind spots and to assist in monitoring residents. Site Review Staffing Patterns and Shifts: The auditor observed staffing patterns during all shifts. The facility operates on two shifts across two buildings: one school and one main building. The site houses, programs, and provides educational services onsite. There are four rooms that can house up to four residents. Day Shift: During the day, the auditor observed appropriate staffing levels in the housing units, with a minimum of two staff members present at all times, supplemented by a rover. A mental health professional was also available during the day, with an office located within the resident dwelling. All staff members are trained uniformly and serve as direct care staff. Programming occurs within the main building (day room). The auditor observed youth participating in group with staff and the DYS advocate. In the recreation yard, there was at least one staff member for every seven residents in one dorm and one staff member for every seven residents in the other dorm, along with two rovers present at all times during day shifts. School was out of session for a summer break therefore there were no residents in the school. Evening Shift: During the evening shift, residents were supervised by two staff members and one rover per dorm. Direct supervision and line-of-sight monitoring were maintained in each housing area. Security Measures: The auditor observed multiple cameras in the housing units and education areas. Cameras were strategically placed to cover all potential blind spots, including entrances, exits, and hallways near bathrooms. Residents occupy sleeping spaces without doors, ensuring continuous visibility. The rooms are designed with four rooms occupying four beds, facilitating constant monitoring by staff. The facility layout and camera system also allow leadership to remotely monitor the site. Some units have full walls between rooms, and some

	have partial walls. Audit Observations and Resident Feedback: No staffing concerns were identified during the onsite audit. The auditor engaged in informal conversations with on-site staff, who confirmed maintaining a 1:8 staff-to-resident ratio. Residents reported feeling safe, consistently supervised, and never left unsupervised. Interviews: Director/PREA Compliance Manager: When assessing adequate staffing levels and the need for video monitoring we maintain a 8:1 ratio at all times. Cameras are present in most areas, with the exception of bathroom and bedrooms. In those areas, procedures have been established to ensure safety. The following areas are assessed: o Generally accepted detention practices: Have not had any. o Judicial Findings: Have not had any. o Inadequacy from federal investigations: Have not had any. o Inadequacy from internal or external oversight bodies: Have not had any. o All components of the facility's physical plant (including "blind spots" or areas where staff or residents may be isolated); Any area not under video monitoring, only one resident is allowed to be in the bathroom unless a staff member is present to supervisor. Staff are trained to always be under video monitoring if alone with the client. o Composition of resident population: by contract, the group home is under a no object/reject clause, meaning all resident deemed appropriate by DYS must be accepted. However, communication is maintained between Pathway staff and DYS representatives whenever a client demonstrates concerning behavior. All residents are given a vulnerability assessment upon admission to determine potential vulnerabilities and assist in establishing staffing levels. o The number and placement of supervisory staff: there are never more than eight residents to one staff member. Staff members are trained to position themselves where they can monitor all residents under their supervision. Staffing levels are typically increased during the day when residents are most active. o Institution programs: direct care staff are present to ensure good supervision during school, creation time, and optional programming, such as church service. o Any applicable state or local laws, regulations, or standards: all are followed o The prevalence of substantiated and unsubstantiated incidents of sexual abuse: in the event of a substantiated sexual abuse incident, staffing levels would be increased. Additionally, the staffing plan considers staffing ratios, camera coverage, blind

	spots, resident population, supervision, applicable laws, and incident trends. Staffing and monitoring are adjusted when safety concerns arise. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.313 (b). The agency shall comply with the staffing plan except during limited and discrete exigent circumstances and shall fully document deviations from the plan during such circumstances. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: According to the PAQ the facility has not deviated from the staffing plan. The facility operates a staffing plan that meets the PREA ratio standards. The current staffing ratios for the facility is 2:8 through the waking hours and 1:8 during sleeping hours. Interviews: Director– There have been no situations that have hindered the facility from meeting the staffing pattern. If there are multiple calls in on a shift that have the potential to affect the staffing plan, Pathway has a procedure that requires administrative staff to come in to cover the shift to ensure compliance. Instances of noncompliance must be documented and explained. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.313 (c). Each secure juvenile facility shall maintain staff ratios of a minimum of 1:8 during resident waking hours and 1:16 during resident sleeping hours, except during limited and discrete exigent circumstances, which shall be fully documented. Only security staff shall be included in these ratios. Any facility that, as of the date of publication of this final rule, is not already obligated by law, regulation, or judicial consent decree to maintain the staffing ratios set forth in this paragraph shall have until October 1, 2017, to achieve compliance. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because:

	According to the PAQ, the facility exceeds staffing ratios by maintaining the staffing ratios of minimum 2:8 during resident waking hours and 1:8 during resident sleeping hours. As reported, the facility has not deviated from the staff ratios of 2:8 during waking hours and 1:8 during resident sleeping hours. The current 2:8 and 1:16 ratios exceed the staffing requirements. In the past 12 months, the number of times the facility deviated from the staffing ratios of 1:8 security staff during resident waking hours: 0. In the past 12 months, the number of times the facility deviated from the staffing ratios of 1:16 during resident sleeping hours: 0. Interviews: Director: The facility is required to meet DYS standards of 1:8 day and 1:10 night. Pathway has hired more than the required number of staff to meet the ratio. Staffing is regularly monitored. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.313 (d). Whenever necessary, but no less frequently than once each year, for each facility the agency operates, in consultation with the PREA coordinator required by § 115.311, the agency shall assess, determine, and document whether adjustments are needed to: (1) The staffing plan established pursuant to paragraph (a) of this section; (2) Prevailing staffing patterns; (3) The facility's deployment of video monitoring systems and other monitoring technologies; and (3) The resources the facility has available to commit to ensure adherence to the staffing plan. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, at least once a year the facility, in collaboration with the agency’s PREA coordinator; reviews the staffing plan to see whether adjustments are needed to: o The staffing plan; o Prevailing staffing patterns o The deployment of monitoring technology; or o The allocation of agency or facility resources to commit to the staffing plan to ensure compliance with the staffing plan. Annual Review of staffing plan (2026/2025). The staffing plan addresses all of the above-mentioned areas.

	Interviews: PREA Coordinator – The interviewed PREA Coordinator reported that we meet weekly at the Baldwin campus and Monthly with Pathway, Inc staff to ensure that the staffing plan is adequate. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.313 (e). Each secure facility shall implement a policy and practice of having intermediate-level or higher-level supervisors conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment. Such policy and practice shall be implemented for night shifts as well as day shifts. Each secure facility shall have a policy to prohibit staff from alerting other staff members that these supervisory rounds are occurring unless such announcement is related to the legitimate operational functions of the facility. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility has a policy and practice in place where intermediate or higher-level supervisors conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment. It was further reported that the unannounced rounds covered all shifts. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway supervisors conduct unannounced rounds during both day and night shift to ensure compliance with these policies and procedures. Staff shall not notify other staff members of the unannounced rounds. If these notifications are made, the staff member making the notification will receive disciplinary action, up to and including termination” (p. 6). Supervision Monitoring Logs: The supervision monitoring logs provided a 12-month process of staff monitoring visits. The logs documented monitoring during the day and evening hours. But lacked documentation in the middle of night hours. However, it should be noted that there are only two shifts, and the rounds covered all shifts. The auditor recommended rounds that also occur in the middle of the night. Interviews: Intermediate or Higher-Level Staff- Both intermediate or higher-level staff interviewed reported conducting unannounced rounds throughout the facility to identify and deter sexual abuse and sexual harassment. Staff stated that rounds are

	conducted during both daytime and nighttime hours and include visual supervision of residents, monitoring resident activity, reviewing camera systems, and ensuring staff are appropriately supervising housing areas. Staff further indicated that rounds are conducted randomly and routinely as part of daily supervisory responsibilities to promote resident safety and security. Both interviewees confirmed that unannounced rounds are documented utilizing a supervisor monitoring form or similar documentation process maintained by the facility. The staff interviewed reported that the facility prevents staff from alerting other employees about unannounced rounds by conducting the rounds randomly and without advance notice. Staff stated that supervisory presence throughout the facility is routine and does not signal when an official round is occurring. Additionally, rounds are conducted at varying times to ensure unpredictability and maintain the effectiveness of supervision and deterrence efforts. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual 2. Interviews:

a. Random sample of staff (9)

b. Random sample of residents (10)

Findings (By Provision):

115.315 (a). The facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances or when performed by medical practitioners.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, the facility does not conduct cross-gender strip or cross gender visual body cavity searches of residents. The facility reported that staff receive the following training: Guidance in Cross Gender and Transgender Pat Searches. In the past 12 months, the number of cross-gender strip or cross-gender visual body cavity searches of residents: 0. In the past 12 months, number of cross-gender strip or cross-gender visual body cavity searches of residents that did not involve exigent circumstances or were performed by non-medical staff: 0.

Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual, states that “Pathway will not conduct cross-gender strip searches or cross-gender visual body cavity searches, except when performed by medical practitioners. All cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches shall be well documented and justified” (p. 7).

The facility leadership reported that the site does not conduct any type of pat-down search.

Site Review:

PREA Site Review Summary: Search Practices Compliance Search Observations:

During the site review, the auditor did not observe any searches being conducted. While this limited the opportunity for direct observation of search procedures, the auditor relied on staff interviews and resident feedback to assess compliance with PREA standards. Additionally, staff demonstrated the search process.

Staff Practices:
Through informal conversations and staff interviews, it was consistently reported that cross-gender strip and pat-down searches are strictly prohibited. Staff clearly articulated their understanding of the policy and affirmed that they do not place hands on residents. Searches conducted during the intake process are carried out by staff of the same gender as the resident, in alignment with agency policy and PREA requirements. Staff clearly articulated and demonstrated the search

	procedure, showing how they start with the shoes and then go up to their hair. Resident Feedback: Residents interviewed during the site review consistently reported that they have never been subjected to a strip or pat-down search by female staff. They also stated that no staff member has ever conducted a strip search or pat-down search on them. This feedback aligns with staff statements and supports the conclusion that the facility is adhering to PREA search standards. Interviews non-medical staff involved in cross gender strip or visual searches – The interviewed staff reported that they do not conduct cross gender strip searches or visual body searches. Searches are typically done at intake or upon return from visits. Emergency searches could occur. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.315 (b). The agency shall not conduct cross-gender pat-down searches except in exigent circumstances. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ that it does not permit cross-gender pat-down searches of residents, absent exigent circumstances. In the past 12 months, the number of cross-gender pat-down searches of residents: 0. In the past 12 months, the number of cross-gender pat-down searches of residents did not involve exigent circumstance(s): 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway will not conduct cross-gender strip searches or cross-gender visual body cavity searches, except when performed by medical practitioners. All cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches shall be well documented and justified. Pathway does not authorize or permit pat searches on any client/resident. At no time will Pathway allow body visual cavity search to be conducted on a client/resident, except when performed by medical practitioners” (p. 7). The facility does not permit cross-gender part-down searches and has a policy against this practice. This facility is males only. Interviews: Random Sample of Staff: The interviewed staff reported all staff are restricted from

	conducting cross gender pat down searches. Random Sample of Residents: All of the interviewed random sample of residents reported that opposite gender staff have never performed a pat down search of their bodies. Corrective Actions: N/A. There are no corrective actions. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.315 (c). The facility shall document and justify all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their response to the PAQ that the facility policy requires that all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches be documented and justified. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches shall be well documented and justified” (p. 7). Corrective Actions: N/A. There are no corrective actions. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.315 (d). The facility shall implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering a resident housing unit. In facilities (such as group homes) that do not contain discrete housing units, staff of the opposite gender shall be required to announce their presence when entering an area where residents are likely to be showering, performing bodily functions, or changing clothing. Compliance Determination: The facility has demonstrated compliance with this provision of the standard

	because: As indicated in the PAQ, the facility has implemented policies and procedures that enable residents to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks, along with policies and procedures that advise staff. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway shall implement policies and procedures that enable clients/residents to shower, perform bodily functions, and change clothing without staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine room checks. All staff, regardless of gender, must announce their intention to enter a resident's room/bathroom area during times that the resident is likely to be dressing or undressing. It is not necessary for staff to announce their presence when security checks are being made while residents are sleeping” (pp. 6-7). PREA Site Review Summary: Cross-Gender Viewing and Resident Privacy Observation of Areas Where Residents May Be Undressed: The auditor conducted a thorough inspection of all areas where residents may be in a state of undress, including while showering, using the toilet, or changing clothes. These activities are limited to the housing unit’s bathroom, which includes four individual shower stalls, four enclosed toilet stalls, sink areas, and a laundry section. Each shower stall is equipped with a door and a designated changing area inside the stall, separated from the actual showering space by a curtain to provide additional privacy. Residents are not permitted to change clothes in their rooms, as the rooms lack doors and are equipped with surveillance cameras to ensure overall security. The toilet stalls are fully enclosed, providing visual privacy and preventing residents from being exposed while using the restroom. Cross-Gender Observation and Privacy: The auditor assessed potential cross-gender viewing risks from multiple angles, including staff positioning, mirror placement, and camera surveillance. The facility’s physical layout prevents non-medical staff of the opposite gender from viewing residents in a state of undress. There are no mirrors positioned in a way that would compromise resident privacy—mirrors are located only above the sink areas and do not provide a line of sight into showers or toilets. Additionally, a review of the electronic surveillance system confirmed that restroom and shower areas are not monitored, and management staff do not have camera access to locations where residents might be unclothed. The camera system is monitored from the Director’s Office, and there are no technological enhancements or physical modifications (such as pixelation or coverings) used to obscure or adjust viewing angles, as the layout itself effectively preserves resident privacy. Staff and Resident Feedback:

	Direct care staff confirmed that residents are only permitted to shower or change in the designated bathroom. A maximum of two residents are allowed in the bathroom at one time, and they are not permitted to use adjacent shower stalls simultaneously. Staff emphasized that residents must be fully clothed at all times outside of the bathroom and that removing shirts or walking around partially dressed is not permitted. Residents reported that staff never view them undressed and echoed the facility's policy requiring full clothing at all times. They expressed confidence in the privacy measures and noted that staff consistently respect these boundaries. Opposite-Gender Announcements: During the site review, the auditor noted that opposite-gender staff did not make an announcement when entering the housing area or restroom. However, opposite-gender staff were already present in the housing area before the auditor's entry, and no opposite-gender staff entered the restroom area while residents were inside. Residents must request permission to enter the restroom, further supporting the privacy protocol. In informal interviews, staff stated that opposite-gender announcements are a routine practice. Residents confirmed this, noting that such announcements are typically made either by the entering staff member or another male staff member. Residents also stated that opposite-gender staff rarely, if ever, enter the restroom area when it is in use by residents. Interviews: Random Sample of Staff: The interviewed staff were consistent in their response that staff announce their presence when entering a housing unit that houses resident of the opposite gender. After probing interviewed staff, each consistently gave similar examples of what is stated when entering the housing unit of the opposite gender. All of the staff reported that residents are able to dress, shower, and use the toilet without being viewed by staff of the opposite gender. Random Sample of Residents- The interviewed random sample of residents stated that staff of the opposite gender do announce their presence when entering the housing area or where they shower, change clothes, or preform bodily functions. All residents interviewed reported that staff do not come in the area when they shower or change clothes. All of the interviewed residents stated that they are not naked in full view of any staff. Corrective Actions: N/A. There are no corrective actions. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.315 (e.) This provision is no longer applicable.

	115.315 (f). This provision is no longer applicable. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.316	**Residents with disabilities and residents who are limited English proficient**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Pre-Audit Questionnaire (PAQ) a. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual b. Contract for Interpreter Services (Visual Language Professionals LLC) c. Interpreter Line flyer 2. Interviews: a. Random sample of staff (9) b. Residents with Disabilities or Limited English Speaking (2) Findings (By Provision): 115.316 (a). The agency shall take appropriate steps to ensure that residents with disabilities (including, for example, residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Such steps shall include, when necessary to ensure effective communication with residents who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency shall ensure that written materials are provided in formats or through methods that ensure effective communication with residents with

	disabilities, including residents who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans with Disabilities Act, 28 CFR 35.164. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility, does not have established procedures to provide disabled residents equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. It was further reported that a resident with a disability would not be appropriate for the program; therefore, denied admission. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Pathway is an intense, cognitively demanding treatment program. Pathway cannot accommodate clients/residents who are deaf, have profound intellectual disabilities, who are blind, or who are not English speaking in its non-contract treatment program. Pathway does not allow the use of resident interpreters, resident readers, or other types of resident assistants, except in limited circumstances were an extended delay in obtaining an effective interpreter that could compromise the client's/resident's safety, the performance of first-response duties, or the investigation of the client's/resident's allegations. In circumstances in which client/resident assistants are used, the reason for such use is well documented (pp. 7-8) The agency also provides written materials in formats or through methods that ensure effective communication with residents/residents, who have intellectual disabilities, limited reading skills or who are blind or have low vision. The site reported that they are not equipped to access residents with physical disabilities or who are blind or have low vision. However, if there was an intellectual disability to site would coordinate with the public school for additional resources. The site director is also a special education instructor and reported that the school would assist as needed with additional resources. Contract for Interpreter Services (Visual Language Professionals): The site utilizes the DYS contract for interpreter services. The services allow for 24/7 access to an interpreter for multiple languages along with the ability for the site to request documentation interpreter services. The site stated that they have not had to utilize any type of interpreter services. PREA Site Review Summary: Interpretation and Language Access Services Access to Interpretation Services: Although the facility did not have any limited English proficient (LEP) residents at the time of the audit, the auditor was able to successfully test the availability and

	functionality of the facility’s contracted on-demand interpretation services. To do so, the auditor-initiated contact with the contracted language line service and engaged facility staff in a walkthrough of the access process. Staff demonstrated a clear understanding of how to utilize the service, including how to input the required PIN and navigate the prompts to access various languages. The facility has immediate access to nine languages on demand, while additional languages may be requested as needed through the same service. System Access and Limitations: Residents are not required to self-identify in order to access interpretation services. However, use of the contracted interpretation line requires entry of a facility-specific PIN, which limits direct resident access. Since residents do not have unsupervised or on-demand access to telephones, interpreter services must be initiated and facilitated by staff. Interpreter services are available 24 hours a day, 7 days a week, ensuring continuous access when needed. Implementation and Location of Services: According to the facility’s Director, any use of interpretation services would be conducted privately and confidentially within the Clinician’s Office, with the door closed to preserve confidentiality and dignity. Staff emphasized that interpreter services would be coordinated between mental health staff and the Director when needed. It was also reported that staff would have to speak to leadership to assist youth with accessing services. Staff Interviews and Practices: Both formal and informal conversations with staff confirmed that, while the facility has not yet had to utilize interpreter services since opening, staff are aware of the procedures and confident in their ability to access language support as needed. Intake staff indicated that they would immediately coordinate with the Director to arrange interpretation services should a resident require them. Interviews: Agency Head-The interviewed agency head reported that for the Baldwin campus, no. These clients are excluded by our admission criteria due to posing a safety risk for themselves. For the IDI campus and Medium Risk Campuses, yes. We have contracted services to provide interpreters to assist with their understanding and educate them regarding all PREA-related procedures. Corrective Actions: N/A. There are no corrective actions. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.316 (b). The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to residents who are limited English proficient, including

	steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility has established procedures to provide residents with limited English proficiency equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that "Pathway is an intense, cognitively demanding treatment program. Pathway cannot accommodate clients/residents who are deaf, have profound intellectual disabilities, who are blind, or who are not English speaking in its non-contract treatment program (p. 7). In the event interpreter services are needed, the program will utilize services attained by Alabama DYS (Visual Language Professionals LLC). Interviews: Resident with Disabilities or Limited English Speaking: There were two residents identified as being cognitively disabled. All residents were provided information about sexual abuse and sexual harassment that they were able to understand. Each resident stated the information was either told to them by a staff member or watched a video. Each resident was asked if the facility provided someone to help them read, write, speak, or explain things if they needed help. All residents interviewed stated staff is available to help them read, write, speak, or explain things and helps them to understand information about their rights concerning sexual abuse and sexual harassment and how to report it. It was further reported that the therapist provided the information. Corrective Actions: N/A. There are no corrective actions. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.316 (c). The agency shall not rely on resident interpreters, resident readers, or other types of resident assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties under § 115.364, or the investigation of the resident's allegations. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility prohibits the use of resident interpreters, readers, or other types of resident assistance and there were zero instances where resident interpreters, readers, or other types of resident assistants have been used. The agency or facility documents the limited circumstances in individual cases where resident interpreters, readers, or other types of resident assistants are used. In the past 12 months, the number of instances where resident interpreters, readers, or other types of resident assistants have been used and it was not the case that an extended delay in obtaining another interpreter could compromise the resident's safety, the performance of first-response duties under §115.364, or the investigation of the resident's allegations: 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that "Pathway does not allow the use of resident interpreters, resident readers, or other types of resident assistants, except in limited circumstances were an extended delay in obtaining an effective interpreter could compromise the client's/resident's safety, the performance of first-response duties, or the investigation of the client's/resident's allegations" (p. 8)". Interviews: Random Sample of Staff: The interviewed random sample of staff reported that they do not allow the use of resident interpreters, resident readers, or other types of resident assistants to assist disabled residents or residents with limited English proficiency when making an allegation of sexual abuse or sexual harassment. Several staff reported that they would get an interpreter if one was needed. Staff reported they do not have any residents that would need use of a resident interpreter, resident reader, or any type of resident assistant nor have they had a resident there that would need an interpreter. Resident with Disabilities or Limited English Speaking: There were two residents identified as being cognitively disabled. All residents were provided information about sexual abuse and sexual harassment that they were able to understand. Each resident stated the information was either told to them by a staff member or watched a video. Each resident was asked if the facility provided someone to help them read, write, speak, or explain things if they needed help. All residents interviewed stated staff is available to help them read, write, speak, or explain things and helps them to understand information about their rights concerning sexual abuse and sexual harassment and how to report it. It was further reported that the therapist provided the information. Corrective Actions: N/A. There are no corrective actions. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

	Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.317	**Hiring and promotion decisions**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-audit Questionnaire (PAQ) b. The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. PREA Employment Questionnaire (9) d. Background Checks (23) e. Five-Year Checks (2) f. Reference Check (9) g. Contractor Background Check (4) 2. Interviews: a. Administrative (Human Resources) Staff Findings (By Provision): 115.317 (a). The agency shall not hire or promote anyone who may have contact with residents, and shall not enlist the services of any contractor who may have contact with residents, who (1) Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); (2) Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or (3) Has been civilly or administratively adjudicated to have engaged in

	the activity described in paragraph (a)(2) of this section. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility policy prohibits hiring or promoting anyone who may have contact with residents, and prohibits enlisting the services of any contractor who may have contact with residents, who: 1. Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution. 2. Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, of if the victim did not consent or was unable to consent or refuse; or 3. Has been civilly or administratively adjudicated to have engaged in the activity described in paragraph (a) (2) of this section. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that "Pathway will not employ any applicant, contractor, or volunteer who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution; been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity described above. Pathway will consider all incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor or volunteer, who may have contact with clients/ residents." (p. 6). New Hire Criminal Background Checks (23) Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.317 (b). The agency shall consider any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with residents. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because:

	As reported in the PAQ, the facility, has a policy that requires the consideration of any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with the residents. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway will consider all incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor or volunteer, who may have contact with clients/residents (p. 6). Pre-Employment Questionnaire (9): prior to hiring, the agency performs a criminal background records check and makes efforts to contact prior institutional employers to obtain information on any substantiated allegations of sexual abuse or resignations during pending investigations. The hiring process includes screening for prior sexual abuse convictions, pending charges, or behaviors that indicate a risk of sexual misconduct. Any applicant found to have engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution is disqualified from employment. All background checks are documented and retained according to agency policy. The facility ensures that no employee, contractor, or volunteer with disqualifying behavior is hired or retained. This practice reflects the facility’s commitment to maintaining a safe, secure, and PREA-compliant environment for all residents. Interviews: Administrative (Human Resources) – The interviewed human resources staff reported that the facility considers prior incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with residents. Additionally, we do three reference checks, one professional and two personals. In addition, we send a good faith letter if they have prior institutional employers. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.317 (c). Before hiring new employees who may have contact with residents, the agency shall: (1) Perform a criminal background records check; (2) Consults any child abuse registry maintained by the State or locality in which the employee would work; and (3) Consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their responses to the Pre-Audit Questionnaire (PAQ) that the facility policies requires that before hiring new employees who may have contact with residents the agency shall: (1) Perform a criminal background records check; and (2) Consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. In the past 12 months, the number of persons hired who may have contact with residents who have had criminal background record checks: 7. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Pathway will perform a criminal background record check and consult any child abuse registry maintained by Alabama prior to making any job offers to applicants working in Pathway's residential treatment facilities that will have contact with children. This policy also applies to contracted and volunteer workers. Prior to making a job offer to any applicant to work in Pathway's residential treatment programs, the applicant, in writing, shall authorize Pathway to contact all former employers for the past five years (prison, jail, lockup, community treatment facility, juvenile facility or other institution). Pathway personnel will make their best effort to contact these previous employers for information to inquire if the applicant engaged in sexual abuse or harassment of clients/residents or former clients/ residents during time of employment. Pathway personnel will make their best effort to contact all former institutional employers of the applicant employed within the required five-year period requesting information above (pp. 5-6). Personnel Files New Hire Background Checks (23): Prior to hiring, the agency performs a criminal background records check and makes efforts to contact prior institutional employers to obtain information on any substantiated allegations of sexual abuse or resignations during pending investigations. The hiring process includes screening for prior sexual abuse convictions, pending charges, or behaviors that indicate a risk of sexual misconduct. Any applicant found to have engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution is disqualified from employment. All background checks are documented and retained according to agency policy. The facility ensures that no employee, contractor, or volunteer with disqualifying behavior is hired or retained. This practice reflects the facility’s commitment to maintaining a safe, secure, and PREA-compliant environment for all residents. Interviews: Administrative (Human Resources)- The interviewed human resources staff reported

	that the facility performs criminal record background checks or consider pertinent civil or administrative adjudications for all newly hired employees who may have contact with residents and all employees, who may have contact with residents, who are being considered for promotions. The background check process includes local and national checks, child abuse registry checks, and reference checks. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.317 (d): The agency shall also perform a criminal background records check, and consult applicable child abuse registries, before enlist the services of any contractor who may have contact with residents. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their response to the PAQ that agency policies require that a criminal background records check be completed before enlisting the services of any contractor who may have contact with residents. Consistent with employee background checks; criminal history background checks, including driver’s license checks and fingerprinting, shall be conducted on all volunteers, interns, and persons working in the department on contract who have direct contact with offenders. In the past 12 months, the number of contracts for services where criminal background record checks were conducted on all staff covered in the contract who might have contact with residents: 4. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway will perform a criminal background record check and consult any child abuse registry maintained by Alabama prior to making any job offers to applicants working in Pathway's residential treatment facilities that will have contact with children. This policy also applies to contracted and volunteer workers” (p. 5). Background check for the four contracted staff was reviewed. Interviews Administrative (Human Resources) The interviewed human resources staff reported that the facility performs criminal record background checks or consider pertinent civil or administrative adjudications for all newly hired employees who may have contact with residents and all employees, who may have contact with residents, who are being considered for promotions. Corrective actions:

	N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.317 (e). The agency shall either conduct criminal background records checks at least every five years of current employees and contractors who may have contact with residents or have in place a system for otherwise capturing such information for current employees. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their responses to the Pre-Audit Questionnaire (PAQ) that the facility either conducts criminal background records checks at least every five years of current employees and contractors who may have contact with residents or has in place a system for otherwise capturing such information for current employees. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway will conduct criminal background records checks at least every 5 years on current employees, contractors, and volunteers who have contact with clients/residents” (p. 6). Five-Year Background Check (2): The facility is in compliance with the PREA standard requiring criminal background checks to be conducted at least every five years for current employees, contractors, and volunteers who may have contact with residents. In accordance with agency policy and PREA Standard 115.17(c), the facility ensures that a criminal background records check is conducted at least every five years or has in place a system for otherwise capturing ongoing criminal history updates for all applicable individuals. This process helps to ensure that staff, contractors, and volunteers remain eligible for continued service based on their criminal history status. The facility maintains documentation of completed five-year background checks and/or the continuous criminal history monitoring process, ensuring that individuals with disqualifying conduct—such as substantiated allegations of sexual abuse or criminal sexual behavior—are identified and addressed in a timely manner. This ongoing screening demonstrates the facility’s commitment to maintaining a safe, secure, and PREA-compliant environment. Interviews: Administrative (Human Resources)-The human resources staff interviewed reported that the system the facility presently has in place to conduct criminal record background checks of current employees and contractors who may have contact

	with residents is a local, national, and child abuse registry check. Additionally, checks are done every five years. Corrective actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115. 317 (f). The agency shall also ask all applicants and employees who may have contact with residents directly about previous misconduct described in paragraph (a) of this section in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of reviews of current employees. The agency shall also impose upon employees a continuing affirmative duty to disclose any such misconduct. Compliance Determinations: The facility has demonstrated compliance with this provision of the standard because: The agency shall also ask all applicants and employees who may have contact with residents directly about previous misconduct described in paragraph (a) of this section in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of reviews of current employees. The agency shall also impose upon employees a continuing affirmative duty to disclose any such misconduct. Pre-employment Reference Checks (9): Pre-employment reference checks are conducted assessing prior work institutional misconduct. Interviews Administrative (Human Resources) – The interviewed human resources staff reported that the facility asks all applicants and contractors who may have contact with residents about previous misconduct described in section (a)* in written applications for hiring or promotions, and in any interviews or written self-- -evaluations conducted as part of reviews of current employees. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.317 (g). Material omissions regarding such misconduct, or the provision of materially false information, shall be grounds for termination. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: According the to the PAQ, the agency's policy states that material omission regarding misconduct, or the provision of materially false information, shall be grounds for termination. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that "Material omissions regarding such misconduct, or the provision of materially false information, shall be grounds for termination" (p. 6). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.317 (h). Unless prohibited by law, the agency shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Unless prohibited by law, the agency shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work. Interviews: Administrative (Human Resources) – The interviewed human resources staff reported that when a former employee applies for work at another institution, upon request from that institution, the facility provides information on substantiated allegations of sexual abuse or sexual harassment involving the former employee, unless prohibited by law. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility

	documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.318	Upgrades to facilities and technologies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) 2. Interviews: a. Agency head b. Director Findings (By Provision): 115.317 (a). When designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the agency shall consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect residents from sexual abuse. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their responses to the Pre-Audit Questionnaire (PAQ) that the facility has not acquired a new facility or made substantial expansions or modifications to the existing facility since the last PREA audit. This is the first time the site was audited. The agency already had the existing facility; however, it was remission for juvenile justice youth. Interviews Agency Head – The interviewed agency head reported that We deploy video monitoring and attempt to identify any areas of concern that could prevent detection of abuse.

	Director– The interviewee reported the facility underwent modifications associated with transitioning from a low-risk group home to a medium-risk facility in 2024. Changes included fencing upgrades, modifications to the kitchen and school areas, creation of a seclusion room, adjustments to bedroom configurations, and removal of bedroom doors to improve supervision and resident safety. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.316 (b). When installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, the agency shall consider how such technology may enhance the agency's ability to protect residents from sexual abuse. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ that they have not installed or updated its video monitoring system, electronic surveillance system, or other monitoring technology since August 20, 2012, or since the last PREA audit. Interviews: Agency Head: The agency head interviewed reported that we deploy technology (whether video monitoring or advancements that improve supervision) in areas in need of such technology to prevent abuse and protect clients. These needs are regularly assessed by PREA Compliance Managers. Director: The interviewee stated the facility considers multiple factors when assessing staffing levels and monitoring needs, including physical plant layout, blind spots, resident population, supervisory staffing, programming needs, applicable regulations, and prior incidents. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and

	online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.321	Evidence protocol and forensic medical examinations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: Documents: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. MOU Rape Crisis Center d. Counselor License e. Email Correspondence Rape Crisis Center (SANE) f. PREA Compliance Manager d. Resident who Reported a Sexual Abuse (n/a) Findings (By Provision): 115.321 (a). To the extent the agency is responsible for investigating allegations of sexual abuse, the agency shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.

	Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency/facility is responsible for conducting administrative sexual abuse investigations (including resident-on-resident sexual abuse or staff sexual misconduct). The agency/facility is not responsible for conducting criminal sexual abuse investigations (including resident-on-resident sexual abuse or staff sexual misconduct). The DHR/Local Law Enforcement is responsible for conducting criminal sexual abuse investigations. It was further reported that when conducting a sexual abuse investigation, the agency investigators follow a uniform evidence protocol. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Pathway's residential treatment facilities will follow a uniform evidence protocol, which is developmentally appropriate for youth, which maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. Upon receiving a report of alleged sexual abuse, staff will notify their Supervisor and/or any other Supervisor up to and including: the PREA Coordinator, PREA Compliance Manager (Residential Program Director), Director, or the onsite program Supervisors. To the extent possible, staff shall attempt to secure the area to preserve any evidence that may assist the investigation process. Staff should document what was seen and heard, or otherwise observed at the scene, and safeguard any evidence (i.e., bed sheets, fluids on floor, victim’s, and perpetrator's clothing). Allegations of sexual abuse or sexual harassment which involves potentially criminal behavior will be referred to the local law enforcement agency. Pathway will inform the victim of what will happen next (i.e. the incident will be reported to an available clinical supervisor, the PREA Compliance Manager and the PREA Coordinator, the victim will be offered a forensic medical examination off campus for evidence collection, an investigation will be conducted by the Department of Human Resources and/or the Baldwin County Sheriff’s Office, the victim will be asked to provide information to the investigator, and the victim and any witnesses will be provided protections from retaliation). Staff will complete an incident report detailing initial information given to staff from the victim or third party. Staff should ask victim for only basic information about the incident (i.e., Who was there? What happened? Where did the incident occur? When?). The report shall be given to the PREA Compliance Manager and PREA Coordinator. The PREA Coordinator will ensure that the Chief Executive Officer is informed of any

	sexual abuse allegations and results of any investigations. Forensic medical examinations in the community will be provided free of charge to the victim. The victim will be provided with unimpeded access to emergency and crisis intervention services, which will also be provided free of charge to the victim. SANE Nurses are located at USA Women's and Children's Hospital. In the event that a SANE is unavailable, a forensic medical examination will be provided by a qualified medical practitioner. Victim advocates from the Baldwin County Child Advocacy Center can be available at the forensic medical examination. This service is available to all Pathway of Baldwin County clients. A Memorandum of Understanding (MOU) has been signed between Pathway and the Baldwin County Child Advocacy Center. If requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization staff member can accompany and support the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals (pp. 8- 9). Multiple attempts were made to meet with the victim advocacy center. The auditor did not receive a response. The auditor verified through the website that the agency provides victim advocacy, emotional support, and forensic services. Additionally, the facility has a MOU with the local DHR to conduct investigations. Interviews Random Sample of Staff: The interviewed random sample of staff reported that they were aware of the agency's protocol for obtaining usable physical evidence. Each member of staff had various explanations of the protocols which included they would not allow them to shower, brush teeth, or change clothes; they would treat the room like a crime scene and not allow anyone in the area. Call the local police department and the nursing staff. Keep everyone separated and keep visual site on those involved. When asked who conducts the interviews staff reported several administrative staff such as the Facility Director, law enforcement, and DYS. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.321(b). The protocol shall be developmentally appropriate for youth and as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/ Adolescents," or similarly comprehensive and authoritative protocols developed after 2011.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported by the PAQ, the protocol is developmentally appropriate for youth. The protocol was adapted from or otherwise based on the most recent edition of the DOJ's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011.

Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that:

Pathway's residential treatment facilities will follow a uniform evidence protocol, which is developmentally appropriate for youth, which maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.

Upon receiving a report of alleged sexual abuse, staff will notify their Supervisor and/or any other Supervisor up to and including: the PREA Coordinator, PREA Compliance Manager (Residential Program Director), Director, or the onsite program Supervisors.

To the extent possible, staff shall attempt to secure the area to preserve any evidence that may assist the investigation process. Staff should document what was seen and heard, or otherwise observed at the scene, and safeguard any evidence (i.e., bed sheets, fluids on floor, victim's, and perpetrator's clothing).

Allegations of sexual abuse or sexual harassment which involves potentially criminal behavior will be referred to the local law enforcement agency.

Pathway will inform the victim of what will happen next (i.e. the incident will be reported to an available clinical supervisor, the PREA Compliance Manager and the PREA Coordinator, the victim will be offered a forensic medical examination off campus for evidence collection, an investigation will be conducted by the Department of Human Resources and/or the Baldwin County Sheriff's Office, the victim will be asked to provide information to the investigator, and the victim and any witnesses will be provided protections from retaliation).

Staff will complete an incident report detailing initial information given to staff from the victim or third party. Staff should ask victim for only basic information about the incident (i.e., Who was there? What happened? Where did the incident occur? When?). The report shall be given to the PREA Compliance Manager and PREA Coordinator.

The PREA Coordinator will ensure that the Chief Executive Officer is informed of any sexual abuse allegations and results of any investigations.

Forensic medical examinations in the community will be provided free of charge to

	the victim. The victim will be provided with unimpeded access to emergency and crisis intervention services, which will also be provided free of charge to the victim. SANE Nurses are located at USA Women's and Children's Hospital (Baldwin) and Southeast Child Advocacy Center (Dothan). In the event that a SANE is unavailable, a forensic medical examination will be provided by a qualified medical practitioner. Victim advocates from the Baldwin County Child Advocacy Center (Baldwin) and Southeast Child Advocacy Center (Dothan) can be available at the forensic medical examination. This service is available to all Pathway clients. A Memorandum of Understanding (MOU) has been signed between Pathway, the Baldwin County Child Advocacy Center, and the Southeast Child Advocacy Center. If requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization staff member can accompany and support the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals (pp. 8- 9). The Advocacy Center utilized by the agency is under the umbrella of the Alabama Network of Advocacy Centers. Corrective Actions: Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.321 (c). The agency shall offer all residents who experienced sexual abuse access to forensic medical examinations whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The agency shall document its efforts to provide SAFEs or SANEs. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their responses to the Pre-Audit Questionnaire that the facility offers all residents who experience sexual abuse access to forensic medical examinations at an outside facility and that there is no charge for these examinations. The facility responded that forensic medical examinations are offered without financial cost to the victim. It was further reported that when SANEs or SAFEs are not available, they offer a qualified medical practitioner to perform forensic medical examinations. The number of forensic medical exams conducted during the past 12 months: 0. The number of exams performed by SANEs/SAFEs during the past 12 months: 0. The number of exams performed by a qualified medical practitioner during the past 12 months: 0.

	Policy. 13.8.1 (Protection from Sexual Abuse and Assault) states that “The facility shall offer all juveniles who experience sexual abuse access to forensic medical examinations without financial cost. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The facility shall document its efforts to provide SAFEs or SANEs” (p. 9). Children’s Advocacy Centers Inc.; which is recognized by the National Network of Children’s Advocacy Center, which is now the National Children’s Alliance. The advocacy center operates under the national practices and standards. Forensic medical exams are conducted by a SANE Nurse at Southeast Alabama Child Advocacy Center. MOU Email: The email confirms that the MOU signed in 2019 is still valid. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.321 (d). The agency shall attempt to make available to the victim a victim advocate from a rape crisis center. If a rape crisis center is not available to provide victim advocate services, the agency shall make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member. Agencies shall document efforts to secure services from rape crisis centers. For the purpose of this standard, a rape crisis center refers to an entity that provides intervention and related assistance, such as the services specified in 42 U.S.C. 14043g(b)(2)(C), to victims of sexual assault of all ages. The agency may utilize a rape crisis center that is part of a governmental unit as long as the center is not part of the criminal justice system (such as a law enforcement agency) and offers a comparable level of confidentiality as a nongovernmental entity that provides similar victim services. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their responses to the Pre-Audit Questionnaire that it has made attempts to make available to the victim, a victim advocate from a rape crisis center. If a rape crisis center is not available to provide victim advocate services, the facility makes available to provide these services a qualified staff member from a community-based organization, or a qualified facility staff member. MOU: Rape Crisis Center states that the Child Advocacy Center will accompany a youth during the forensic examination process. Additionally, the MOU provides an

	overview of the victim advocacy and emotional support services that the child advocacy center will provide to any referred victim. Counselor License: provide a license for staff that qualify within the agency to provide victim advocacy services if a community-based organization is not available. Interviews: PREA Compliance Manager – The agency or facility will attempt to make available a victim advocate from a rape crisis center, by coordinating services. Community advocacy organizations are vetted to ensure PREA qualification requirements are met. Resident who reported sexual abuse: There were no identified residents who reported sexual abuse onsite during the facility site review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.321 (e). As requested by the victim, the victim advocate, qualified agency staff member, or qualified community-based organization staff member shall accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility indicated in their responses to the Pre-Audit Questionnaire that they would provide, if requested by the victim, a victim advocate, a qualified agency staff member, or a qualified community-based organization staff member to accompany and support the victim through the forensic medical examination process and investigatory interviews and to provide emotional support, crisis intervention, information, and referrals. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “if requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization staff member can accompany and support the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals” (p. 9). MOU: Rape Crisis Center states that the Child Advocacy Center will accompany a youth during the forensic examination process. Additionally, the MOU provides an

	overview of the victim advocacy and emotional support services that the child advocacy center will provide to any referred victim. Email correspondence with the victim advocacy center confirmed the victim advocacy center identified by the agency contract can provide victim advocacy, emotional support, and forensic services for residents at the program. The program further indicated that they have not had to render services for residents at the program in the last 12 months. The email correspondence occurred in the last year, additionally the auditor called the site to verify the type of services offered. PREA Advocacy Flyer: The PREA Advocacy Flyer provides residents with information on victim advocacy and emotional support. The flyer also contains the contact information of the local Child Advocacy Center. Interviews: PREA Compliance Manager – The agency or facility will attempt to make available a victim advocate from a rape crisis center, by coordinating services. Resident who reported sexual abuse: There were no identified residents who reported sexual abuse onsite during the facility site review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.321 (f). To the extent the agency itself is not responsible for investigating allegations of sexual abuse, the agency shall request that the investigating agency follow the requirements of paragraphs (a) through (e) of this section. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The agency is not responsible for conducting criminal investigations. There scope of service for investigations is limited to administrative investigations. The agency provided a letter with Coffee County Sheriff’s Office stating that the Sheriff’s Office will conduct investigations on allegations of sexual abuse and sexual harassment. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

	115.321 (g). The auditor is not required to audit this section. 115.321 (h). For the purposes of this standard, a qualified agency staff member or a qualified community-based staff member shall be an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The agency provided documentation of four staff how are licensed Professional Counselors. The staff are licensed in the state of Alabama. The agency staff would serve as liaisons to coordinate services with the child advocacy center. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.322	**Policies to ensure referrals of allegations for investigations**

	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual

c. Website: PATHWAY - Services (pathway-inc.com)

d. Investigations (1)

2. Interviews:

a. Agency head

b. Investigative staff (1)

Findings (By Provision):

115.322 (a): The agency shall ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment.

Compliance Determinations:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, the agency ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. In the past 12 months, the number of allegations of sexual abuse and sexual harassment that were received: 1. In the past 12 months, the number of allegations resulting in an administrative investigation: 0. In the past 12 months, the number of allegations referred for criminal investigation: 1. Upon further review it was determined that an administrative investigation did occur.

Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual state that:

Sexual Harassment: When allegations of sexual harassment are made, investigations shall take place under the following guidelines:

Client/Resident to Client/Resident: The PREA Compliance Manager, his/her designee or the PREA Coordinator shall investigate questioning all parties involved to determine what happened and direct action to prevent further incidents. The Department of Youth Services and Department of Human Resources and all other licensing authorities will be notified of the findings and the PREA Compliance Manager/designee, or PREA Coordinator shall file appropriate reports.

Staff to Client/Resident: The PREA Compliance Manager, designee and the PREA Coordinator shall investigate, questioning all relevant parties to determine what happened. The Department of Youth Services and Department of Human Resources and all other licensing authorities will be notified of the findings and consulted in determination of actions to be taken.

If the PREA Compliance Manager is involved in the allegations: His/her immediate supervisor shall conduct the investigation as noted above.

	Sexual Abuse: When allegations of sexual abuse/assault are made, the following shall happen: Contact local authorities immediately, if a client/resident reports a sexual assault. If the PREA Compliance Manager or PREA Coordinator is available, he/she shall take responsibility for contacting authorities. If the PREA Compliance Manager is not available, staff on duty must contact authorities without delay. If the allegations or quality of evidence suggest a crime has been committed, no further interview of the victim or perpetrator will be conducted until cleared to do so by prosecuting authority. Pathway will not impose a standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated. If there is a possibility of new physical evidence to be used: Secure the area where the alleged abuse took place and do not allow residents to enter the area until police personnel have cleared the area; Do not touch anything in the area where the alleged abuse took place other than to preserve the life or safety of an individual; Move the alleged victim to a secure area until authorities arrive; If conditions allow, direct the alleged perpetrator to remain in an area where they can be observed until authorities arrive; Pathway staff shall cooperate with all aspects of the investigation by local authorities. The PREA Compliance Manager and PREA Coordinator shall endeavor to remain informed about the progress of the investigation and notify all program licensing authorities; PREA Compliance Manager/designee or PREA Coordinator shall conduct administrative investigation; Any substantiated allegations of conduct that appears criminals will be referred for prosecution (pp. 19-20). Investigation Reports: The auditor was able to review one investigation that had an administrative investigation and a DHR investigative report. Interviews Agency Head: The interviewed agency head stated that the agency ensures that administrative or criminal investigations are completed for all allegations of sexual abuse or sexual harassment. This is determined by the nature of the allegation; however, if the initial investigation does not indicate a need for a criminal investigation the following procedure is followed: PREA Compliance Managers will gather information from the alleged victim, review camera footage, and speak with

	necessary staff members to ensure they have all needed information to conclude the investigation. Decisions are then made about disciplinary action from there. Clients are notified of the results of the investigation promptly. Clients may also be separated to keep the alleged victim safe until the investigation is complete. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.322 (b). The agency shall have in place a policy to ensure that allegations of sexual abuse and/or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations unless the allegation does not involve potentially criminal behavior. The agency shall publish such policy on its website or, if it does not have one, make the policy available through other means. The agency shall document all such referrals. Compliance Determinations: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility has a policy that requires allegations of sexual abuse or sexual harassment be referred for investigation to an agency with the legal authority to conduct criminal investigations. In addition, the facility reported in the PAQ that the agency's policy regarding the referral of allegations of sexual abuse or sexual harassment for a criminal investigation is not published on the agency website or made publicly available via other means. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that "Pathway shall conduct its own investigations into allegations of sexual harassment and abuse that do not involve behavior that could potentially be criminal in nature. It shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. At any point if it is determined that the allegation could potentially involve criminal behavior, a report will be made immediately to local law enforcement agency as well as the Department of Human Resources" (p. 21). The investigation process of the policy is posted on the website offering public availability. (PATHWAY - Services (pathway-inc.com)) Interviews Investigative Staff: The interviewed staff reported that the policy requires that allegations of sexual abuse or sexual harassment be referred for investigation to an agency with the legal authority to conduct criminal investigations. Criminal cases are referred to local law enforcement.

	Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.322 (c). If a separate entity is responsible for conducting criminal investigations, such publication shall describe the responsibilities of both the agency and the investigating entity. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The agency website states that “Any allegation of sexual abuse that potentially involves criminal behavior shall be turned over the jurisdictional Police Department for investigation, especially in all cases that may have happened within a time frame that allows for collection of physical evidence or if the allegation involves another staff member.” PATHWAY - Services (pathway-inc.com). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.322 (d). The auditor is not required to audit this provision of the standard. 115. 322 (e). The auditor is not required to audit this provision of the standard. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

The agency shall train all employees who may have contact with residents on:(1) Its zero-tolerance policy for sexual abuse and sexual harassment;(2) How to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures;(3) Residents' right to be free from sexual abuse and sexual harassment;(4) The right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment;(5) The dynamics of sexual abuse and sexual harassment in juvenile facilities;(6) The common reactions of juvenile victims of sexual abuse and sexual harassment;(7) How to detect and respond to signs of threatened and actual sexual abuse and how to distinguish between consensual sexual contact and sexual abuse between residents;(8) How to avoid inappropriate relationships with residents;(9) How to communicate effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming residents; and(10) How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities;(11) Relevant

	laws regarding the applicable age of consent. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency trains all employees who may have contact with residents in the following matters: · The agency’s zero-tolerance policy for sexual abuse and sexual harassment; · How staff fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures; · Residents right to be free from sexual abuse and sexual harassment; · The right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment; · The dynamics of sexual abuse and sexual harassment in resident facilities; · The common reactions of sexual abuse and sexual harassment victims; · How to detect and respond to signs of threatened and actual sexual abuse; · How to avoid inappropriate relationships with residents; · How to communicate effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming residents; · How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities.; and · Relevant laws regarding the applicable age of consent. · Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Staff Training Pathway employees will receive training, based on PREA employee training standards. All current employees who have not received such training shall be trained within one year of the effective date of the PREA standards. Pathway shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. During the years in which an employee does not receive refresher training, Pathway shall provide refresher information on current sexual abuse and sexual harassment policies. Upon hire and annually thereafter, Pathway will provide targeted PREA training on the following:

	Pathway's zero-tolerance policy for sexual abuse and sexual harassment; Pathway's sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures; Clients'/Residents' rights to be free from sexual abuse and sexual harassment; The right of clients/residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment; The dynamics of sexual abuse and sexual harassment in a residential treatment facility; The common reactions of sexual abuse and sexual harassment victims; How to detect and respond to signs of threatened and actual sexual abuse; How to avoid inappropriate relationships with clients/residents; How to communicate effectively and professionally with clients/residents, including gay, bisexual, transgender, intersex, or gender nonconforming residents; and How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities. Relevant laws regarding the applicable age of consent. Gender specific training will be provided to the gender of the residents at the employee's facility. Pathway will document, through employee signature or electronic verification, that employees understand the training they have received. Training participation may be offered in-house, online, webinars, conferences, etc. Training topics will be added and offered based upon the annual training needs as assessed by the PREA Compliance Manager and the PREA Coordinator. Pathway will provide training as needed for staff to conduct administrative investigations (pp. 9-10). · Training Curriculum: The agency utilizes the PREA Employee Training Curriculum, available through the PREA Resource Center. · Sample of Training Record: New Hire (10); Refresher (9); The agency has a process where training is documented for PREA New Hire, Refresher and Mandatory Reporter Training. Interviews Random Sample of Staff – The interviewed staff reported that they have been trained on the agencies zero tolerance policy for sexual abuse and sexual harassment. The staff reported that the training included:

	a. The agency’s zero-tolerance policy on sexual abuse and sexual harassment? b. How to fulfill your responsibilities regarding sexual abuse and sexual harassment prevention, detection, reporting, and response, in accordance with agency policies and procedures? c. Resident’s right to be free from sexual abuse and sexual harassment? d. Residents’ and employees’ right to free from retaliation for reporting sexual abuse and sexual harassments? e. The dynamics of sexual abuse and sexual harassment in confinement? f. The common reactions of sexual abuse and sexual harassment victims? g. How to detect and respond to signs of threatened and actual sexual abuse? h. How to avoid inappropriate relationship with residents? i. How to communicate effectively and professionally with residents, including lesbians, gay, bisexual, transgender, intersex, or gender nonconforming residents? j. How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities? k. Relevant laws regarding the applicable age of consent? The staff consistently reported that they were trained on initial hire and that they received additional training throughout the year. When probed the staff were able to describe things like the common reactions of victims, what to look for, and how to respectfully talk to residents who may be lesbian, gay, bisexual, transgender or gender non-conforming. Additionally, staff reported that they go over PREA during staff meetings. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.331 (b). Such training shall be tailored to the unique needs and attributes of residents of juvenile facilities and to the gender of the residents at the employee's facility. The employee shall receive additional training if the employee is reassigned from a facility that houses only male residents to a facility that houses only female residents, or vice versa. Compliance Determination: The facility reported in the PAQ that training is tailored to meet the unique needs and attributes and gender of the residents at the facility. Employees who are reassigned from facilities housing the opposite gender are not given additional

	training. The site is only a male campus. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Gender specific training will be provided to the gender of the residents at the employee's facility” (p. 10). Sample of Training Record: New Hire (10); Refresher (9); The agency has a process were training is documented for PREA New Hire, Refresher and Mandatory Reporter Training. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.331 (C). All current employees who have not received such training shall be trained within one year of the effective date of the PREA standards, and the agency shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. In years in which an employee does not receive refresher training, the agency shall provide refresher information on current sexual abuse and sexual harassment policies. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, between trainings the agency provides employees who may have contact with residents with refresher information about current policies regarding sexual abuse and harassment. The frequency with which employees who may have contact with residents receive refresher training on PREA requirements: Annually. Sample of Training Record: New Hire (10); Refresher (9); The agency has a process were training is documented for PREA New Hire, Refresher and Mandatory Reporter Training. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.331 (d). The agency shall document, through employee signature or electronic verification, that employees understand the training they have received. Compliance Determinations:

	The facility has demonstrated compliance with this provision of the standard because: The PAQ indicated that the facility requires employees who may have contact with residents to document, via signature, that they understand the training they received. The facility will have the service providers, volunteers, and non-detention juvenile office staff sign an agreement acknowledging the facilities zero tolerance policy for sexual abuse and sexual harassment along with the duty to report. Training Acknowledgement: The agency ensures that employees who may have contact with residents confirm their understanding of the training received through either a signature or electronic verification. This acknowledgment is documented via the Acknowledgement and Receipt of PREA Training form (10). It should be noted that the facility is small therefore there was a limited number of newly hire staff in the last 12 months. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

c. Training Curriculum

d. Volunteer Contractor Training Record (4)

2. Interviews:

a. Volunteers or contractors who have contact with residents (1)

115.332 (a). The agency shall ensure that all volunteers and contractors who have contact with residents have been trained on their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

According to the PAQ, all volunteers and contractors who have contact with residents have been trained on their responsibilities under the agency's policies and procedures regarding sexual abuse and sexual harassment prevention, detection, and response. The number of volunteers and contractors, who have contact with residents, who have been trained in agency's policies and procedures regarding sexual abuse and sexual harassment prevention, detection, and response: 0.

Contractor Training Record: The auditor confirmed receipt of training for the four identified contracted staff.

Interviews:

Volunteer(s) or Contractor(s) who have Contact with Residents: The one intern (volunteer) was interviewed. The individual was able to clearly articulate her training upon start at the facility. The intern described receiving in person and video-based training. She described the various techniques needed to prevent, report, and respond to allegations of sexual abuse.

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.332 (b). The level and type of training provided to volunteers and contractors shall be based on the services they provided and level of contact they have with residents, but all volunteer and contractors who have contact with residents shall be notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents.

Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ, that all volunteers and contractors who have contact with residents have been notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents. Volunteer Training Curriculum: (Volunteer Contractor PREA Training Policy): Volunteers complete the same training as staff; as indicated in 115.331. Contractor Training Record: The auditor confirmed receipt of training for the four identified contracted staff. Interviews: Volunteer(s) or Contractor(s) who have Contact with Residents: The one intern (volunteer) was interviewed. The individual was able to clearly articulate her training upon start at the facility. The intern described receiving in person and video-based training. She described the various techniques needed to prevent, report, and respond to allegations of sexual abuse. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.332 (c). The agency shall maintain documentation confirming that volunteers and contractors understand the training they have received. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency maintains documentation confirming that the volunteers and contractors understand the training they have received. However, this time their site does not have any volunteers or contractors. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility,

	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Intake Records PREA Education: Juvenile Confirmation of Receipt of Prison Rape Elimination Act (PREA) (20) d. PREA Posters (English/Spanish) e. Resident Handbook f. Resident Orientation Acknowledgement (20) g. PREA Video (MP4) 2. Interviews: a. Intake staff (1) b. Random sample of residents (10) 3. Site Review 4. Corrective Action: a. Handbook Update Findings (By Provision): 115.333 (a). During the intake process, residents shall receive information explaining, in an age-appropriate fashion, the agency's zero tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or

	suspicions of sexual abuse or sexual harassment. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, residents receive information at time of intake about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment. The number of residents admitted in past 12 months who were given this information at intake: 29. It was further reported that the information is provided in an age-appropriate fashion. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “During the intake process, clients/residents shall receive information explaining Pathway's zero-tolerance policy regarding sexual abuse and sexual harassment, how to report incidents or suspicions of sexual abuse or sexual harassment, their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents. This information is provided in an age-appropriate format to ensure understanding and to meet the needs of clients who have limited reading skills or other needs requiring an interpreter” (p. 11). Resident Handbook states: If you need to report sexual harassment, sexual abuse, staff sexual misconduct, retaliation by other clients or staff members for reporting sexual abuse/harassment/ misconduct, or staff neglect that may have contributed to any of the above incidents, you can use the following reporting methods: · Make a written report by completing a Grievance Form, which can be turned into to the PREA Compliance Manager/Program Director · Make a verbal report by asking to speak with your therapist, the shift leader on duty, or the PREA Compliance Manager/Program Director · Make a written or verbal report to any staff member that you trust (Group leader, Teacher, Nurse, Food Service Staff, etc.) · Ask to call the Rape Crisis Hotline · Report anonymously to Pathway by completing a Grievance Form without signing the form and placing the form in the locked Grievance Box · Report anonymously to a third party by writing a letter/filling out an unsigned grievance form and placing it in a pre-addressed/stamped envelope that will be provided to you at intake. You can place this envelope in the locked Grievance Box If you have experienced sexual abuse or sexual harassment at Pathway, we will

	provide you with access to a victim advocate from the Child Advocacy Center, whose role is to provide emotional support services throughout the investigative process. To request access to a victim advocate, speak with your therapist or make a written request to your therapist, the PREA Compliance Manager (Program Director), or the PREA Coordinator. Intake records of residents entering the facility in the last 12 months (20). Log or other record corroborating that those residents received comprehensive PREA education within 10 days of intake (e.g., resident signatures). In addition to the Resident Handbook, the facility utilizes a Resident Education PREA Video, and PREA Poster to educate the residents on Sexual Abuse and Sexual Harassment. The PREA Video was created by the PREA Resource Center containing general information on residents' rights to not be sexually abused or harassed, retaliated against for making a report, and that there are services available that deal with sexual abuse. The PREA Posters have a definition of sexual abuse and various ways to make a report. During the intake process the residents sign the PREA Acknowledgement and the acknowledgement provides the following information: "I have been provided a formal training on the Prison Rape Elimination Act and the expectations. I understand my rights and responsibilities with regard to physical and emotional safety. I have been taught ways to protect myself. The definitions of abuse and harassment have been explained to me. I have been informed how to report abuse and/or harassment. I will not abuse or harass any person (staff or other youth), and I will report if I feel or see that harassment or abuse is happening. This includes all types of harassment. I understand the meaning of retaliation. I understand that retaliation will not occur if I report abuse and/or harassment." PREA Site Review Summary: Intake Process and Interpretation Services Intake Process Observation During the site review, the auditor observed the intake area and procedures used to provide residents with PREA education upon admission. Intake is conducted by designated intake supervisors in an administrative building office that includes an adjoining bathroom and storage space for youth clothing and hygiene supplies. Although no new residents were admitted during the audit period, the auditor observed a mock intake conducted by intake staff. The demonstration revealed the following key practices and protocols: PREA Education Materials: Residents are provided with both the PREA Client Handbook and the Facility Rules Handbook during intake. These materials are written at an appropriate reading level and are accessible to residents with limited English proficiency (LEP), with versions available in both English and Spanish. Reporting Options: Intake staff clearly explain the multiple avenues available to residents for reporting sexual abuse or harassment. These include:

	Writing and submitting a grievance. Verbally telling any staff member. Submitting a DYS grievance in the designated grievance box. Reporting through a parent, attorney, or trusted third party. Making anonymous reports. Interpreter Services: Interpreter services are available for residents who are Deaf or have limited English proficiency. Intake staff confirmed they would coordinate with the Facility Director to ensure timely access to these services if needed. Education and Comprehension Checks: Staff review the PREA and Facility Rules Handbooks with residents, asking follow-up questions and requesting examples to ensure understanding. PREA Video Orientation: As part of orientation, residents are shown a PREA educational video. The staff demonstrated this process for the auditor, showing how residents view the video and then electronically sign an acknowledgment of receipt using a digital signature pad. Mandatory Reporting and Confidentiality: During intake, residents are informed about the facility's mandatory reporting requirements, including limitations on confidentiality related to disclosures of abuse. Staff Roles: Intake staff are responsible for providing residents with comprehensive education on the facility’s policies regarding sexual abuse and harassment, reporting procedures, and protective measures during their initial orientation. Resident Feedback Informal conversations with residents confirmed that intake staff provided PREA-related education during their admission. Residents recalled being shown a video and receiving explanations about how to report abuse or harassment. Interpretation Services While there were no LEP residents at the time of the audit, the auditor conducted a live test of the on-demand language line services. Key findings include: Access and Process: The auditor, in coordination with staff, initiated a call to the language line and was walked through the steps for accessing services without incurring a charge. The process includes entering a secure PIN and selecting from prompts for various languages. The facility has immediate access to nine languages, with additional languages available upon request. Resident Access: While residents are not required to self-identify for language services, they cannot independently access the interpretation line due to lack of direct phone access. Interpreter services must be initiated by staff on behalf of residents. Availability: The language line is available 24/7 and can be accessed at any time with staff assistance. Service Location and Confidentiality: According to the facility’s Clinician, in collaboration with the Director, interpreter calls would be conducted in a private, closed-door setting in the Clinician’s Office to maintain confidentiality and comfort for the resident.

	Staff Knowledge and Readiness: Intake staff interviewed during formal and informal discussions reported that they are familiar with the protocol and would work with the Director to access interpreter services as needed. Since the facility's opening, there has been no need to use interpreter services, but staff demonstrated preparedness to do so. Interviews Intake Staff: The intake staff member demonstrated a thorough understanding of the facility's responsibility to provide PREA education immediately upon admission. The interviewee stated that all residents receive information regarding the agency's zero-tolerance policy for sexual abuse and sexual harassment, reporting options, available victim services, and protections against retaliation during the intake process. Education is provided verbally, reinforced through a PREA orientation video, and documented using a standardized intake checklist. Residents are required to acknowledge receipt of the information, and staff verify comprehension by asking residents to explain reporting procedures and answer follow-up questions. The interviewee indicated that education is provided immediately upon admission, or no later than the following day for newly admitted residents and transfers. Residents are informed of multiple reporting methods, including verbal reports, written grievances, outside reporting telephone numbers, brochures, posted notices, and pre-addressed stamped envelopes for confidential correspondence. Staff emphasize that residents should not fear retaliation for reporting allegations and explain available advocacy services, including outside victim advocacy resources. The interviewee further explained that additional time is provided whenever a resident does not understand the PREA information. Staff review the material in greater detail, answer questions, and ensure residents fully understand what constitutes sexual abuse or sexual harassment, how to report concerns, and who may receive reports. Resident Interview Questionnaire: All of the interviewed residents reported that when they first came to the facility, they received information about the facility’s rules against sexual abuse and harassment. The information was typically received the same day they entered the facility. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.333 (b). Within 10 days of intake, the agency shall provide comprehensive age-appropriate education to residents either in person or through video regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents.

	Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, 29 residents that were admitted in the facility during the past 12 months, whose length of stay was for 10 days or more received comprehensive education regarding their right to be free from both sexual abuse/ harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents. Resident Education Documentation: The facility tracks resident participation in education sessions through the completion of the Resident Orientation Acknowledgement Form. During the mock intake process, the auditor observed residents signing electronically upon completion of the education. The auditor also reviewed 27 signed Resident Orientation Acknowledgement forms. PREA Intake Video: the site utilizes the PREA video created by the PREA Resource Center as a part of their PREA educational session. Residents review the video during intake. Intake typically occurs on the first day of placement. Revised Handbook states the following: If you need to report sexual harassment, sexual abuse, staff sexual misconduct, retaliation by other clients or staff members for reporting sexual abuse/harassment/ misconduct, or staff neglect that may have contributed to any of the above incidents, you can use the following reporting methods: · Make a written report by completing a Grievance Form, which can be turned into to the PREA Compliance Manager/Program Director · Make a verbal report by asking to speak with your therapist, the shift leader on duty, or the PREA Compliance Manager/Program Director · Make a written or verbal report to any staff member that you trust (Group leader, Teacher, Nurse, Food Service Staff, etc.) · Ask to call the Rape Crisis Hotline · Report anonymously to Pathway by completing a Grievance Form without signing the form and placing the form in the locked Grievance Box · Report anonymously to a third party by writing a letter/filling out an unsigned grievance form and placing it in a pre-addressed/stamped envelope that will be provided to you at intake. You can place this envelope in the locked Grievance Box If you have experienced sexual abuse or sexual harassment at Pathway, we will provide you with access to a victim advocate from the Child Advocacy Center, whose role is to provide emotional support services throughout the investigative process. To request access to a victim advocate, speak with your therapist or make a written request to your therapist, the PREA Compliance Manager (Program

	Director), or the PREA Coordinator. Posting (Advocacy and Emotional Support). The postings contained the following information: pathway provides victim advocacy through southeast child advocacy center, which includes the following for sexual abuse or sexual assault victims: · Medical care to any sexual abuse or assault victim · Sexual Assault Forensic Examinations · Forensic interviews · Contact with a victim advocate via phone or in person visits · Follow-up services and crisis intervention contacts as necessary *** A supervisor or therapist will listen to calls made to victim advocacy, so what you say might not be completely private. ***Pathway staff and Victim advocates have to report any crimes or possible Harm to the right people. 	the Director to access interpreter services as needed. Since the facility's opening, there has been no need to use interpreter services, but staff demonstrated preparedness to do so. Interviews Intake Staff: The staff member reported all residents receive PREA education during intake through verbal instruction, educational videos, brochures, pamphlets, and signed acknowledgements. Staff stated residents are educated on their right to be free from sexual abuse, sexual harassment, and retaliation, as well as reporting procedures and available victim advocacy services. The interviewee further indicated staff confirm resident understanding by asking questions, reviewing reporting steps, and providing additional explanation when necessary. The interviewee stated residents are made aware of their PREA rights and reporting procedures immediately upon intake and no later than the following day after admission to the facility. Resident Interview Questionnaire- All of the interviewed residents reported that when they first came to the facility, they received information about the facility’s rules against sexual abuse and harassment. The staff went over the information and they watched a video. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.333 (c). Current residents who have not received such education shall be educated within one year of the effective date of the PREA standards and shall receive education upon transfer to a different facility to the extent that the policies and procedures of the resident's new facility differ from those of the previous facility. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, all residents received PREA related education within 10 days of being placed at the facility. Additionally, residents transferred from another facility will receive PREA education upon intake and during orientation. It was further reported that the residents receive PREA education within the date of admission. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Clients/Residents who are transferred from one facility to another shall be educated regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents. All

	Pathway facilities follow the same policies and procedures regarding responding to such incidents” (p. 11). Resident Education Documentation: The facility tracks resident participation in education sessions through the completion of the Resident Orientation Acknowledgement Form. During the mock intake process, the auditor observed residents signing electronically upon completion of the education. The auditor also reviewed 20 signed Resident Orientation Acknowledgement forms. It was further reported by the staff and residents that the review of resident education occurs on the first day of placement at the facility. Interviews Intake Staff: The interviewee stated the facility ensures both newly admitted and transferred residents receive PREA education by verbally reviewing PREA information with residents and requiring them to watch a PREA educational video during intake. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.333 (d). The agency shall provide resident education in formats accessible to all residents, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to residents who have limited reading skills. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As indicated in the PAQ, resident PREA education is not available in formats accessible to all residents, including those that are: limited English proficient (LEP), deaf, visually impaired, otherwise disabled, limited in their reading skills. It was further reported that the clients admitted to this program would not be eligible for admission if there was an identified disability or LEP. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “explaining Pathway's zero-tolerance policy regarding sexual abuse and sexual harassment, how to report incidents or suspicions of sexual abuse or sexual harassment, their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents. This information is provided in an appropriate age format to ensure understanding and to meet the needs of clients who have limited reading skills or other needs requiring an interpreter.

	Pathway is an intense, cognitively demanding treatment program. As such, Pathway will provide resident education in formats accessible to all residents; however, Pathway's Diversion treatment program cannot accommodate those who are limited English proficient, deaf, visually impaired, or otherwise disabled” (p. 11). PREA Posters (English/Spanish): The posters were updated during the post-onsite audit phase to a format consistent with a fifth grade reading level. Additionally, the PREA Coordinator noted that residents with disabilities are not eligible for placement in the program. The posters are available in English and Spanish Written Materials: The PREA Client Handbook and Facility Rules Handbook are provided at an appropriate reading level and are accessible to all residents, including those with limited English proficiency (LEP). These handbooks are available in both English and Spanish. Interpreter Services: The facility offers interpreter services when needed, including for Deaf and non-English speaking residents. Intake staff coordinate with the facility director to arrange these services as required. The language line offers on demand services 24/7 for nine languages, and additional language services as requested. PREA Video Presentation: The intake staff also showed the auditor how they present the PREA video to residents as part of their orientation. The PREA Video covers information about residents right to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents. The staff demonstrated that once they go over the documents the residents watch the PREA video and sign acknowledging receipt of information. The auditor was able to observe how the residents electronically sign on a signature pad. For the immediate, the PREA video is available to residents who have a reading disability as they can audio learn the information. In addition, the staff and residents reported that the mental health staff verbally goes overall documentation and asks to follow up questions for knowledge and understanding. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.333 (e). The agency shall maintain documentation of resident participation in these education sessions. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency maintains documentation of resident participation in the PREA education sessions.

	Resident Education Documentation: The facility tracks resident participation in education sessions through the completion of the Resident Orientation Acknowledgement Form. During the mock intake process, the auditor observed residents signing electronically upon completion of the education. The auditor also reviewed 20 signed Resident Orientation Acknowledgement forms. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.333 (f). In addition to providing such education, the agency shall ensure that key information is continuously and readily available or visible to residents through posters, resident handbooks, or other written formats. Compliance Determination: The facility reported in the PAQ that the agency will ensure that key information is continuously and readily available or visible to residents through posters, resident handbooks, or other written formats. Resident Handbook states: · Resident Handbook states: If you need to report sexual harassment, sexual abuse, staff sexual misconduct, retaliation by other clients or staff members for reporting sexual abuse/harassment/ misconduct, or staff neglect that may have contributed to any of the above incidents, you can use the following reporting methods: · Make a written report by completing a Grievance Form, which can be turned into to the PREA Compliance Manager/Program Director · Make a verbal report by asking to speak with your therapist, the shift leader on duty, or the PREA Compliance Manager/Program Director · Make a written or verbal report to any staff member that you trust (Group leader, Teacher, Nurse, Food Service Staff, etc.) · Ask to call the Rape Crisis Hotline · Report anonymously to Pathway by completing a Grievance Form without signing the form and placing the form in the locked Grievance Box · Report anonymously to a third party by writing a letter/filling out an unsigned grievance form and placing it in a pre-addressed/stamped envelope that will be provided to you at intake. You can place this envelope in the locked Grievance Box If you have experienced sexual abuse or sexual harassment at Pathway, we will

	provide you with access to a victim advocate from the Child Advocacy Center, whose role is to provide emotional support services throughout the investigative process. To request access to a victim advocate, speak with your therapist or make a written request to your therapist, the PREA Compliance Manager (Program Director), or the PREA Coordinator. Site Review Write-Up: Observation of PREA Signage Throughout the Facility During the site review, the auditor conducted a thorough walkthrough of the facility to actively observe all posted and printed signage related to PREA compliance, civil immigration, victim support services, and sexual abuse/harassment reporting mechanisms. The goal of the signage review was to assess readability, accessibility, consistency, accuracy, and overall visibility for both staff and persons confined in the facility. Signage Readability and Accessibility Language Clarity: The signage reviewed throughout the facility used plain, easy-to-understand language appropriate for a general audience, including individuals with limited literacy. Information on how to report sexual abuse and harassment, how to access outside victim services, and the facility's zero-tolerance policy was clearly stated. Language Availability: Most signage was provided in English, which staff confirmed are the most commonly spoken languages among the population. Staff also reported that translations for other languages are available upon request, though signage in additional languages was not prominently posted during the walkthrough. Formatting and Placement: Signs featured large, legible font sizes with clear headers, bold formatting, and color contrast, making them accessible for individuals with low vision. Signage was generally placed at an average eye level and in locations accessible to persons using wheelchairs or other mobility aids. No signage was found to be obstructed by furniture, poorly lit areas, or hidden from view. Condition of Signage: The auditor did not observe any signs that were damaged, defaced, or unreadable. All posted materials were intact, free from graffiti, and clearly legible. Hotline numbers and external service contacts were clearly displayed without obstruction. Signage Accuracy and Consistency Current and Accurate Information: The PREA Audit Notice was prominently posted at facility entry points and housing unit bulletin boards, and it was specific to the current audit cycle. The contact information for reporting and external support services (state rape crisis center, emotional support hotline) was consistent across all locations. Consistency Across Facility Areas:

	All observed PREA posters, victim services flyers, and reporting instructions displayed uniform contact information, terminology, and policy references. No discrepancies in provider names, phone numbers, or addresses were identified. Signs for civil immigration information were also accurate and clearly delineated their purpose. Placement of PREA and Related Signage The auditor observed PREA-related signage placed in all relevant and required areas, including: Housing Units: Posters outlining reporting methods and the zero-tolerance policy were posted on dayroom bulletin boards and in close proximity to phones used for confidential reporting. Medical and Mental Health Areas: only for mental health. Medical does not have a designated site on campus. Booking and Intake Area: PREA education and reporting information was available at intake, in both written and poster form. There is not a formal booking area. Conducted in mental health staff office. Staff Areas: Staff breakrooms and locker rooms had visible signage related to staff responsibilities under PREA and contact information for the facility's PREA Coordinator. The visibility and accessibility of this information ensured that it could be retained by both staff and individuals confined in the facility. All signage appeared to be permanent, with the exception of the audit notice, which staff confirmed is posted specifically for the audit period in accordance with PREA requirements. Informal Conversations with Staff and Persons Confined The auditor conducted informal conversations with both staff and persons confined in the facility to assess their familiarity with the posted signage: Staff Feedback: Staff were able to describe the locations of PREA signage and confirmed that the signs are a routine, permanent part of the facility environment, not just posted for audit purposes. Staff stated they refer individuals to the signage when questions arise about reporting or support. Persons Confined Feedback: Several persons confined in the facility confirmed that PREA and support service information is visible in housing units and intake areas. One individual noted they had read the information on how to report abuse and where to get help shortly after arrival. Others confirmed they knew where to find the hotline number and had seen the signage multiple times. Corrective Actions:

	N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.334	**Specialized training: Investigations**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Certificate of Completion PREA: Investigating Sexual Abuse in a Confinement Setting (1) d. Training Curriculum 2. Interviews: a. Investigative staff (1) Findings (By Provision): 115.334 (a). In addition to the general training provided to all employees pursuant to § 115.331, the agency shall ensure that, to the extent the agency itself conducts sexual abuse investigations, its investigators have received training in conducting such investigations in confinement settings. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: As indicated in the PAQ, the agency/facility does not have trained investigators as all PREA-related investigations are conducted by an outside entity. The agency does not conduct any sexual abuse investigations. While the facility does not conduct investigations, the auditor recommended that a facility staff person complete the specialized training for investigations in the event the administrative component is not addressed by the outside investigator. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway will provide training as needed for staff to conduct administrative investigations” (p. 10). Certificate of Completion PREA: Investigating Sexual Abuse in a Confinement Setting (1) Training Curriculum: The agency employs the NIC's "Investigating Sexual Abuse in Confinement Settings" training curriculum. Interviews Investigative Staff: The interviewed staff reported that they received training specific to conducting sexual abuse and sexual harassment investigations in confinement settings. The training included: techniques for interviewing juvenile sexual abuse victims, proper use of Miranda and Garrity warnings, Sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative or prosecution referral. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.334 (b). Specialized training shall include techniques for interviewing juvenile sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Certificate of Completion PREA: Investigating Sexual Abuse in a Confinement Setting (1) Training Curriculum: The agency employs the NIC's "Investigating Sexual Abuse in Confinement Settings" training curriculum.

	Interviews Investigative staff: The staff interviewed reported that the training included all of the above. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.334 (c). The agency shall maintain documentation that agency investigators have completed the required specialized training in conducting sexual abuse investigations. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency maintains documentation showing that investigators have completed the required training. The number of investigators currently employed who have completed the required training: 1. Certificate of Completion PREA: Investigating Sexual Abuse in a Confinement Setting (1). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.334 (d). Auditor is not required to audit this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.335	**Specialized training: Medical and mental health care**

	Auditor Discussion
	The following evidence was analyzed in making compliance determination: Documents: · Pre-Audit Questionnaire (PAQ) · Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual · Certification for Specialized Training PREA 201 for Medical and Mental Health practitioners (2) · Annual PREA Training (2) · Training Curriculum (NIC-PREA 201 Medical and Mental Health Training) Interviews: Medical and Mental Health Staff (2) Findings (By Provision): 115.335 (a). The agency shall ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in:(1) How to detect and assess signs of sexual abuse and sexual harassment;(2) How to preserve physical evidence of sexual abuse;(3) How to respond effectively and professionally to juvenile victims of sexual abuse and sexual harassment; and (4) How and to whom to report allegations or suspicions of sexual abuse and sexual harassment. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The agency has a policy related to the training of medical and mental health practitioners who work regularly in its facilities. The number of all medical and mental health care practitioners who work regularly at this facility received the training required by agency policy: 2. The percentage of all medical and mental health care practitioners who work regularly at this facility received the training required by agency policy. 100. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “All full and part time medical and mental health care practitioners employed by Pathway receive training regarding: a. How to detect and assess signs of sexual abuse and sexual harassment b. How to preserve physical evidence of sexual abuse

	c. How to respond effectively and professionally to juvenile victims of sexual abuse and sexual harassment d. How and to whom to report allegations or suspicions of sexual abuse and sexual harassment All full time medical and mental health care practitioners employed by Pathway shall receive training as indicated in the above “Staff Training” section of this Policy Manual” (p. 10). Certification for: Specialized Training PREA 201 for Medical and Mental Health practitioners (22) Training Curriculum: The agency employs the NIC's "PREA 201Medical and Mental Health Training" training curriculum. Interviews Medical and Mental Health Staff: Both interviewees reported receiving specialized PREA-related training regarding sexual abuse and sexual harassment. Staff described training on recognizing signs of abuse, preserving physical evidence, responding professionally to victims, reporting requirements, and the proper chain of command for notifications and investigations. Staff also discussed training related to victim support, crisis response, and maintaining evidence integrity following an allegation. Corrective Action: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.335 (b). If medical staff employed by the agency conduct forensic examinations, such medical staff shall receive the appropriate training to conduct such examinations. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, agency medical staff at this facility do not conduct forensic medical exams. The facility does not conduct forensic examinations. Forensic examinations if needed will be conducted at the local child advocacy center. Interviews Medical and Mental Health Staff: The staff interviewed reported that they do not

	complete forensic medical exams. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.335 (c). The agency shall maintain documentation that medical and mental health practitioners have received the training referenced in this standard either from the agency or elsewhere. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility maintains training records of the medical and mental health staff. A sample of three medical and mental health staff records were reviewed and confirmed that the staff receives training as required by the standard. Certification for: Specialized Training PREA 201 for Medical and Mental Health practitioners (2) Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.335 (d). Medical and mental health care practitioners shall also receive the training mandated for employees under § 115.331 or for contractors and volunteers under § 115.332, depending upon the practitioner's status at the agency. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: General PREA Training records: The facility provided in service rosters for the two onsite clinical staff. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings:

	The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.341	**Obtaining information from residents**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Risk Screening (20) d. Reassessment (23) e. Updated Assessment Tool Instruction f. List of Residents Admitted into Facility Last 12 months 2. Interviews: a. Staff responsible for risk screening (1) b. Random sample of residents (10) c. PREA Coordinator d. PREA compliance manager Findings (By Provision): 115.341 (a). Within 72 hours of the resident's arrival at the facility and periodically throughout a resident's confinement, the agency shall obtain and use information about each resident's personal history and behavior to reduce the risk of sexual abuse by or upon a resident. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency has a process in place to screen and support the residents in care. The policy requires that residents be screened for risk of sexual victimization or risk of sexually abusing other residents within 72 hours of their intake. The number of residents entering the facility (either through intake of transfer) within the past 12 months whose length of stay in the facility was for 72 hours or more and who were screened for risk of sexual victimization or risk of sexually abusing other residents within 72 hours of their entry into the facility: 28. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Pathway clients/residents will be assessed for their risk of being sexually abused by others or sexually abusive toward others. Within 24 hours of intake, clients/residents will be assessed to determine whether they meet specific criteria indicating vulnerability to sexual abuse. Residents may not be disciplined for refusing to answer or failing to disclose information in regard to the assessment questions. Potential Victim: During initial assessment meeting, residents will be assessed, utilizing an objective screening tool, to specifically determine their vulnerability as indicated by the following risk factors: Prior sexual victimization or abusiveness; Any gender nonconforming appearance or manner or identification as lesbian, gay, bisexual, transgender, or intersex, and whether the resident may therefore be vulnerable to sexual abuse; · Current charges and offense history; · Age; · Level of emotional and cognitive development; · Physical size and stature; · Mental illness or mental disabilities; · Intellectual or developmental disabilities; · Physical disabilities; · The client’s own perception of vulnerability; · Whether the client/resident has previously been in a residential facility or incarcerated; · Client/resident has prior convictions for sex offenses against an adult or child · Any other specific information about individual clients that may indicate

	heightened needs for supervision, additional safety precautions, or separation from certain other clients. A client/resident should be designated with and identified for vulnerability if: · Three or more of the above criteria apply; or · One or more of these factors apply with sufficient documentation by the reviewer to warrant concern. The client’s therapist will reassess each client's/resident's risk of victimization or abusiveness within 30 days after the initial meeting based upon any additional, relevant information received by Pathway since the initial screening. · A client's/resident's risk level will be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the client's/resident's risk of sexual victimization or abusiveness. · To ensure confidentiality and sensitivity of information of the client's/resident's responses on the assessment, assessment information will be kept in the client's/ resident's confidential file. However, communication will be disseminated to staff regarding a client’s overall risk of victimization or risk of perpetrating a violent or sexual act. This will include only the clinician’s assessment of risk, information specific to the client’s history (pp. 11-12). The auditor reviewed a list of residents admitted into the facility in the last 12 months. Twenty files were randomly selected for review. Records of Residents: The auditor reviewed the Pathway Vulnerability Assessment for 20 residents, and it was determined that the facility consistently completes the assessments upon intake. Records of Residents: The auditor reviewed the Pathway Vulnerability Reassessment for (23) residents who were housed at the facility for at least 30 days. Initially, it was determined that the reassessments are not completed on a consistent basis; however, upon further review the auditor found that the reassessments were pulling a different admission date. The reassessment was pulling an initial admission date on residents who had more than one placement at the organization. Site Review Summary PREA Risk Screening As no new admissions occurred during the site review, the auditor requested a mock intake demonstration to observe the PREA risk screening process in practice. Staff Responsibilities and Screening Process The auditor verified that mental health staff are solely responsible for conducting PREA risk screenings. Screenings are conducted in private offices assigned to mental health staff within

each housing unit, ensuring confidentiality. Only the assigned mental health staff member is present during the screening.

During the mock demonstration, the staff member conducted the screening by asking each question individually, regularly confirming the residents' understanding and repeating responses to ensure accuracy.

In addition to direct responses, screening staff also consider perceived status when assessing risk.

The screening process utilizes an adjustment instrument specifically designed to collect relevant risk-related data.

Screenings are recorded electronically in a secure system accessible only to clinical staff and the facility director. Staff follow the instrument verbatim to ensure consistency and accuracy.

Prior to the screening, mental health staff review the resident's client file provided by the Department of Youth Services (DYS), which may include information such as criminal history, prior placements, psychological evaluations, family background, and trauma history.

Informal Conversations

With Mental Health Staff:
The auditor inquired about how staff address discrepancies between a resident's responses and background information provided by DYS. Staff indicated they would rephrase questions to clarify inconsistencies and stress the importance of honesty to ensure appropriate care and placement.

With Residents:
Residents interviewed confirmed that they completed the PREA risk screening on their first day at the facility. They stated the screening was conducted privately by mental health staff and included direct, specific questions regarding their safety and personal history. The Director will assist in the absence of mental health staff.

Interviews

Staff Responsible for Risk Screening – The staff member responsible for conducting risk screenings reported that residents are screened upon admission or transfer for risk of sexual victimization and sexual abusiveness toward other residents. The interviewee stated that screenings are completed during the intake process utilizing intake paperwork and a mental health status examination. The interviewee stated residents are screened for risk of victimization or abusiveness within 72 hours of intake, typically immediately upon arrival or by the following day. The staff member stated risk screening information is obtained through file reviews, documentation review, and direct conversations with the resident during intake and assessment processes. The interviewee reported resident risk levels are reassessed initially at approximately 30 days following intake and thereafter every three to six months.

	Resident Interview Questionnaire: All of the interviewed residents reported that when they first arrived at, they were asked questions like whether you have ever been sexually abused, whether you identify with being gay, bisexual, or transgender and whether or not they have a disability or think they may be in danger of sexual abuse. Approximately half reported that they have not been asked the questions again. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.341 (b). Such assessments shall be conducted using an objective screening instrument. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The PAQ indicated that the facility utilizes a risk assessment that is an objective screening instrument. The auditor reviewed the Pathway Vulnerability Assessment, and it was determined that the site is using an objective screening instrument. Objectivity was determined based on the following: o Standardized Criteria: It uses pre-determined, clear, and measurable criteria for evaluating risk. o Consistent Application: The instrument is applied uniformly to all individuals being assessed, ensuring that each person is evaluated using the same criteria and process. o Quantifiable Metrics: There is a numerical scoring system with clearly defined categories to measure risk, reducing reliance on personal judgment. o During the post onsite process, updates were made to the tool to clarify areas such as emotional and cognitive development; and intellectual or developmental disabilities. There is an instruction on the tool as to where to appropriately capture said areas. o It should be noted that based on the program description; admission criteria would exclude a resident with an IQ of 62 or below (PATHWAY - Moderate Program (pathway-inc.com). Corrective Actions: N/A. There are no corrective actions for this provision.

	Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.341 (c). At a minimum, the agency shall attempt to ascertain information about: (1) Prior sexual victimization or abusiveness; (2) no longer required; (3) Current charges and offense history; (4) Age; (5) Level of emotional and cognitive development; (6) Physical size and stature; (7) Mental illness or mental disabilities; (8) Intellectual or developmental disabilities; (9) Physical disabilities; (10) The resident's own perception of vulnerability; and (11) Any other specific information about individual residents that may indicate heightened needs for supervision, additional safety precautions, or separation from certain other residents. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: A review of the screening instrument confirmed that the above-mentioned areas ascertained on the Vulnerability Assessment Tool The assessment is conducted using an objective screening instrument. The Pathway Vulnerability Assessment ascertains the above information during the intake process. Resident Records Reviewed (Vulnerability Assessment): 20. The vulnerability assessment ascertained the above-mentioned information. Site Review Summary PREA Risk Screening As no new admissions occurred during the site review, the auditor requested a mock intake demonstration to observe the PREA risk screening process in practice. Informal Conversations With Mental Health Staff: The auditor asked how staff handle situations where a resident's information conflicts with the data provided by DYS. Staff reported that they would rephrase the question to clarify and emphasize the importance of honesty for effective treatment. With Residents: Residents interviewed confirmed that they completed the PREA risk screening on their first day at the facility. They stated the screening was conducted privately by mental health staff and included direct, specific questions regarding their safety and personal history. Interviews Staff Responsible for Risk Screening – The staff member reported the initial risk screening considers PREA education, mental health status, prior victimization history, prior abuse experiences, sexual assault history, physical abuse, and other trauma-related information disclosed by the resident during intake. The interviewee stated residents also receive PREA reporting information and view a PREA education video during the process. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.341 (d). This information shall be ascertained through conversations with the resident during the intake process and medical and mental health screenings; during classification assessments; and by reviewing court records, case files, facility behavioral records, and other relevant documentation from the resident's files. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: See provision (a).

	information is obtained through file reviews, documentation review, and direct conversations with the resident during intake and assessment processes. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.341 (e). The agency shall implement appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the residents' detriment by staff or other residents. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Site Review Risk Screening Process: The risk screening is conducted and securely stored in an electronic case management system, accessible only to clinical staff and facility directors. This system also includes other assessment tools, such as the DYS assessment, biopsychosocial evaluations, and treatment plans. Access Control: Informal conversations with mental health and direct care staff confirmed that access to the case management system, particularly to the assessments, is strictly limited to clinical staff and facility leadership. Additional conversation occurred with the facility director who further reported that there are limitations to who has access to the client case management system. Interviews PREA Coordinator – The interviewed PREA Coordinator reported that therapists and administrative staff have access to this information in their chart. PREA Compliance Manager- The interviewed staff reported that the information is limited to clinical staff and administrative staff. Staff Responsible for Risk Screening - The staff member stated access to resident risk assessment information is limited to designated personnel. Access to completed assessments is restricted to authorized personnel, specifically the mental health staff member and the Director, to protect sensitive information. Corrective Actions:

115.342	**Placement of residents**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Memo: Determining Group Placement for Residents d. Risk Assessment See 115.341 e. Sample Treatment Plans- standard 115.381 2. Interviews: a. PREA compliance manager b. PREA coordinator c. Staff responsible for Risk Screening (1) d. Director Findings (By Provision): 115.342 (a). The agency shall use all information obtained pursuant to § 115.341 and subsequently to make housing, bed, program, education, and work assignments

	for residents with the goal of keeping all residents safe and free from sexual abuse. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As stated in the PAQ, the facility uses information from the risk screening to inform housing, bed, work, education, and facility assignment with the goal of keeping the resident safe and free from sexual abuse. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Screening information shall be used to determine rooming assignments with the goal of keeping separate those clients/residents at high risk of being sexually victimized from those at high risk of being sexually abusive. Clients/Residents considered high risk for sexual victimization will be placed in room assignments on an individualized basis. Pathway will determine best to keep residents safe from sexual victimization. Housing decisions in general and specifically housing for more vulnerable clients are determined by the consensus of the Treatment Team. Pathway shall consider on a case-by-case basis whether a placement of any client would ensure the client's/resident's health and safety, and whether the placement would present management or security problems” (p. 12-13). Memo: The facility director provided a memo that stated the process below is used in determining group placement for residents: Upon admission, residents will typically be placed in the team with an available bed. However, the following factors will be taking into consideration when determining group placement: · History of victimization · Gender Identity · Sexual Orientation · History of Aggressive Behavior · Any previous relationships with other residents outside of Pathway Group placement for transgender and intersex residents will be based on safety, and they will be placed in the group in which they are most likely to be safe. Safety will also be a consideration for other residents identified as vulnerable, including residents whose sexual orientation is not heterosexual. The LGBTI residents will never be placed in separate groups solely due to their sexual orientation or gender identify/expression.

When possible, we will not place residents who are familiar with one another in the community in the same group.

Risk Assessment (20) completed. A sample of treatment plans in standard 115.381 provides documentation on the agencies' efforts to document how programming, placement, education, and housing decisions are made.

The facility is a moderate risk site that is designed like community resident program. There are four housing units that can maximum hold eight residents. All residents are placed in a single room that has no doors. The two dorms are programmed and educated separately allowing for no cross populating. Resident records are pre-reviewed along with onsite assessments to determine housing. Programming is limited to each dorm and the residents per dorm are educated separately. Programming onsite can include the following:

- Individual Counseling
- Medical Services
- Group Counseling
- Recreational Services
- Family Therapy
- Basic Living Skills Training
- Substance Abuse Treatment
- Independent Living Skills Training

The clinician is located on the dorm and provides all services except education and psychiatric services. Vocational services are limited to vocational awareness. Psychiatric services are as needed based on the resident needs and provided by the appropriate medical staff.

Upon intake the clinician conducts the assessment and reviews all documentation to determine a resident's vulnerability to victimization and sexually aggressive behaviors. Although the rooms are single occupancy if there are any identified concerns the residents will be placed in the most appropriate room or dorm. The auditor observed in review of the investigations that when an allegation was made the facility immediately made adjustments to housing if needed. When asked, the Director reported that if they cannot safely provide services to a resident, they will immediately call DYS to make the necessary arrangements for other placement.

	The clinician’s office and the direct care staff staging area sits in between the resident rooms. There are four rooms on each side, with the middle of the building serving as a common area. There is a treatment team that meets to review all new intakes along with ongoing meetings. Interviews PREA Compliance Manager – The interviewed staff reported that the information from the risk screening is used to determine housing, room placement, programming, and supervision needs. Staff Responsible for Risk Screening – The interviewee reported information obtained during the intake risk screening process is used to enhance resident safety by notifying facility leadership, developing protocols or safety measures when necessary, implementing treatment plans, reassessing needs at 30 days, and monitoring housing or supervision requirements to reduce the risk of sexual abuse and sexual harassment. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.342 (b). Residents may be isolated from others only as a last resort when less restrictive measures are inadequate to keep them and other residents safe, and then only until an alternative means of keeping all residents safe can be arranged. During any period of isolation, agencies shall not deny residents daily large-muscle exercise and any legally required educational programming or special education services. Residents in isolation shall receive daily visits from a medical or mental health care clinician. Residents shall also have access to other programs and work opportunities to the extent possible. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As stated in the PAQ, the facility has a policy that indicates that the residents at risk of sexual victimization will only be placed in isolation if less restrictive measures are inadequate to keeping them and other residents safe. The facility policy requires that residents at risk of sexual victimization who are placed in isolation have access to legally required educational programming, special education services, and daily large-muscle exercise. The number of residents at risk of sexual victimization who were placed in isolation in the past 12 months: 0 The number of residents at risk of sexual victimization who were placed in isolation

	who have been denied daily access to large muscle exercise, and/or legally required education or special education services in the past 12 months: 0 The average period of time residents at risk of sexual victimization were held in isolation to protect them from sexual victimization in the past 12 months: 0 Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that the "Isolation will be used only as a last resort when less restrictive measures are inadequate to keep them and other clients safe, and then only until an alternative means of keeping all clients safe can be arranged. During any period of isolation, clients shall not be denied daily large-muscle exercise, educational programming, or special education services. Clients in isolation shall have access to other programs and work opportunities to the extent possible, not to exceed the same access afforded to clients not in isolation. Clients in isolation shall receive daily visits from a medical or mental health care clinician. If a client is isolated, Pathway staff shall clearly document: o The basis for concern for the client's safety o The reason no alternative means of separation can be arranged. o If isolation lasts longer than 30 days, Pathway shall afford each client a review to determine whether there is a continuing need for separation from the general population." (p. 13). There are no residents placed in isolation therefore there are no documents to review. Upon review of the area where isolation could be used, it is more a separation room, as the resident would be behind a closed door with a large window forward facing the hallway. Staff indicated that they have never used the room, but if so, it would be used as a temporary cool off. The set up of the facility is moderate security level and the overall layout does not allow for a resident to be completely isolated if the more secure room is utilized. Interviews Director: The interviewed director reported that they have not had any instances of isolation due to sexual abuse allegation. Isolation would be used as a last resort. The facility director/designee stated residents would only be isolated as a last resort when less restrictive alternatives are insufficient to maintain safety, although the interviewee indicated the facility would more commonly separate involved residents and utilize one-to-one supervision measures. The interviewee stated residents placed in isolation are generally removed from isolation the same day when possible and are monitored by medical or mental health staff at least every two hours in accordance with policy. Medical and Mental Health Staff: Both interviewees stated residents placed in isolation receive visits and monitoring from medical and mental health staff. Staff indicated residents are routinely assessed during medication passes, upon request, or daily as needed to ensure medical, mental health, and safety needs are

addressed while in isolation.

Staff Responsible for Supervising Residents in Isolation: The interviewee reported that residents alleging sexual abuse are generally not placed in isolation at the facility. If separation from other residents is necessary to maintain safety, the facility uses the least restrictive approach possible and arranges alternative housing as soon as practicable. The interviewee stated that involuntary isolation for PREA-related reasons has not been observed at the facility.

The interviewee indicated that residents who are temporarily separated continue to receive access to programming, education, medical care, mental health services, and other essential services to the extent possible. Although the facility does not offer resident work opportunities, access to available treatment and educational services continues during temporary separation.

The interviewee explained that any temporary isolation would generally last no longer than approximately 24 hours and would include one-on-one supervision. Because residents are not maintained in involuntary isolation for extended periods, 30-day reviews have not been necessary in practice.

115.342 (h). If a resident is isolated pursuant to paragraph (b) of this section, the facility shall clearly document: (1) The basis for the facility's concern for the resident's safety; and (2) The reason no alternative means of separation can be arranged.

Compliance Determination:

The PAQ indicated that there were zero residents at risk of sexual victimization who were held in isolation in the past 12 months.

Upon review of the process and a room that can be used for isolation it does not appear that the site has a formal isolation process, more of a cool off area, as the resident would not be separated from other residents unless there were no other residents on the housing area. The overall set up of the facility and its security level

	is moderate. If a resident is placed in the room, its designed more in alignment with a less restrictive environment without the use of isolation. There were no residents identified as ever being placed in the “isolation” room and through informal conversation with residents the room has never been occupied during the placement at the facility. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.342 (i). Every 30 days, the facility shall afford each resident described in paragraph (h) of this section a review to determine whether there is a continuing need for separation from the general population. Compliance Determination: As reported in a PAQ, if a resident at risk of sexual victimization is held in isolation, the facility affords each such resident a review every 30 days to determine whether there is a continuing need for separation from the general population. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that Isolation will be used only as a last resort when less restrictive measures are inadequate to keep them and other clients safe, and then only until an alternative means of keeping all clients safe can be arranged. During any period of isolation, clients shall not be denied daily large-muscle exercise, educational programming, or special education services. Clients in isolation shall have access to other programs and work opportunities to the extent possible, not to exceed the same access afforded to clients not in isolation. Clients in isolation shall receive daily visits from a medical or mental health care clinician. If a client is isolated, Pathway staff shall clearly document: The basis for concern for the client’s safety The reason no alternative means of separation can be arranged. If isolation lasts longer than 30 days, Pathway shall afford each client a review to determine whether there is a continuing need for separation from the general population (p. 13). Interviews: Staff who Supervise Residents in Isolation: All direct care staff at the facility can supervise a resident in isolation. The interviewee indicated that residents who are temporarily separated continue to receive access to programming, education, medical care, mental health services, and other essential services to the extent possible. Although the facility does not offer resident work opportunities, access to available treatment and educational services continues during temporary

	separation. The interviewee explained that any temporary isolation would generally last no longer than approximately 24 hours and would include one-on-one supervision. Because residents are not maintained in involuntary isolation for extended periods, 30-day reviews have not been necessary in practice. Residents in Isolation (for risk of sexual victimization/who allege to have suffered sexual abuse) – During the onsite audit and upon file review there were no residents held in isolation. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

Findings (By Provision):

115.331 (a). The agency shall train all employees who may have contact with residents on:(1) Its zero-tolerance policy for sexual abuse and sexual harassment;(2) How to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures;(3) Residents' right to be free from sexual abuse and sexual harassment;(4) The right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment;(5) The dynamics of sexual abuse and sexual harassment in juvenile facilities;(6) The common reactions of juvenile victims of sexual abuse and sexual harassment;(7) How to detect and respond to signs of threatened and actual sexual abuse and how to distinguish between consensual sexual contact and sexual abuse between residents;(8) How to avoid inappropriate relationships with residents;(9) How to communicate effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming residents; and(10) How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities;(11) Relevant laws regarding the applicable age of consent.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, the agency trains all employees who may have contact with residents in the following matters:

· The agency’s zero-tolerance policy for sexual abuse and sexual harassment;

· How staff fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures;

· Residents right to be free from sexual abuse and sexual harassment;

· The right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment;

	· The dynamics of sexual abuse and sexual harassment in resident facilities; · The common reactions of sexual abuse and sexual harassment victims; · How to detect and respond to signs of threatened and actual sexual abuse; · How to avoid inappropriate relationships with residents; · How to communicate effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming residents; · How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities.; and · Relevant laws regarding the applicable age of consent. · Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Staff Training Pathway employees will receive training, based on PREA employee training standards. All current employees who have not received such training shall be trained within one year of the effective date of the PREA standards. Pathway shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. During the years in which an employee does not receive refresher training, Pathway shall provide refresher information on current sexual abuse and sexual harassment policies. Upon hire and annually thereafter, Pathway will provide targeted PREA training on the following: Pathway's zero-tolerance policy for sexual abuse and sexual harassment; Pathway's sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures; Clients'/Residents' rights to be free from sexual abuse and sexual harassment; The right of clients/residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment; The dynamics of sexual abuse and sexual harassment in a residential treatment facility; The common reactions of sexual abuse and sexual harassment victims; How to detect and respond to signs of threatened and actual sexual abuse; How to avoid inappropriate relationships with clients/residents;

	How to communicate effectively and professionally with clients/residents, including gay, bisexual, transgender, intersex, or gender nonconforming residents; and How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities. Relevant laws regarding the applicable age of consent. Gender specific training will be provided to the gender of the residents at the employee's facility. Pathway will document, through employee signature or electronic verification, that employees understand the training they have received. Training participation may be offered in-house, online, webinars, conferences, etc. Training topics will be added and offered based upon the annual training needs as assessed by the PREA Compliance Manager and the PREA Coordinator. Pathway will provide training as needed for staff to conduct administrative investigations (pp. 9-10). · Training Curriculum: The agency utilizes the PREA Employee Training Curriculum, available through the PREA Resource Center. · Sample of Training Record: New Hire (10); Refresher (9); The agency has a process were training is documented for PREA New Hire, Refresher and Mandatory Reporter Training. Interviews Random Sample of Staff – The interviewed staff reported that they have been trained on the agencies zero tolerance policy for sexual abuse and sexual harassment. The staff reported that the training included: a. The agency’s zero-tolerance policy on sexual abuse and sexual harassment? b. How to fulfill your responsibilities regarding sexual abuse and sexual harassment prevention, detection, reporting, and response, in accordance with agency policies and procedures? c. Resident’s right to be free from sexual abuse and sexual harassment? d. Residents’ and employees’ right to free from retaliation for reporting sexual abuse and sexual harassments? e. The dynamics of sexual abuse and sexual harassment in confinement? f. The common reactions of sexual abuse and sexual harassment victims? g. How to detect and respond to signs of threatened and actual sexual abuse? h. How to avoid inappropriate relationship with residents?

	i. How to communicate effectively and professionally with residents, including lesbians, gay, bisexual, transgender, intersex, or gender nonconforming residents? j. How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities? k. Relevant laws regarding the applicable age of consent? The staff consistently reported that they were trained on initial hire and that they received additional training throughout the year. When probed the staff were able to describe things like the common reactions of victims, what to look for, and how to respectfully talk to residents who may be lesbian, gay, bisexual, transgender or gender non-conforming. Additionally, staff reported that they go over PREA during staff meetings. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.331 (b). Such training shall be tailored to the unique needs and attributes of residents of juvenile facilities and to the gender of the residents at the employee's facility. The employee shall receive additional training if the employee is reassigned from a facility that houses only male residents to a facility that houses only female residents, or vice versa. Compliance Determination: The facility reported in the PAQ that training is tailored to meet the unique needs and attributes and gender of the residents at the facility. Employees who are reassigned from facilities housing the opposite gender are not given additional training. The site is only a male campus. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Gender specific training will be provided to the gender of the residents at the employee's facility” (p. 10). Sample of Training Record: New Hire (10); Refresher (9); The agency has a process were training is documented for PREA New Hire, Refresher and Mandatory Reporter Training. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.331 (C). All current employees who have not received such training shall be

	trained within one year of the effective date of the PREA standards, and the agency shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. In years in which an employee does not receive refresher training, the agency shall provide refresher information on current sexual abuse and sexual harassment policies. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, between trainings the agency provides employees who may have contact with residents with refresher information about current policies regarding sexual abuse and harassment. The frequency with which employees who may have contact with residents receive refresher training on PREA requirements: Annually. Sample of Training Record: New Hire (10); Refresher (9); The agency has a process were training is documented for PREA New Hire, Refresher and Mandatory Reporter Training. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.331 (d). The agency shall document, through employee signature or electronic verification, that employees understand the training they have received. Compliance Determinations: The facility has demonstrated compliance with this provision of the standard because: The PAQ indicated that the facility requires employees who may have contact with residents to document, via signature, that they understand the training they received. The facility will have the service providers, volunteers, and non-detention juvenile office staff sign an agreement acknowledging the facilities zero tolerance policy for sexual abuse and sexual harassment along with the duty to report. Training Acknowledgement: The agency ensures that employees who may have contact with residents confirm their understanding of the training received through either a signature or electronic verification. This acknowledgment is documented via the Acknowledgement and Receipt of PREA Training form (10). It should be noted that the facility is small therefore there was a limited number of newly hire staff in the last 12 months. Corrective Actions:

	N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.352	**Exhaustion of administrative remedies**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Grievances Reviewed (12 months) a. Grievance Form (English/Spanish) b. DYS Grievance Policy 2. Interviews: a. DYS Advocate b. Resident who Reported a Sexual Abuse (n/a) Findings (By Provision): 115.352 (a). An agency shall be exempt from this standard if it does not have administrative procedures to address resident grievances regarding sexual abuse. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency does not have an administrative process for dealing with resident grievances regarding sexual abuse and is not exempt from this standard. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual provides guidance on the process for residents to file a grievance. OFFICIAL RESPONSE FOLLOWING A CLIENT/RESIDENT REPORT/COORDINATED RESPONSE-Should a client/resident report a sexual abuse/assault by another client/ resident or staff, the following protocol should be followed: Staff shall immediately separate the alleged victim and abuser. The alleged victim may be placed in isolation to keep them safe from the alleged abuser only as a last resort if less restrictive measures are inadequate to keep them and other clients/residents safe and only until an alternative means of keeping all clients/residents safe can be arranged. Pathway will follow all requirements related to isolation (see Section IV, number 13). Staff shall preserve and protect any crime scene until appropriate steps can be taken to collect any evidence. If the report is made immediately following the abuse/assault and the victim has not showered, the victim shall remain in the accompaniment of staff and be instructed not to shower or change clothes, brush their teeth, etc. Ensure the alleged abuser does not take any actions that could destroy physical evidence as appropriate (washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, and eating). The staff shall immediately contact 911 for police and ambulance to respond if the victim needs medical attention. Staff is to request a police officer from the sexual abuse/assault unit. PREA Compliance Manager shall promptly report the allegation to the Department of Human Resources as well as the client’s legal guardian, unless Pathway has official documentation showing the legal guardian should not be notified. After hours, the staff on duty shall contact the PREA Compliance Manager and PREA Coordinator for additional instructions and support (may need additional staff to report to facility). During business hours, the PREA Compliance Manager or designee shall be contacted as soon as possible. The PREA Compliance Manager will be responsible for notifying the PREA Coordinator, who will notify the Chief Executive Officer as appropriately. The PREA Compliance Manager or designee will contact the referring agency and inform them of the situation. In cooperation with the local authorities, Pathway will

	determine the status of the accused. If the accused is not immediately taken into custody, Pathway management will evaluate and determine if the accused will be removed/terminated from the treatment program. Staff are to secure the area where the abuse took place, restricting it from client and staff access until the area is released by the police responding to the incident. Staff should attempt to obtain a written statement from the victim. Staff will also prepare a written report detailing what the client/resident reported to the staff member, additional information regarding observed evidence, actions taken, etc. At any time, the client/resident victim may refuse to participate in the process and not proceed with the investigation/reporting. The client/resident shall not be punished for refusing to cooperate with the investigation. Pathway will work with community resources and the client/resident to ensure that communications with community resources/advocates are confidential to the extent allowable by law. Prior to referral to a community resource, Pathway will inform client/resident of the extent to which client/resident may expect such communications to remain confidential. The client/resident may also report a sexual abuse/assault through a grievance form at any time, regardless of the time frame in which the alleged incident occurred. The client/resident shall be separated from the accused, and the victim shall be encouraged to report the incident to the police and receive medical attention/ evaluation. The same attention and services will be offered to a client/resident who reports sexual abuse days or weeks after the alleged abuse. All allegations of sexual abuse/assault shall be taken seriously by staff, recognized as traumatic to the client/resident victim and staff shall be sensitive at all times to the needs and emotions of the victim. Confidentiality and client/resident privacy shall be maintained at all times, with only those who have a direct "need to know" having access to the personal information and details of the victim and alleged perpetrator. If a client/resident does not believe their accusations of sexual abuse/assault were responded to appropriately, they do not feel safe as a result of the abuse, or any other concerns regarding the alleged abuse, they may submit a written grievance following the grievance chain of command up to the agency Chief Executive Officer. The decision and response of the agency Chief Executive Officer is final. As the needs of the client/resident victim are being met, the agency shall assemble the Sexual Abuse Response Team (SART), which may include: the client/resident's Therapist, Senior Shift Leader Supervisor, PREA Compliance Manager, PREA Coordinator, Director, and Chief Executive Officer. · The SART will ensure that the clients are safe, and the victim is being cared for physically and emotionally.

· The SART will ensure that policies and procedures are followed.

· The SART will review the incident and evaluate what possible warning signs were missing. If anything could have been done to prevent the abuse, a corrective action plan will be implemented to prevent an abuse from happening again in the same manner/location, etc.

· SART will ensure that the referring agencies are kept informed, and information is relayed between appropriate parties.

· The SART will assist in monitoring for potential retaliation.

· The SART will maintain investigative records of alleged sexual abuse or harassment as long as the alleged abuser is incarcerated or employed by Pathway plus five years.

If an allegation that is reported to and investigated by the appropriate legal authority does not result in criminal charges or disciplinary actions from that body, Pathway reserves the right to conduct an internal investigation. This investigation seeks to determine risk that the abuse/misconduct occurred and will provide Pathway with the opportunity to take the appropriate actions according to agency policy.

Incident reports, investigations, and results on client/resident sexual abuse/ misconduct will be retained for seven years; statistical data on sexual abuse/assault will be retained for ten years (pp. 17-19).

Grievance Form: The grievance forms utilized by the agency are the grievance process used by DYS. The DYS has an advocacy program where an advocate comes out weekly to review the grievances in the grievance box and discuss the grievances with the residents. Furthermore, the DYS Grievance policy states that if the grievance alleges sexual abuse will immediately notify the DYS chief advocate, through the chain of command, who will notify investigations.

Interviews:

DYS Advocate: The auditor conducted an informal interview with a DYS advocate. The advocate provided the auditor with the process used to review the grievances, meet with the youth and if there is a PREA related grievance they would immediately report the incident to the site leadership.

Corrective Actions:

115.352 (b). (1) The agency shall not impose a time limit on when a resident may submit a grievance regarding an allegation of sexual abuse. (2) The agency may apply otherwise-applicable time limits on any portion of a grievance that does not allege an incident of sexual abuse. (3) The agency shall not require a resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse. (4) Nothing in this section shall restrict the agency's ability to defend against a lawsuit filed by a resident on the ground that

	the applicable statute of limitations has expired Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency policy or procedure allows a resident to submit a grievance regarding an allegation of sexual abuse at any time regardless of when the incident is alleged to have occurred. The PAQ further states that agency policy does not require a resident to use an informal grievance process, or otherwise to attempt to resolve with staff, an alleged incident of sexual abuse. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: “The client/resident may also report a sexual abuse/assault through a grievance form at any time, regardless of the time frame in which the alleged incident occurred. The client/resident shall be separated from the accused, and the victim shall be encouraged to report the incident to the police and receive medical attention/evaluation. The same attention and services will be offered to a client/ resident who reports sexual abuse days or weeks after the alleged abuse” (p. 18). 12-month grievances (reviewed onsite) Blank Grievance Form (English/Spanish) Grievance Form: The grievance forms utilized by the agency are the grievance process used by DYS. The DYS has an advocacy program where an advocate comes out weekly to review the grievances in the grievance box and discuss the grievances with the residents. The DYS Policy further states that “no time limit exists when a youth may submit Grievance regarding an allegation of Sexual Abuse” (p. 8). The facility does not have a formal grievance process. The residents are allowed to complete a form and give it to a supervisor or the mental health worker. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.352 (c). The agency shall ensure that (1) A resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint, and (2) Such grievance is not referred to a staff member who is the subject of the complaint. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: The agency reported in the PAQ that the agency's policy and procedure allow a resident to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Clients/residents are provided access to tools to make written reports of any form of abuse, sexual harassment, retaliation by another client or staff member, and staff neglect or violation of responsibilities. These reports/ grievances can be given to any staff member at any time and shall not under any circumstances be submitted to the staff member who is the subject of the complaint” (p. 15). 12-month grievances (reviewed onsite there were non PREA related) Grievance Form: The grievance forms utilized by the agency are the grievance process used by DYS. The DYS has an advocacy program where an advocate comes out weekly to review the grievances in the grievance box and discuss the grievances with the residents. The DYS Policy further states that “no youth is required to use any informal Grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse” (p. 8). The facility does not have a formal grievance process. The residents are allowed to complete a form and give it to a supervisor or the mental health worker. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.352 (d). (1) The agency shall issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance. (2) Computation of the 90-day time period shall not include time consumed by residents in preparing any administrative appeal. (3) The agency may claim an extension of time to respond, of up to 70 days, if the normal time period for response is insufficient to make an appropriate decision. The agency shall notify the resident in writing of any such extension and provide a date by which a decision will be made. (4) At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, the resident may consider the absence of a response to be a denial at that level. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because:

	As reported in the PAQ, the agency's policy and procedures require that a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. In the past 12 months, the number of grievances that were filed that alleged sexual abuse: 1. In the past 12 months, the number of grievances alleging sexual abuse reached final decision within 90 days after being filed: 0. In the past 12 months, the number of grievances alleging sexual abuse involved extensions because final decision was not reached within 90 days: 0. The agency always notifies the resident in writing when the agency files for an extension, including notice of the date by which a decision will be made. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “A decision regarding the merits of any grievance or portion of a grievance alleging sexual harassment must be made within 90 days of the filling of the grievance. Regarding allegations of sexual abuse, Pathway will make an effort to encourage the investigating agency to ensure a decision is made regarding the merits of the grievance or portion of the grievance within 90 days” (p. 22). The DYS Policy further confirms the above requirements in that it states that “a final decision on the merits of any portion of a Grievance alleging Sexual Abuse comes within 90 days of the initial filling of the Grievance”. “Computation of the time period excludes time utilized by Youth in preparing any administrative appeal” (p. 8). Sexual Abuse Grievance: There were no identified sexual abuse grievances. Interviews: Residents who Reported a Sexual Abuse: There was one identified resident who reported a sexual abuse. They stated that the director was informed; however as of the onset date was not made aware of the results of the investigation. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.352 (e). (1) Third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, shall be permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse, and shall also be permitted to file such requests on behalf of residents. (2) If a third party, other than a parent or legal guardian, files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process. (3) If the resident declines to have the request processed on his or her behalf, the agency shall document the resident's decision.

	(4) A parent or legal guardian of a juvenile shall be allowed to file a grievance regarding allegations of sexual abuse, including appeals, on behalf of such juvenile. Such a grievance shall not be conditioned upon the juvenile agreeing to have the request filed on his or her behalf. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ that the agency policy and procedure permit third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse, and to file such requests on behalf of residents. The number of the grievances alleging sexual abuse filed by residents in the past 12 months in which the resident declined third-party assistance, containing documentation of the resident's decision to decline: 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Pathway permits third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, to assist clients/residents in filing requests for administrative remedies relating to allegations of sexual abuse, and file such requests on behalf of clients/residents. Clients are encouraged to report any act of sexual abuse or sexual harassment that they have witnessed or suspect. Third Party Reports from staff are required if they witness or suspect potential sexual abuse or sexual harassment in congruence with Pathway’s no tolerance policy. If a client declines to have third-party assistance in filing a grievance alleging sexual abuse, Pathway documents the client’s/resident’s decision to decline. Pathway allows parents or legal guardians of clients/residents to file a grievance alleging sexual abuse, including appeals, on behalf of such client/resident, regardless of whether or not the client/resident agrees to having the grievance filed on their behalf. Clients/Residents are provided reasonable and confidential access to their attorneys, other legal representation, and their parents/legal guardians (p. 16). The DYS policy further confirms the above in that third parties, including fellow youth, staff members, family members, attorneys, and outside advocates are permitted to assist residents in filling grievances that allege sexual abuse (p. 8). 12-month grievances (reviewed onsite) Site Review Summary

Signage, Internal Reporting Methods, Mail Process, and Record Storage

Signage

During the site review, the auditor observed a variety of posted and printed signage throughout the facility, including housing units, program areas, visitation spaces, medical and mental health areas, and administrative offices. Signage included information on PREA reporting procedures, outside victim support services, the PREA audit notice, civil immigration resources, and agency zero-tolerance policies.

Language & Accessibility: The signage was clear, concise, and written at an age-appropriate and accessible reading level for the population. Signs were available in English and other languages most commonly spoken at the facility. Font size, layout, and placement were appropriate for visibility, including by persons who may be visually impaired or use mobility devices. The auditor observed Spanish signage.

Placement: Information was consistently placed in high-traffic areas, including near phones, and entry points to ensure regular visibility and access. Locations afforded reasonable privacy for review, particularly those related to reporting procedures.

Condition & Accuracy: Signage was in good condition—legible, undamaged, and free of graffiti or tampering. Contact information for reporting and support services was consistent across postings, and audit notices reflected the current audit cycle.

Informal Conversations: Both staff and residents confirmed the signage is permanent (except for audit-specific notices) and readily accessible. Residents were able to identify PREA-related postings and understood their general content and purpose.

Informal Conversations:

With Staff and Residents:

Conversations confirmed that staff and residents are aware of the PREA posters and understand how to report incidents. It should be noted that staff reported that they could anonymously report using the grievance box as well.

Testing Internal Reporting Methods for Confined Persons

Internal Reporting:

The auditor evaluated the internal reporting methods by contacting the phone numbers listed on the facility’s posters. It was confirmed that residents can call the hotline to make a report, and if an allegation is made, the Department of Youth Services (DYS) will notify the facility to initiate an investigation. Calls made to the national hotline are redirected to the state DYS.

Written Reporting:

Residents can submit written reports by writing a letter to any staff member or by filing a grievance. Each housing unit has a DYS grievance box with forms available

	in both English and Spanish, ensuring residents have easy daily access to submit grievances. Informal conversations with residents confirmed that they have access to writing materials and can either place their grievance in the box or submit a written statement under the door of the mental health staff. Electronic Reporting: The facility does not currently offer electronic means for residents to report allegations of sexual abuse or harassment. Verbal Reporting: During informal and formal conversations, residents reported that they can verbally report incidents to any staff member or the DYS advocate, and they feel comfortable approaching trusted staff privately. Staff consistently reported that residents can verbally report allegations at any time, and if they receive a report, they notify their supervisor immediately and document the allegation without delay. Processes for Sending and Receiving Mail (Mail Drop Boxes/Mailroom) Outgoing Mail: The auditor observed that residents have ready access to paper and pencils for writing letters. The outgoing mail process is as follows: Residents write a letter, place it in an envelope obtained from the mental health staff, who then deliver it to administrative staff. Administrative staff verify that the letter is addressed to an approved authority. The Director confirmed that resident mail is not read before being sent. They simply place a stamp on the envelope and ensure the mail is sent. As a result of the last audit, facility created a process where the residents are given an envelope at intake with the mailing address of the outside victim and advocacy and emotional support team, where they can have confidential correspondence. Such mail would be placed in the grievance box, mailed and not read by staff. Incoming Mail: Incoming mail follows a similar process. The Director verifies that it is from an approved party, and residents open their mail in front of staff, shaking the envelope to ensure nothing is concealed. While the facility does not have a locked or secured mail drop box, all incoming and outgoing mail is logged, which the auditor observed. Mail access is managed by the mental health staff and the Director.

	Testing Third-Party Reporting Testing the Third-Party Reporting Method: The auditor evaluated the third-party reporting process using the method publicly available, such as through the agency or facility website. The method for third-party reporting posted on the website was confirmed to be easily accessible and understandable, and it is prominently featured on the agency's PREA site. A test report was submitted by the auditor, and an immediate response was received from the facility indicating that follow-up contact would be made regarding the report. The auditor received follow-up correspondence from the PREA coordinator confirming that the report had been acknowledged. Evidence was provided via email showing that the report was received by the facility. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.352 (f). 1) The agency shall establish procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse. (2) After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, the agency shall immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken, shall provide an initial response within 48 hours, and shall issue a final agency decision within 5 calendar days. The initial response and final agency decision shall document the agency's determination whether the resident is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The agency reported in the PAQ that the agency has a policy and established procedures for filing an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse. The agency's policy and procedure for emergency grievances alleging substantial risk of imminent sexual abuse require that a final agency decision be issued within 5 days. The number of emergency grievances alleging substantial risk of imminent sexual abuse that were filed in the

	past 12 months:0. The number of those grievances in 115.352(f)-3, that had an initial response within 48 hours: 0. The number of the grievances alleging substantial risk of imminent sexual abuse filed in the past 12 months that reached final decisions within 5 days: 0 Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.352 (g). The agency may discipline a resident for filing a grievance related to alleged sexual abuse only where the agency demonstrates that the resident filed the grievance in bad faith. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ the agency has a written policy that limits its ability to discipline a resident for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the resident filed the grievance in bad faith. In the past 12 months, the number of residents alleging sexual abuse resulted in disciplinary action by the agency against the resident for having filed the grievance in bad faith: 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Clients/residents who allege sexual abuse and sexual harassment by staff or other clients/residents, and whose allegations are proven by investigators to be false will be held accountable through all means available to the agency” (p. 15). The DYS policy further confirms that facilities may discipline a youth for filling a grievance related to sexual abuse/assault/harassment only where the facility demonstrates that the youth field the grievance in bad faith” (p. 9). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on

	analysis, the facility is compliant with all provisions in this standard.

115.353	**Resident access to outside confidential support services and legal representation**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. PREA Flyer d. PREA Victim Advocacy Flyer e. Resident Handbook f. Email Correspondence (Victim Advocacy Center) g. Sample Victim Advocacy Group 2. Interviews: a. Random sample of residents (10) b. Director c. PREA Compliance Manager d. Resident who Reported a Sexual Abuse (n/a) Findings (By Provision): 115.353 (a). The facility shall provide residents with access to outside victim advocates for emotional support services related to sexual abuse, by providing, posting, or otherwise making accessible mailing addresses and telephone numbers, including toll free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations, and, for persons detained solely for civil immigration purposes, immigrant services agencies. The facility shall enable

	reasonable communication between residents and these organizations and agencies, in as confidential a manner as possible. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility provides residents with access to an outside victim advocate for emotional supportive services related to sexual abuse. It further reports that the facility provides residents with access to such services by giving residents (by providing, posting, or otherwise making accessible) mailing addresses and telephone numbers (including toll-free hotline numbers where available) for local, State, or national victim advocacy or rape crisis organizations. The resident handbook has specific information for the residents to contact an outside advocate. The facility provides residents with access to such services by enabling reasonable communication between residents and these organizations in as confidential a manner as possible. The facility does not provide residents with access to such services by giving residents mailing addresses and telephone numbers (including toll-free hotline numbers where available) for immigrant services agencies for persons detained solely for civil immigration purposes; as they do not detain for civil immigration. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Victim advocates from the Baldwin County Child Advocacy Center (Baldwin) and Southeast Child Advocacy Center (Dothan) can be available at the forensic medical examination. This service is available to all Pathway clients. A Memorandum of Understanding (MOU) has been signed between Pathway, the Baldwin County Child Advocacy Center, and the Southeast Child Advocacy Center (p. 9). Resident Handbook states: If you need to report sexual harassment, sexual abuse, staff sexual misconduct, retaliation by other clients or staff members for reporting sexual abuse/harassment/ misconduct, or staff neglect that may have contributed to any of the above incidents, you can use the following reporting methods: · Make a written report by completing a Grievance Form, which can be turned into to the PREA Compliance Manager/Program Director · Make a verbal report by asking to speak with your therapist, the shift leader on duty, or the PREA Compliance Manager/Program Director · Make a written or verbal report to any staff member that you trust (Group leader, Teacher, Nurse, Food Service Staff, etc.) · Ask to call the Rape Crisis Hotline

	· Report anonymously to Pathway by completing a Grievance Form without signing the form and placing the form in the locked Grievance Box · Report anonymously to a third party by writing a letter/filling out an unsigned grievance form and placing it in a pre-addressed/stamped envelope that will be provided to you at intake. You can place this envelope in the locked Grievance Box If you have experienced sexual abuse or sexual harassment at Pathway, we will provide you with access to a victim advocate from the Child Advocacy Center, whose role is to provide emotional support services throughout the investigative process. To request access to a victim advocate, speak with your therapist or make a written request to your therapist, the PREA Compliance Manager (Program Director), or the PREA Coordinator. PREA Flyer: The PREA flyer states that “you can contact the National Rape Crisis Center by Requesting to speak with a supervisor or therapist. They will assist you by calling 1800-656-Hope. The flyer further indicates that there is a limitation to confidentiality. PREA Victim Advocacy Flyer: the PREA Victim Advocacy Flyer provides residents with information on how to contact the local victim advocacy center. Email correspondence with the victim advocacy center confirmed that the victim advocacy center identified by the agency contract can provide victim advocacy and emotional supportive services for residents at the program. Additionally, the facility informs the residents of victim advocacy and emotional supportive services through groups onsite. Site Review: Site Review Summary Signage, Internal Reporting Methods, Mail Process, and Record Storage Signage During the site review, the auditor observed a variety of posted and printed signage throughout the facility, including housing units, program areas, visitation spaces, medical and mental health areas, and administrative offices. Signage included information on PREA reporting procedures, outside victim support services, the PREA audit notice, civil immigration resources, and agency zero-tolerance policies. Language & Accessibility: The signage was clear, concise, and written at an age-appropriate and accessible reading level for the population. Signs were available in English and other languages most commonly spoken at the facility. Font size, layout, and placement were appropriate for visibility, including by persons who may be visually impaired or use mobility devices. The auditor observed Spanish signage. 	reasonable privacy for review, particularly those related to reporting procedures. Condition & Accuracy: Signage was in good condition—legible, undamaged, and free of graffiti or tampering. Contact information for reporting and support services was consistent across postings, and audit notices reflected the current audit cycle. Informal Conversations: Both staff and residents confirmed the signage is permanent (except for audit-specific notices) and readily accessible. Residents were able to identify PREA-related postings and understood their general content and purpose. Informal Conversations: With Staff and Residents: Conversations confirmed that staff and residents are aware of the PREA posters and understand how to report incidents. It should be noted that staff reported that they could anonymously report using the grievance box as well. It was also noted that staff and residents had limited knowledge about external victim advocacy and emotional support services. The facility has since implemented corrective actions to improve awareness and access to these services. Testing Internal Reporting Methods for Confined Persons Internal Reporting: The auditor evaluated the internal reporting methods by contacting the phone numbers listed on the facility's posters. It was confirmed that residents can call the hotline to make a report, and if an allegation is made, the Department of Youth Services (DYS) will notify the facility to initiate an investigation. Calls made to the national hotline are redirected to the state DYS. Written Reporting: Residents can submit written reports by writing a letter to any staff member or by filing a grievance. Each housing unit has a DYS grievance box with forms available in both English and Spanish, ensuring residents have easy daily access to submit grievances. Informal conversations with residents confirmed that they have access to writing materials and can either place their grievance in the box or submit a written statement under the door of the mental health staff. Electronic Reporting: The facility does not currently offer electronic means for residents to report allegations of sexual abuse or harassment. Verbal Reporting:

	During informal and formal conversations, residents reported that they can verbally report incidents to any staff member or the DYS advocate, and they feel comfortable approaching trusted staff privately. Staff consistently reported that residents can verbally report allegations at any time, and if they receive a report, they notify their supervisor immediately and document the allegation without delay. Processes for Sending and Receiving Mail (Mail Drop Boxes/Mailroom) Outgoing Mail: The auditor observed that residents have ready access to paper and pencils for writing letters. The outgoing mail process is as follows: Residents write a letter, place it in an envelope obtained from the mental health staff, who then deliver it to administrative staff. Administrative staff verify that the letter is addressed to an approved authority. The Director confirmed that resident mail is not read before being sent. They simply place a stamp on the envelope and ensure the mail is sent. Such mail would be placed in the grievance box, mailed and not read by staff. Incoming Mail: Incoming mail follows a similar process. The Director verified that it is from an approved party, and residents open their mail in front of staff, shaking the envelope to ensure nothing is concealed. While the facility does not have a locked or secured mail drop box, all incoming and outgoing mail is logged, which the auditor observed. Mail access is managed by the mental health staff and the Director. Testing Access to Outside Emotional Support Services During the onsite audit, the auditor assessed the facility’s ability to provide timely, confidential, and equitable access to outside emotional support services for persons confined in the facility. The review focused on both physical access to telephones and the operational connectivity and responsiveness of the designated outside service provider. Phone Access and Functionality The auditor tested the phone designated for emotional support service calls using the same process available to residents. The phone was operational, had a clear dial tone, and successfully connected to the external support service provider listed on

	facility signage. However, it should be noted that such access is not direct and would be coordinated with the clinician. The number posted was confirmed to be toll-free and accurately routed to the correct organization contracted or designated to provide outside emotional support. A live person answered the call, and the auditor verified the organization's awareness of their role in supporting residents from the facility. The representative affirmed that they provide confidential emotional support services to incarcerated individuals and are prepared to receive calls from the population served at this location. Availability and Accessibility Phones were observed in housing units and other designated areas. Informal interviews with residents confirmed regular and reasonable access to phones during non-restricted hours. Resident access to phones is limited to coordination with the clinical staff. There is no restricted housing at this site. Facility staff reported that interpreter services are available upon request to assist residents in connecting with the provider when necessary. Confidentiality Phones used for emotional support calls are located in areas that afford reasonable privacy. These include private corners of the housing unit, medical and mental health offices, or other spaces with reduced visibility and audibility by staff or other residents. However, confidentiality is limited as clinical staff would coordinate the calls. Staff reported that calls to emotional support services are monitored but not recorded. Informal Conversations · Conversations with residents indicated general awareness of the availability of outside services, however they were not aware of what the services may be. · Staff demonstrated a clear understanding of the process for facilitating resident contact with outside support services, particularly for individuals in segregated housing or with additional needs. Interviews Random sample of residents: Knowledge regarding outside victim advocacy services varied. Some residents recalled information in the handbook or knowing outside resources existed, while others were unsure of specific organizations or confidentiality provisions. This suggests residents generally understood help was available, although recall of specific advocacy resources differed among individuals.

	Resident who Reported a Sexual Abuse: There were no residents on site who reported a sexual abuse. Corrective Actions: Victim Advocacy Group: The facility shall conduct a group with the residents to educate them on victim advocacy. Posters: The facility shall place more posters on information on the victim advocacy services. Corrective Action Completed: Victim Advocacy Group: The facility conducted a victim advocacy group with residents to provide education on available victim advocacy services, including how to access emotional support and reporting resources. Posters: The facility has installed additional posters throughout the facility that provide information on available victim advocacy services and resources, ensuring residents have increased access to this information. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.353 (b). The facility shall inform residents, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility informs residents, prior to giving them access to outside support services, the extent to which such communications will be monitored. It was also reported that the facility informs residents, prior to giving them access to outside support services, of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant Federal, State, or local law. The PREA Flyer provides general information on the zero tolerance for sexual abuse and sexual harassment. Along with the numbers for the rape crisis center, and limitations to confidentiality. PREA Flyer: The PREA flyer states that “you can contact the National Rape Crisis Center by Requesting to speak with a supervisor or therapist. They will assist you by calling 1800-656-Hope. The flyer further indicates that there is a limitation to confidentiality along with the mandated reporting requirements.

PREA Victim Advocacy Flyer: the PREA Victim Advocacy Flyer provides residents with information on how to contact the local victim advocacy center.

Email correspondence with the victim advocacy center confirmed that the victim advocacy center identified by the agency contract can provide victim advocacy and emotional supportive services for residents at the program.

It should also be noted that the MOU with the Southeast Alabama Child Advocacy Center Dothan, states that the facility shall provide clients with confidential access to the Center via phone or mail.

Interviews

Resident Interview Questionnaire: Knowledge regarding outside victim advocacy services varied. Some residents recalled information in the handbook or knowing outside resources existed, while others were unsure of specific organizations or confidentiality provisions. This suggests residents generally understood help was available, although recall of specific advocacy resources differed among individuals.

Resident who Reported a Sexual Abuse: There were no residents on site who reported a sexual abuse.

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.353 (c). The agency shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide residents with confidential emotional support services related to sexual abuse. The agency shall maintain copies of agreements or documentation showing attempts to enter into such agreements.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, the agency or facility does not maintain memoranda of understandings or other agency agreements with community service providers that are able to provide residents with emotional support services related to sexual abuse.

MOU Southeast Alabama (CAC) provides guidance on access to outside emotional support services that are provided through the CAC. More specifically the agreement states that the advocacy center will provide follow up services and crisis intervention contacts to victims of sexual assault at Pathway, as necessary as resources allow.

	Email correspondence with the victim advocacy center confirmed that the victim advocacy center identified by the agency contract can provide victim advocacy and emotional supportive services for residents at the program. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.353 (d). The facility shall also provide residents with reasonable and confidential access to their attorneys or other legal representation and reasonable access to parents or legal guardians. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility provides residents with reasonable and confidential access to their attorneys or other legal representation, and parents or legal guardians. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Clients/Residents are provided reasonable and confidential access to their attorneys, other legal representation, and their parents/legal guardians” (p. 16). Interviews Director/PREA Compliance Manager: The interviewee’s stated residents are provided confidential access to attorneys and legal representatives through sealed mail procedures and private phone calls that are visually supervised but not monitored or recorded. The facility director/designee reported residents are provided access to parents and legal guardians through mail, phone calls, FaceTime opportunities, and therapeutic contacts facilitated by staff when necessary. Resident Interview Questionnaire: Residents reported they could communicate with attorneys, parents, guardians, and approved contacts. Most stated staff remained nearby for safety and supervision during telephone calls or visitation but generally allowed conversations to occur without unnecessary interference. Resident who Reported a Sexual Abuse: There were no residents on site who reported a sexual abuse. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined

	that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.354	**Third-party reporting**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: · Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual · Pathway website: https://www.pathway-inc.com/_files/ugd/139228_ea9b8d3d1-c9744cfafad05632b8786e6.pdf · Third Party Reporting fillable form Findings (By Provision): 115.354 (a). The agency shall establish a method to receive third-party reports of sexual abuse and sexual harassment and shall distribute publicly information on how to report sexual abuse and sexual harassment on behalf of a resident. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility provides a method to receive third-party reports of resident sexual abuse or sexual harassment, and the agency/facility publicly distributes information on how to report resident sexual abuse or sexual harassment on behalf of residents. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Pathway permits third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, to assist clients/residents in filing

	requests for administrative remedies relating to allegations of sexual abuse, and file such requests on behalf of clients/residents. Clients are encouraged to report any act of sexual abuse or sexual harassment that they have witnessed or suspect. Third Party Reports from staff are required if they witness or suspect potential sexual abuse or sexual harassment in congruence with Pathway's no tolerance policy. If a client declines to have third-party assistance in filing a grievance alleging sexual abuse, Pathway documents the client's/resident's decision to decline. Pathway allows parents or legal guardians of clients/residents to file a grievance alleging sexual abuse, including appeals, on behalf of such client/resident, regardless of whether or not the client/resident agrees to having the grievance filed on their behalf. Clients/Residents are provided reasonable and confidential access to their attorneys, other legal representation, and their parents/legal guardians (p.16). The website link contains the third-party reporting form: https://www.pathway-inc.c-om/_files/ugd/139228_ea9b8d3d1c9744cfafad05632b8786e6.pdf Site Review Summary Signage, Internal Reporting Methods, Mail Process, and Record Storage Signage During the site review, the auditor observed a variety of posted and printed signage throughout the facility, including housing units, program areas, visitation spaces, medical and mental health areas, and administrative offices. Signage included information on PREA reporting procedures, outside victim support services, the PREA audit notice, civil immigration resources, and agency zero-tolerance policies. Signs were available in English and other languages most commonly spoken at the facility. Font size, layout, and placement were appropriate for visibility, including by persons who may be visually impaired or use mobility devices. The auditor observed Spanish signage. Placement: Information was consistently placed in high-traffic areas, including near phones, and entry points to ensure regular visibility and access. Locations afforded reasonable privacy for review, particularly those related to reporting procedures. Condition & Accuracy: Signage was in good condition—legible, undamaged, and free of graffiti or tampering. Contact information for reporting and support services was consistent across postings, and audit notices reflected the current audit cycle. Informal Conversations: Both staff and residents confirmed the signage is

permanent (except for audit-specific notices) and readily accessible. Residents were able to identify PREA-related postings and understood their general content and purpose.

Informal Conversations:

With Staff and Residents:

Conversations confirmed that staff and residents are aware of the PREA posters and understand how to report incidents. It should be noted that staff reported that they could anonymously report using the grievance box as well.

Testing Internal Reporting Methods for Confined Persons

Internal Reporting:

The auditor evaluated the internal reporting methods by contacting the phone numbers listed on the facility's posters. It was confirmed that residents can call the hotline to make a report, and if an allegation is made, the Department of Youth Services (DYS) will notify the facility to initiate an investigation. Calls made to the national hotline are redirected to the state DYS.

Written Reporting:

Residents can submit written reports by writing a letter to any staff member or by filing a grievance. Each housing unit has a DYS grievance box with forms available in both English and Spanish, ensuring residents have easy daily access to submit grievances.

Informal conversations with residents confirmed that they have access to writing materials and can either place their grievance in the box or submit a written statement under the door of the mental health staff.

Electronic Reporting:

The facility does not currently offer electronic means for residents to report allegations of sexual abuse or harassment.

Verbal Reporting:

During informal and formal conversations, residents reported that they can verbally report incidents to any staff member or the DYS advocate, and they feel comfortable approaching trusted staff privately.

Staff consistently reported that residents can verbally report allegations at any time, and if they receive a report, they notify their supervisor immediately and document the allegation without delay.

Processes for Sending and Receiving Mail (Mail Drop Boxes/Mailroom)

Outgoing Mail:

	The auditor observed that residents have ready access to paper and pencils for writing letters. The outgoing mail process is as follows: Residents write a letter, place it in an envelope obtained from the mental health staff, who then deliver it to administrative staff. Administrative staff verify that the letter is addressed to an approved authority. The Director confirmed that resident mail is not read before being sent. They simply place a stamp on the envelope and ensure the mail is sent. As a result of the last audit, facility created a process where the residents are given an envelope at intake with the mailing address of the outside victim and advocacy and emotional support team, where they can have confidential correspondence. Such mail would be placed in the grievance box, mailed and not read by staff. Incoming Mail: Incoming mail follows a similar process. The Director verified that it is from an approved party, and residents open their mail in front of staff, shaking the envelope to ensure nothing is concealed. While the facility does not have a locked or secured mail drop box, all incoming and outgoing mail is logged, which the auditor observed. Mail access is managed by the mental health staff and the Director. TESTING THIRD-PARTY REPORTING Testing the Third-Party Reporting Method: The auditor evaluated the third-party reporting process using the method publicly available, such as through the agency or facility website. The method for third-party reporting posted on the website was confirmed to be easily accessible and understandable, and it is prominently featured on the agency's PREA site. A test report was submitted by the auditor, and an immediate response was received from the facility indicating that follow-up contact would be made regarding the report. The auditor received follow-up correspondence from the PREA coordinator confirming that the report had been acknowledged. Evidence was provided via email showing that the report was received by the facility. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined

	that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Code of Alabama 26-14-3 d. Investigations (1) 2. Interviews: a. Random sample of staff (9) b. Medical and mental health staff (2) c. Director d. PREA Compliance Manager Findings (By Provision): 115.361 (a). The agency shall require all staff to report immediately and according to agency policy any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency; retaliation against residents or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

	Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency requires all staff to report immediately and according to agency policy any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency. The agency requires all staff to report immediately and according to agency policy to make any retaliation against residents or staff who reported such an incident. The agency requires all staff to report immediately and according to agency policy any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “All staff are required to report immediately any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment occurring at Pathway; retaliation against residents or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation” (p. 15). Code of Alabama 26-14-3 provides the state mandatory reporting laws. Interviews: Random Sample of Staff – All of the interviewed staff reported that everyone is required to report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility; retaliation against residents or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. All staff reported similar policy/ procedure for reporting any information related to sexual abuse by notifying supervisor or Facility Director by going through chain of command. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.361 (b). The agency shall also require all staff to comply with any applicable mandatory child abuse reporting laws. Compliance Determination: The facility has demonstrated compliance with provision of the standard because: As reported in the PAQ, the facility requires that all staff comply with any applicable mandatory child abuse reporting laws.

	Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Staff are required to comply with all applicable mandatory child abuse reporting laws” (p. 15). Code of Alabama 26-14-3 provides the state mandatory reporting laws. Interviews Random Sample of Staff: Twelve random staff interviews; indicated a clear understanding of the duty to report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility; retaliation against residents(s) in custody or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident of retaliation immediately. The various ways staff indicated that they could make a report included, but was not limited to: · Report to supervisor /PREA Coordinator · Call the PREA Hotline · Complete an incident or grievance report Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.361 (c). Apart from reporting to designated supervisors or officials and designated State or local services agencies, staff shall be prohibited from revealing any information related to a sexual abuse report to anyone other than to the extent necessary, as specified in agency policy, to make treatment, investigation, and other security and management decisions. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, apart from reporting to the designated supervisors or officials and designated State or local service agencies, agency policy prohibits staff from revealing any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment, investigation, and other security and management decisions. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Apart from reporting to designated supervisors or officials and designated State or local service agencies, staff shall be prohibited from revealing any information related to a sexual abuse report to anyone other than the extent necessary, to make treatment, investigation, and other security and management

	decisions” (p. 15). Interviews Random Sample of Staff: As previously stated, the interviewed random sample of staff indicated a clear understanding of the duty to report the above-mentioned immediately. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.361 (d). Medical and mental health practitioners shall be required to report sexual abuse to designated supervisors and officials pursuant to paragraph (a) of this section, as well as to the designated State or local services agency where required by mandatory reporting laws. (2) Such practitioners shall be required to inform residents at the initiation of services of their duty to report and the limitations of confidentiality. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: There were no allegations identified by medical or mental health staff. Interviews Medical and Mental Health Staff: Both staff members stated that residents are informed at intake of the limitations of confidentiality and staff’s duty to report allegations or suspicions of sexual abuse and sexual harassment. Staff indicated this information is discussed during intake and orientation processes, including explanations regarding mandatory reporting requirements. Both interviewees confirmed they are required to immediately report any knowledge, suspicion, or information regarding incidents of sexual abuse or sexual harassment to a supervisor or designated official. One staff member reported not having knowledge of any such incidents, while the other stated they had become aware of incidents and immediately reported the information to facility leadership in accordance with policy. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.361 (e). Upon receiving any allegation of sexual abuse, the facility head or his

	or her designee shall promptly report the allegation to the appropriate agency office and to the alleged victim's parents or legal guardians, unless the facility has official documentation showing the parents or legal guardians should not be notified. If the alleged victim is under the guardianship of the child welfare system, the report shall be made to the alleged victim's case worker instead of the parents or legal guardians. If a juvenile court retains jurisdiction over the alleged victim, the facility head or designee shall also report the allegation to the juvenile's attorney or other legal representative of record within 14 days of receiving the allegation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: An allegation of sexual abuse was reported by a third party. The allegation was thoroughly investigated. Interviews Director/PREA Compliance Manager: The facility director/designee reported all allegations of sexual abuse are immediately reported to supervisors, the PREA coordinator, and the Department of Human Resources (DHR) when applicable. The interviewee further stated allegations involving residents under child welfare guardianship are reported to the assigned caseworker. The interviewee stated allegations of sexual abuse are reported to the appropriate parties on the same day the allegation is received. The facility director/designee reported that when juvenile court jurisdiction exists, allegations are also reported to the resident’s attorney or legal representative on the same day notification is received. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.361 (f). The facility shall report all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to the facility's designated investigators. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The auditor reviewed a third-party allegation that was reported. The allegation was investigated by DHR. Interviews Director: The interviewee stated all allegations of sexual abuse and sexual

	harassment, including third-party or anonymous reports, are ultimately reported to designated investigators or facility leadership for review and action. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

When an agency learns that a resident is subject to a substantial risk of imminent sexual abuse, it shall take immediate action to protect the resident.

	Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, when the agency or facility learns that a resident is subject to a substantial risk of imminent sexual abuse, it takes immediate action to protect the resident. In the past 12 months, the number of times the agency or facility has determined that a resident was subject to a substantial risk of imminent sexual abuse: 0. · Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual provides the following guidance: An emergency grievance can be filed alleging substantial risk of imminent sexual abuse. Emergency grievances require an initial response within 48 hours and must be immediately reported to the PREA Compliance Manager for review. With the guidance of the PREA Compliance Manager, staff will take immediate action to protect the client/resident from potential imminent sexual abuse. A final decision regarding an emergency grievance shall be made and issued within 5 days (pp. 16-17). Interviews Agency Head: The interviewed agency head reported that when they learn that resident is subject to a substantial risk of imminent sexual abuse, immediate protective actions are taken by the facility. The client is moved to a safe location, and the alleged abuser is removed or placed under increased supervision by staff. This would occur immediately. Director: The interviewee reported that when a resident is identified as being at substantial risk of imminent sexual abuse, the facility immediately separates the resident, places the resident on one-to-one supervision when necessary, and may assign the resident to a separate room to ensure safety. The facility director/ designee stated staff are expected to respond immediately to protect residents who are at substantial risk of imminent sexual abuse. Random Sample of Staff: The interviewed staff reported that when they learn that a resident is at risk of imminent sexual abuse the actions taken to protect the residents include remove resident from the threat, keep involved parties separated, monitor, report, and document. Such actions would be taken immediately. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined

	that the agency and facility is fully compliant with this provision. 	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Investigations (1) 2. Interviews: a. Random sample of staff/Security Staff First Responders (9) b. Resident who reported a sexual abuse (n/a) 115.364. (a). Upon learning of an allegation that a resident was sexually abused, the first staff member to respond to the report shall be required to: (1) Separate the alleged victim and abuser; (2) Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence; (3) If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and (4) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency has a first responder policy for allegations of sexual abuse. The policy requires that, upon learning of an allegation that a resident

	was sexually abused, the first security staff member to respond to the report separate the alleged victim and abuser. The policy requires that, upon learning of an allegation that a resident was sexually abused, the first security staff member to respond to the report preserve and protect any crime scene until appropriate steps can be taken to collect any evidence. policy requires that, if the abuse occurred within a time period that still allows for the collection of physical evidence, the first security staff member to respond to the report request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: OFFICIAL RESPONSE FOLLOWING A CLIENT/RESIDENT REPORT/COORDINATED RESPONSE-Should a client/resident report a sexual abuse/assault by another client/ resident or staff, the following protocol should be followed: Staff shall immediately separate the alleged victim and abuser. The alleged victim may be placed in isolation to keep them safe from the alleged abuser only as a last resort if less restrictive measures are inadequate to keep them and other clients/residents safe and only until an alternative means of keeping all

clients/residents safe can be arranged. Pathway will follow all requirements related to isolation (see Section IV, number 13).

Staff shall preserve and protect any crime scene until appropriate steps can be taken to collect any evidence.

If the report is made immediately following the abuse/assault and the victim has not showered, the victim shall remain in the accompaniment of staff and be instructed not to shower or change clothes, brush their teeth, etc. Ensure the alleged abuser does not take any actions that could destroy physical evidence as appropriate (washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, and eating).

The staff shall immediately contact 911 for police and ambulance to respond if the victim needs medical attention. Staff is to request a police officer from the sexual abuse/assault unit. PREA Compliance Manager shall promptly report the allegation to the Department of Human Resources as well as the client's legal guardian, unless Pathway has official documentation showing the legal guardian should not be notified.

After hours, the staff on duty shall contact the PREA Compliance Manager and PREA Coordinator for additional instructions and support (may need additional staff to report to facility).

During business hours, the PREA Compliance Manager or designee shall be contacted as soon as possible. The PREA Compliance Manager will be responsible for notifying the PREA Coordinator, who will notify the Chief Executive Officer as appropriately.

The PREA Compliance Manager or designee will contact the referring agency and inform them of the situation. In cooperation with the local authorities, Pathway will determine the status of the accused. If the accused is not immediately taken into custody, Pathway management will evaluate and determine if the accused will be removed/terminated from the treatment program.

Staff are to secure the area where the abuse took place, restricting it from client and staff access until the area is released by the police responding to the incident.

Staff should attempt to obtain a written statement from the victim. Staff will also prepare a written report detailing what the client/resident reported to the staff member, additional information regarding observed evidence, actions taken, etc.

At any time, the client/resident victim may refuse to participate in the process and not proceed with the investigation/reporting. The client/resident shall not be punished for refusing to cooperate with the investigation.

Pathway will work with community resources and the client/resident to ensure that communications with community resources/advocates are confidential to the extent allowable by law. Prior to referral to a community resource, Pathway will inform client/resident of the extent to which client/resident may expect such

communications to remain confidential.

The client/resident may also report a sexual abuse/assault through a grievance form at any time, regardless of the time frame in which the alleged incident occurred. The client/resident shall be separated from the accused, and the victim shall be encouraged to report the incident to the police and receive medical attention/ evaluation. The same attention and services will be offered to a client/resident who reports sexual abuse days or weeks after the alleged abuse.

All allegations of sexual abuse/assault shall be taken seriously by staff, recognized as traumatic to the client/resident victim and staff shall be sensitive at all times to the needs and emotions of the victim.

Confidentiality and client/resident privacy shall be maintained at all times, with only those who have a direct "need to know" having access to the personal information and details of the victim and alleged perpetrator.

If a client/resident does not believe their accusations of sexual abuse/assault were responded to appropriately, they do not feel safe as a result of the abuse, or any other concerns regarding the alleged abuse, they may submit a written grievance following the grievance chain of command up to the agency Chief Executive Officer. The decision and response of the agency Chief Executive Officer is final.

As the needs of the client/resident victim are being met, the agency shall assemble the Sexual Abuse Response Team (SART), which may include: the client/resident's Therapist, Senior Shift Leader Supervisor, PREA Compliance Manager, PREA Coordinator, Director, and Chief Executive Officer.

· The SART will ensure that the clients are safe, and the victim is being cared for physically and emotionally.

· The SART will ensure that policies and procedures are being followed.

· The SART will review the incident and evaluate what possible warning signs were missing. If anything could have been done to prevent the abuse, a corrective action plan will be implemented to prevent an abuse from happening again in the same manner/location, etc.

· SART will ensure that the referring agencies are kept informed, and information is relayed between appropriate parties.

· The SART will assist in monitoring for potential retaliation.

· The SART will maintain investigative records of alleged sexual abuse or harassment as long as the alleged abuser is incarcerated or employed by Pathway plus five years.

If an allegation that is reported to and investigated by the appropriate legal authority does not result in criminal charges or disciplinary actions from that body, Pathway reserves the right to conduct an internal investigation. This investigation

	seeks to determine risk that the abuse/misconduct occurred and will provide Pathway with the opportunity to take the appropriate actions according to agency policy. Incident reports, investigations, and results on client/resident sexual abuse/ misconduct will be retained for seven years; statistical data on sexual abuse/assault will be retained for ten years (pp.17-19). Investigations: Upon review, there was one reported allegation of sexual abuse. The allegation was investigated by DHR. Interviews Random Sample of Staff/ Security Staff and Non-Security Staff First Responders – The interviewed random staff reported that if they are first person to be alerted that a resident has allegedly been the victim of sexual abuse, their responsibilities include: secure area, separate involved parties, not allow them to shower or use the bathrooms, notify police and the supervisor. When probed most staff reported that they would not share with the other residents. It should also be noted that all staff are considered first responders. Resident who reported sexual abuse: There were no identified residents who reported sexual abuse onsite during the facility site review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.364 (b). If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and then notify security staff. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ all staff members are considered first responders. Of the allegations that a resident was sexually abused made in the past 12 months, the number of times a non-security staff member was the first responder: 0. It further states that all employees are considered security staff and first responders. Investigations: Upon review, there was one reported allegation of sexual abuse. The allegation was investigated by DHR. Interviews Random Sample of Staff/ Security Staff and Non-Security Staff First Responders: The

	interviewed staff reported that if they are the first person on the scene and they have been alerted to have been a victim of sexual abuse, it is there responsibility to keep involved parties separated and contact their chain of command. When probed, staff reported that they would not share the information with other juveniles or unnecessary staff. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

Confidentiality and client/resident privacy shall be maintained at all times, with only those who have a direct "need to know" having access to the personal information and details of the victim and alleged perpetrator. If a client/resident does not believe their accusations of sexual abuse/assault were responded to appropriately, they do not feel safe as a result of the abuse, or any other concerns regarding the alleged abuse, they may submit a written grievance following the grievance chain of command up to the agency Chief Executive Officer. The decision and response of the agency Chief Executive Officer is final. As the needs of the client/resident victim are being met, the agency shall assemble the Sexual Abuse Response Team (SART), which may include: the client/resident's Therapist, Senior Shift Leader Supervisor, PREA Compliance Manager, PREA Coordinator, Director, and Chief Executive Officer. · The SART will ensure that the clients are safe, and the victim is being cared for

physically and emotionally.

· The SART will ensure that policies and procedures are being followed.

· The SART will review the incident and evaluate what possible warning signs were missed. If anything could have been done to prevent the abuse, a corrective action plan will be implemented to prevent an abuse from happening again in the same manner/location, etc.

· SART will ensure that the referring agencies are kept informed, and information is relayed between appropriate parties.

· The SART will assist in monitoring for potential retaliation.

· The SART will maintain investigative records of alleged sexual abuse or harassment as long as the alleged abuser is incarcerated or employed by Pathway plus five years.

· If an allegation that is reported to and investigated by the appropriate legal authority does not result in criminal charges or disciplinary actions from that body, Pathway reserves the right to conduct an internal investigation. This investigation seeks to determine risk that the abuse/misconduct occurred and will provide Pathway with the opportunity to take the appropriate actions according to agency policy.

· Incident reports, investigations, and results on client/resident sexual abuse/ misconduct will be retained for seven years; statistical data on sexual abuse/assault will be retained for ten years (pp.17-19).

Interviews

Director: The facility director/designee reported the facility coordinates responses to sexual abuse allegations by separating involved parties, protecting evidence, involving medical and mental health staff, providing victim support, arranging outside medical treatment when necessary, and making required notifications.

115.367	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual 2. Interviews: a. Agency head b. Director c. Designated staff member charged with monitoring retaliation (1) Findings (By Provision): 115.367 (a). The agency shall establish a policy to protect all residents and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other residents or staff and shall designate which staff members or departments are charged with monitoring retaliation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility has a policy to protect all residents and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other residents or staff. The agency has a designated staff charged with monitoring for retaliation. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway shall protect all clients and staff who report sexual abuse or sexual harassment and cooperate with sexual abuse or sexual harassment investigations from retaliation by other residents or staff and shall designate which staff members or departments are charged with monitoring retaliation.

	Pathway shall employ multiple protection measures, including housing changes or transfers for client victims or abusers, removal of alleged staff or client abusers from contact with victims, and emotional support services for clients or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations. For at least 90 days following a report of sexual abuse, the agency shall monitor the conduct or treatment of clients or staff who reported the sexual abuse and of clients who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by clients or staff and shall act promptly to remedy any such retaliation. Items Pathway shall monitor include any client disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. Pathway shall continue such monitoring beyond 90 days if the initial monitoring indicates a continued need. In regard to clients, this such monitoring shall also include periodic status checks. If any other individual who cooperates with an investigation expresses a fear of retaliation, the agency shall take appropriate measures to protect that individual against retaliation. Pathway's obligation to monitor shall terminate if Pathway determines that the allegation is unfounded (p. 17). There was one reported allegation of sexual abuse. The allegation was reported after the resident left the facility. There was no required monitoring for retaliation. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.367 (b). The agency shall employ multiple protection measures, such as housing changes or transfers for resident victims or abusers, removal of alleged staff or resident abusers from contact with victims, and emotional support services for residents or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ, that zero residents that were placed on segregated housing after reporting sexual abuse or sexual harassment. Interviews Agency Head: The interviewed agency head reported that there is a designated staff member (SSLS) who monitor for such retaliation. We will ensure the staff member and client in question have minimal interaction by not assigning the staff member

	to the client's team if necessary or move the client to another team/caseload (if staff in question is client's therapist). Clients will also receive counseling in an effort to process the feelings and help monitor for retaliation. Designated Staff Member Charged with Monitoring Retaliation (or Superintendent if non available): The interviewed staff reported that as the Manager, part of my responsibility is to ensure that clients and staff do not retaliate against reporters of sexual abuse and sexual harassment. Monitoring would occur by ensuring clients nor staff retaliate against reports of sexual abuse and sexual harassment. This is done by monitoring the day-to-day interactions with staff and clients, review of consequences given to clients or disciplinary actions by supervisor to staff, and regular interactions with clients/staff. If retaliation is suspected, clients can be moved to another housing unit, and staff would be placed on leave pending the investigation. Contact would be initiated with the clients. We would like to review housing unit reports and disciplinary infractions. Residents in Isolation (for risk of sexual victimization/who allege to have suffered sexual abuse) – During the site review there were no residents identified that were placed in isolation. Resident who reported sexual abuse: There were no identified residents who reported sexual abuse onsite during the facility site review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.367 (c). For at least 90 days following a report of sexual abuse, the agency shall monitor the conduct or treatment of residents or staff who reported the sexual abuse and of residents who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by residents or staff and shall act promptly to remedy any such retaliation. Items the agency should monitor include any resident disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. The agency shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency/facility monitors the conduct or treatment of residents or staff who reported sexual abuse and of residents who were reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by residents or staff. It was further reported that the agency/ facility acts promptly to remedy any such retaliation; and the agency/facility continues such monitoring beyond 90 days if the initial monitoring indicates a

continuing need. The number of times an incident of retaliation occurred in the past 12 months: 0.

Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “For at least 90 days following a report of sexual abuse, the agency shall monitor the conduct or treatment of clients or staff who reported the sexual abuse and of clients who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by clients or staff and shall act promptly to remedy any such retaliation. Items Pathway shall monitor include any client disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. Pathway shall continue such monitoring beyond 90 days if the initial monitoring indicates a continued need” (p. 17).

Interviews

Director/Designated Staff Member Charged with Monitoring Retaliation: The interviewed staff reported that when a client alleges sexual abuse or sexual harassment by a staff member, the staff member is not permitted to return to work until the investigation has cleared them of wrongdoing, or they are terminated due to the findings of the investigation. If the allegation involves another client, the clients are immediately separated due to the findings of the investigation. If the allegation involves another client, the clients are immediately separated, and the alleged abuser is monitored closely for continued abuse of others. They could also be removed from the program if warranted. Therapist continue to meet with clients weekly to ensure the clients are receiving paper counseling as well as to allow opportunities to report retaliation. Additionally, the program director is tasked with monitoring for retaliation, which includes random checks and regular meetings with the alleged victim to ensure the needs are met. Monitor would also review if there were excessive write ups, room changes, improper treatment, housing changes, change of behavior and is the youth are being treated fairly. Monitoring would occur for as long as needed and would be initiated as soon as reported and investigated. While the policy says 90 days if we have to monitor longer we would.

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.367 (d). In the case of residents, such monitoring shall also include periodic status checks. There were zero allegations of sexual abuse that occurred in the last 12 months.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

	Interviews Designated Staff Member Charged with Monitoring Retaliation (or Superintendent if non available): The interviewed staff reported that when monitoring we would look for change in behaviors, monitor for excessive write ups and whether the resident is being treated fairly. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.367 (e). If any other individual who cooperates with an investigation expresses a fear of retaliation, the agency shall take appropriate measures to protect that individual against retaliation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Interviews Agency Head: The interviewed agency head reported that there is a designated staff member (SSLS) who monitor for such retaliation. We will ensure the staff member and client in question have minimal interaction by not assigning the staff member to the client's team if necessary or move the client to another team/caseload (if staff in question is client's therapist). Clients will also receive counseling in an effort to process the feelings and help monitor for retaliation. Director: The interviewee stated the facility protects residents and staff from retaliation through ongoing behavioral monitoring, separation of involved parties, one-to-one supervision, when necessary, staff reassignment or removal, and additional interventions when retaliation concerns arise. The facility director/ designee reported suspected retaliation is addressed through continued monitoring, separation of parties, increased supervision, and disciplinary action when warranted. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.367 (f). The auditor is not required to audit this provision. Overall Findings:

	The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.368	**Post-allegation protective custody**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual 2. Interviews: a. Director b. Staff who supervise residents in isolation c. Medical and mental health staff (2) Findings (By Provision): 115.368 (a). Any use of segregated housing to protect a resident who is alleged to have suffered sexual abuse shall be subject to the requirements of § 115.342. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility has a policy that residents who allege to have suffered sexual abuse may only be placed in isolation as a last resort if less restrictive measures are inadequate to keep them and other residents safe, and only until an alternative means of keeping all residents safe can be arranged. It was further reported that the facility policy requires that residents who are placed in isolation because they allege to have suffered sexual abuse have access to legally required educational programming, special education services, and daily large-muscle exercise. If a resident who is alleged to have suffered sexual abuse is held in

	isolation, the facility affords each such resident a review every 30 days to determine whether there is a continuing need for separation from the general population. Policy The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual “states that the alleged victim may be placed in isolation to keep them safe from the alleged abuser only as a last resort if less restrictive measures are inadequate to keep them and other clients/residents safe and only until an alternative means of keeping all clients/residents safe can be arranged. Pathway will follow all requirements related to isolation (see Section IV, number 13)” (p. 17). The policy further states that “If isolation lasts longer than 30 days, Pathway shall afford each client a review to determine whether there is a continuing need for separation from the general population” (p. 13). Interviews Director: The interviewee reported that the facility has not used isolation to protect a resident alleged to have suffered sexual abuse within the past 12 months. The facility director/designee stated residents would only be isolated as a last resort when less restrictive alternatives are insufficient to maintain safety, although the interviewee indicated the facility would more commonly separate involved residents and utilize one-to-one supervision measures. The interviewee stated residents placed in isolation are generally removed from isolation the same day when possible and are monitored by medical or mental health staff at least every two hours in accordance with policy. Medical and Mental Health Staff: Both interviewees stated residents placed in isolation receive visits and monitoring from medical and mental health staff. Staff indicated residents are routinely assessed during medication passes, upon request, or daily as needed to ensure medical, mental health, and safety needs are addressed while in isolation. Staff who Supervise Residents in Isolation: The interviewee reported that residents alleging sexual abuse are generally not placed in isolation at the facility. If separation from other residents is necessary to maintain safety, the facility uses the least restrictive approach possible and arranges alternative housing as soon as practicable. The interviewee stated that involuntary isolation for PREA-related reasons has not been observed at the facility. The interviewee indicated that residents who are temporarily separated continue to receive access to programming, education, medical care, mental health services, and other essential services to the extent possible. Although the facility does not offer resident work opportunities, access to available treatment and educational services continues during temporary separation. The interviewee explained that any temporary isolation would generally last no longer than approximately 24 hours and would include one-on-one supervision. Because residents are not maintained in involuntary isolation for extended periods, 30-day reviews have not been necessary in practice.

	Residents in Isolation (for risk of sexual victimization/who allege to have suffered sexual abuse) – During the onsite audit and upon file review there were no residents held in isolation. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

Findings (By Provision):

115.371 (a). When the agency conducts its own investigations into allegations of sexual abuse and sexual harassment, it shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, the agency/facility has a policy related to criminal and administrative agency investigations.

Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that:

INVESTIGATIONS POLICY: It is the general policy of Pathway that all incidents of suspected sexual harassment or sexual abuse be adequately addressed through inquiry or investigation. Any allegation that involves potentially criminal behavior will be immediately reported to local law enforcement and the Department of Human Resources.

Sexual Harassment: When allegations of sexual harassment are made, investigations shall take place under the following guidelines:

Client/Resident to Client/Resident: The PREA Compliance Manager, his/her designee or the PREA Coordinator shall investigate questioning all parties involved to determine what happened and direct action to prevent further incidents. The Department of Youth Services and Department of Human Resources and all other licensing authorities will be notified of the findings and the PREA Compliance Manager/designee, or PREA Coordinator shall file appropriate reports.

Staff to Client/Resident: The PREA Compliance Manager, designee and the PREA Coordinator shall investigate, questioning all relevant parties to determine what happened. The Department of Youth Services and Department of Human Resources and all other licensing authorities will be notified of the findings and consulted in determination of actions to be taken.

If the PREA Compliance Manager is involved in the allegations: His/her immediate supervisor shall conduct the investigation as noted above.

Sexual Abuse: When allegations of sexual abuse/assault are made, the following shall happen:

Contact local authorities immediately, if a client/resident reports a sexual assault. If the PREA Compliance Manager or PREA Coordinator is available, he/she shall take responsibility for contacting authorities. If the PREA Compliance Manager is not available, staff on duty must contact authorities without delay.

	If the allegations or quality of evidence suggest a crime has been committed, no further interview of the victim or perpetrator will be conducted until cleared to do so by prosecuting authority. Pathway will not impose a standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated. If there is a possibility of new physical evidence to be used: · Secure the area where the alleged abuse took place and do not allow residents to enter the area until police personnel have cleared the area; · Do not touch anything in the area where the alleged abuse took place other than to preserve the life or safety of an individual; · Move the alleged victim to a secure area until authorities arrive; · If conditions allow, direct the alleged perpetrator to remain in an area where they can be observed until authorities arrive; · Pathway staff shall cooperate with all aspects of the investigation by local authorities. The PREA Compliance Manager and PREA Coordinator shall endeavor to remain informed about the progress of the investigation and notify all program licensing authorities; · Pathway's PREA Compliance Manager/designee or PREA Coordinator shall conduct administrative investigation; · Any substantiated allegations of conduct that appear criminal will be referred for prosecution. Reporting to Clients/Residents: In the event of a client/resident allegation of sexual abuse, the PREA Compliance Manager shall: Following an investigation into a client/resident's allegation that he/she suffered sexual abuse in Pathway's facility, the PREA Compliance Manager shall inform the client/resident, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. If the Pathway did not conduct the investigation, it shall request the relevant information from the investigative agency in order to inform the client/resident. Following a client's/resident's allegation that he/she was sexually abused by another client/resident, Pathway will inform the alleged victim when: · Pathway learns that the alleged abuser has been indicted on a charge related to the sexual abuse; · Pathway learns that the alleged abuser has been convicted on a charge related to sexual abuse.

	Following a client/resident's allegation that a staff member has committed sexual abuse against the client/resident and the findings are substantiated or unsubstantiated; the PREA Compliance Manager shall inform the client/resident whenever: · The staff member is no longer employed at the facility; · The staff is no longer posted within the client’s team · The agency learns that the staff member has been indicted on a charge related to the sexual abuse within the facility; · The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. All such notifications or attempted notifications shall be documented by the PREA Compliance Manager. The PREA Compliance Manager's obligation to report shall terminate if the client/ resident is released from Pathway's program. The departure of the alleged victim from the program or alleged abuser from employment or control of the program or agency shall not provide basis for terminating an investigation. Criminal and administrative agency investigations Pathway shall conduct its own investigations into allegations of sexual harassment and abuse that do not involve behavior that could potentially be criminal in nature. It shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. At any point, if it is determined that the allegation could potentially involve criminal behavior, a report will be made immediately to local law enforcement agency as well as the Department of Human Resources. Pathway shall not terminate an investigation solely because the source of the allegation recants the allegation. Administrative investigations: Shall include an effort to determine whether staff actions or failures to act contributed to the abuse Shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. Substantiated allegations of conduct that appear to be criminal shall be referred for prosecution. Pathway shall retain all written reports for as long as the alleged abuser is enrolled

	or employed at Pathway, plus five years, unless the abuse was committed by a juvenile client and applicable law requires a shorter period of retention. The departure of the alleged abuser or victim from Pathway shall not provide a basis for terminating an investigation. When outside agencies investigate sexual abuse, Pathway shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation. Pathway shall impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated. A decision regarding the merits of any grievance or portion of a grievance alleging sexual harassment must be made within 90 days of the filling of the grievance. Regarding allegations of sexual abuse, Pathway will make an effort to encourage the investigation agency to ensure a decision is made regarding the merits of the grievance or portion of the grievance within 90 days (19-22). Interviews Investigative Staff: Investigations are initiated immediately following allegations. Criminal matters are referred promptly while administrative investigations begin immediately or the next business day when appropriate. Anonymous and third-party reports are investigated in the same manner as all other allegations. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (b). Where sexual abuse is alleged, the agency shall use investigators who have received special training in sexual abuse investigations involving juvenile victims pursuant to § 115.334. Compliance Determination: Interviews Investigative Staff: The interviewed staff reported that they received training specific to conducting sexual abuse and sexual harassment investigations in confinement settings. The training was completed online; the PREA Resource Investigative training. Corrective Actions: N/A. There are no corrective actions for this provision.

	Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (c). Investigators shall gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Investigation Reports: One allegation that was reported was under investigation. The report contained evidence used to determine compliance. Interviews Investigative Staff: Initial response begins with staff reporting the allegation, followed by administrative initiation of the investigation. Administrative investigations include interviews, review of surveillance footage, documentation, and collection of relevant information. Criminal investigations are coordinated with local law enforcement and required agencies. Evidence gathered includes witness statements, video footage, documentation, and coordination with law enforcement for physical/DNA evidence. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (d). The agency shall not terminate an investigation solely because the source of the allegation recants the allegation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ the facility does not terminate an investigation solely because the source of the allegation recants the allegation. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway shall not terminate an investigation solely because the source of the allegation recants the allegation” (p. 21). Interviews

	Investigative Staff: The staff interviewed reported that an investigation would not terminate if the source of the allegation recants their allegation. An investigation would follow, and evidence and statements will be gathered. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (e). When the quality of evidence appears to support criminal prosecution, the agency shall conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Investigation Report: one allegation was reviewed by an outside entity. The final report was provided and reviewed. Interviews: Investigative Staff: Potentially criminal allegations are handled by law enforcement; administrative staff do not conduct compelled interviews in criminal investigations. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (f). The credibility of an alleged victim, suspect, or witness shall be assessed on an individual basis and shall not be determined by the person's status as resident or staff. No agency shall require a resident who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Interviews Investigative Staff: The interviewed investigator reported the credibility is based on history of honesty/dishonesty and motivation for the involvement in the incident. Residents are not subject to a polygraph test.

	Residents who Reported a Sexual Abuse: There were no identified residents who reported sexual abuse. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (g). Administrative investigations: (1) Shall include an effort to determine whether staff actions or failures to act contributed to the abuse; and (2) Shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Compliance Summary – Investigative Reports, Record Retention, and Case Records Interviews Investigative Staff: Administrative investigations assess staff actions, policy compliance, video evidence, and corrective actions, and are documented in written reports. Criminal investigations are documented and retained. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (h). Criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Investigation Report: There was allegation being investigated by an outside entity. The report was available and reviewed by the auditor. Interviews Investigative Staff: Administrative investigations assess staff actions, policy compliance, video evidence, and corrective actions, and are documented in written

reports. Criminal investigations are documented and retained.

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.371 (i). Substantiated allegations of conduct that appears to be criminal shall be referred for prosecution.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, there were zero substantiated allegations of conduct that appear to be criminal that were referred for prosecution since August 20,2012, or since the last PREA audit.

The number of substantiated allegations of conduct that appear to be criminal that were referred for prosecution since August 20, 2012, or since the last PREA audit, whichever is later: 0.

Interviews

Investigative Staff: The interviewed staff reported that cases are referred to prosecution when an investigation reveals the incident may be criminal in nature.

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.371 (j). The agency shall retain all written reports referenced in paragraphs (g) and (h) of this section for as long as the alleged abuser is incarcerated or employed by the agency, plus five years, unless the abuse was committed by a juvenile resident and applicable law requires a shorter period of retention.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ the agency retains all written reports pertaining to administrative or criminal investigation of alleged sexual abuse or sexual harassment for as long as the alleged abuser is incarcerated or employed by the agency, plus five years.

	Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “the SART will maintain investigative records of alleged sexual abuse or harassment as long as the alleged abuser is incarcerated or employed by Pathway plus five years” (p. 19). Investigation Reports: the auditor reviewed other agency investigative reports and determined the agency has a process to securely document and retain. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (k). The departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Investigations: there were no reported allegations that involved a victim or perpetrator who left prior to the termination of an investigation. Interviews Investigative Staff: If a staff member alleges to have committed sexual abuse or sexual harassment terminates employes the investigation continues regardless of if her or she is still employed. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.371 (l). Auditor is not required to audit this provision. 115.371 (m). When outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Interviews

	Director/PREA Compliance Manager/Investigator: The interviewee reported the facility maintains communication with outside investigative agencies, including DHR, to remain informed regarding the progress of sexual abuse investigations. Facility maintains communication with outside investigators by requesting investigation updates. PREA Coordinator - The interviewed PREA Coordinator reported that we would ensure we have appropriate contact information for the investigator and ensure they have our contact information as well. We would make contact with them regularly for updates regarding our clients. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.372	**Evidentiary standard for administrative investigations**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Investigations - 1

	2. Interviews: a. Investigative staff 3. Corrective Action a. Investigations Findings (By Provision): 115.372 (a). The agency shall impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ, that the agency imposes a standard of a preponderance of the evidence or a lower standard of proof for determining whether allegations of sexual abuse or sexual harassment are substantiated. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Sexual Abuse: When allegations of sexual abuse/assault are made, the following shall happen: Contact local authorities immediately, if a client/resident reports a sexual assault. If the PREA Compliance Manager or PREA Coordinator is available, he/she shall take responsibility for contacting authorities. If the PREA Compliance Manager is not available, staff on duty must contact authorities without delay. If the allegations or quality of evidence suggest a crime has been committed, no further interview of the victim or perpetrator will be conducted until cleared to do so by prosecuting authority. Pathway will not impose a standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated. If there is a possibility of new physical evidence to be used: Secure the area where the alleged abuse took place and do not allow residents to enter the area until police personnel have cleared the area; Do not touch anything in the area where the alleged abuse took place other than to preserve the life or safety of an individual; Move the alleged victim to a secure area until authorities arrive;

	If conditions allow, direct the alleged perpetrator to remain in an area where they can be observed until authorities arrive; Pathway staff shall cooperate with all aspects of the investigation by local authorities. The PREA Compliance Manager and PREA Coordinator shall endeavor to remain informed about the progress of the investigation and notify all program licensing authorities; Pathway's PREA Compliance Manager/designee or PREA Coordinator shall conduct administrative investigation; Any substantiated allegations of conduct that appears criminal will be referred for prosecution (p. 20). Investigations: documentation of administrative findings were reviewed for proper standard of proof. The investigation report document contained the standard proof of evidence. Interviews Investigative Staff: In general, the standard of evidence require substantiate allegations of sexual abuse or sexual harassment, is that no greater than a preponderance of evidence. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.373	**Reporting to residents**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination:

	1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Investigations (1) 2. Interviews: a. Director b. Investigative staff c. Resident who Reported a Sexual Abuse Findings (By Provision): 115.373 (a). Following an investigation into a resident's allegation of sexual abuse suffered in an agency facility, the agency shall inform the resident as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency has a policy requiring that any resident who makes an allegation that he or she suffered sexual abuse in an agency facility is informed, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded following an investigation by the agency. The number of criminal and/or administrative investigations of alleged resident sexual abuse that were completed by the agency/facility in the past 12 months: 1. Of the alleged sexual abuse investigations that were completed in the past 12 months, the number of residents who were notified, verbally or in writing, of the results of the investigation: 0. Investigation is pending. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that Reporting to Clients/Residents: In the event of a client/resident allegation of sexual abuse, the PREA Compliance Manager shall: Following an investigation into a client/resident's allegation that he/she suffered sexual abuse in Pathway's facility, the PREA Compliance Manager shall inform the client/resident, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. o If the Pathway did not conduct the investigation, it shall request the relevant information from the investigative agency in order to inform the client/resident. o Following a client's/resident's allegation that he/she was sexually abused by

	another client/resident, Pathway will inform the alleged victim when: o Pathway learns that the alleged abuser has been indicted on a charge related to the sexual abuse; o Pathway learns that the alleged abuser has been convicted on a charge related to the sexual abuse. o Following a client/resident's allegation that a staff member has committed sexual abuse against the client/resident and the findings are substantiated or unsubstantiated; the PREA Compliance Manager shall inform the client/resident whenever: o The staff member is no longer employed at the facility; o The staff is no longer posted within the client's team o The agency learns that the staff member has been indicted on a charge related to the sexual abuse within the facility; o The agency learns that the staff member has been convicted on a charge related to the sexual abuse within the facility. o All such notifications or attempted notifications shall be documented by the PREA Compliance Manager. o The PREA Compliance Manager's obligation to report shall terminate if the client/ resident is released from Pathway's program. o The departure of the alleged victim from the program or alleged abuser from employment or control of the program or agency shall not provide basis for terminating an investigation (pp.20-21). Upon review it was determined that one of the sexual abuse allegations were reported after the resident left the facility; therefore, notification was not required. Interviews Director/Investigator: The facility director/designee stated residents who make allegations of sexual abuse are notified whether investigations are determined to be substantiated, unsubstantiated, or unfounded. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.373 (b). If the agency did not conduct the investigation, it shall request the relevant information from the investigative agency in order to inform the resident.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, if an outside entity conducts such investigations, the agency requests the relevant information from the investigative entity in order to inform the resident of the outcome of the investigation. The number of investigations of alleged resident sexual abuse in the facility that were completed by an outside agency in the past 12 months: 1. Of the outside agency investigations of alleged sexual abuse that were completed in the past 12 months, the number of residents alleging sexual abuse in the facility who were notified verbally or in writing of the results of the investigation: 0.

Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “if the Pathway did not conduct the investigation, it shall request the relevant information from the investigative agency in order to inform the client/ resident” (p. 21).

Investigation Reports: Upon review of investigation reports there is one outside investigation completed. The allegation was made after the youth was released from the program therefore notification was not made.

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.373 (c). Following a resident's allegation that a staff member has committed sexual abuse against the resident, the agency shall subsequently inform the resident (unless the agency has determined that the allegation is unfounded) whenever: (1) The staff member is no longer posted within the resident's unit; (2) The staff member is no longer employed at the facility; (3) The agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility; or (4) The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

The facility reported in the PAQ that following a resident’s allegation that a staff member has committed sexual abuse against the resident, the agency/facility subsequently informs the resident (unless the agency has determined that the allegation is unfounded) whenever: • The staff member is no longer posted within the resident’s unit; • The staff member is no longer employed at the facility; • The agency learns that the staff member has been indicted on a charge related to

	sexual abuse within the facility; or • The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. There has been zero substantiated or unsubstantiated complaint (i.e., not unfounded) of sexual abuse committed by a staff member against a resident in an agency facility in the past 12 months. While there were zero reported allegations of sexual abuse, the facility has a form (PREA Post Investigation Resident Notification) to notify residents of the results of the sexual abuse allegation. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that Following a client/resident's allegation that a staff member has committed sexual abuse against the client/resident and the findings are substantiated or unsubstantiated; the PREA Compliance Manager shall inform the client/resident whenever: The staff member is no longer employed at the facility; The staff is no longer posted within the client’s team The agency learns that the staff member has been indicted on a charge related to the sexual abuse within the facility; The agency learns that the staff member has been convicted on a charge related to the sexual abuse within the facility (p. 4). Interviews: Resident who Reported a Sexual Abuse: There were no identified residents who reported a sexual abuse involving staff. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.373 (d). Following a resident's allegation that he or she has been sexually abused by another resident, the agency shall subsequently inform the alleged victim whenever: (1) The agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility; or (2) The agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ that following a resident’s allegation that he or she has been sexually abused by another resident in an agency facility, the agency subsequently informs the alleged victim whenever: • The agency learns that the

	alleged abuser has been indicted on a charge related to sexual abuse within the facility; or • The agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility. There were no reported allegations of sexual abuse. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: Following a client's/resident's allegation that he/she was sexually abused by another client/resident, Pathway will inform the alleged victim when: Pathway learns that the alleged abuser has been indicted on a charge related to the sexual abuse; Pathway learns that the alleged abuser has been convicted on a charge related to sexual abuse. Interviews: Resident who Reported a Sexual Abuse: There were no identified residents who reported a sexual abuse involving staff. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.373 (e). All such notifications or attempted notifications shall be documented. Compliance Determination: The facility has demonstrated compliance with provision of this standard because: As reported in the PAQ, the facility has a policy that all notifications to residents described under this standard are documented. In the past 12 months, the number of notifications to residents that were provided pursuant to this standard: 0. Of those notifications made in the past 12 months, the number that were documented: 0 Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “all such notifications or attempted notifications shall be documented by the PREA Compliance Manager” (p. 21). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.373 (f). The auditor is not required to audit this provision.

	Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.376	**Disciplinary sanctions for staff**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Investigation (1) Findings (By Provision): 115.376 (a). Staff shall be subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ that staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse and sexual harassment policies. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that DISCIPLINE: It is the policy of Pathway that all staff will be subject to disciplinary sanctions up to and including termination for violating the sexual harassment and sexual abuse policies. o Staff that have engaged in sexual abuse, sexual coercion, or sexual harassment

	will be terminated from Pathway. o Disciplinary sanctions for violating the sexual abuse or sexual harassment policy but not for actually engaging in sexual abuse will be based on the following: o The nature and circumstances of the acts committed. o The staff member's disciplinary history. o The sanctions imposed for similar offenses by other staff with similar histories. o All staff, contractor, and volunteer terminations or resignations resulting from criminal sexual abuse will be referred to law enforcement. o All contractors and volunteers who violate Pathway's sexual abuse and/or sexual harassment policies will be prohibited from further contact with clients/residents. Where applicable, law enforcement and licensing agencies will be notified. Pathway will take appropriate remedial measures and consider whether to prohibit further contact with clients/residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer. o Clients/residents will be subject to disciplinary sanctions through a formal disciplinary process following; o An administrative finding that the client/resident engaged in client/resident - on - client/resident sexual abuse or sexual harassment. o Following a criminal finding of guilt for client/resident - on - client/resident sexual abuse or sexual harassment. o Sexual abuse/assault/harassment/coercion are serious misconduct violations for clients/residents in Pathway's program. Any form of such sexual behavior will result in termination from the program. o In the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, Pathway will follow the protocol for isolation (see Section IV, number 13). o Pathway offers therapy, counseling and other interventions designed to address and correct the underlying reasons or motivations for abuse; in the event the alleged abuser remains in the program. o Pathway will consider whether to require the offending client/resident to participate in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives. Access to general programming or education is not conditional on participation in such interventions. o A client/resident's report of sexual abuse made in good faith and based on reasonable belief will not be disciplined for falsely reporting an incident, even if the investigation does not establish evidence sufficient to substantiate the allegation.

	o Pathway will discipline a client/resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact. o Pathway prohibits all sexual activity between clients/residents. As such, Pathway will discipline residents for such activity. Pathway deems such activity to constitute sexual abuse only if it determines that the activity is coerced (p. 23). There were no reported allegations that involve staff disciplinary measures. However, the auditor reviewed the process for another site that is connected to the facility. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.376 (b). Termination shall be the presumptive disciplinary sanction for staff who have engaged in sexual abuse. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Termination shall be the presumptive disciplinary sanction for staff who have engaged in sexual abuse. In the past 12 months, the number of staff from the facility who have violated agency sexual abuse or sexual harassment policies: 1. In the past 12 months, the number of staff from the facility who have been terminated (or resigned prior to termination) for violating agency sexual abuse or sexual harassment policies: 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that DISCIPLINE: It is the policy of Pathway that all staff will be subject to disciplinary sanctions up to and including termination for violating the sexual harassment and sexual abuse policies. Where applicable, law enforcement and licensing agencies will be notified. Pathway will take appropriate remedial measures and consider whether to prohibit further contact with clients/residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer. Clients/residents will be subject to disciplinary sanctions through a formal disciplinary process following; An administrative finding that the client/resident engaged in client/resident - on - client/resident sexual abuse or sexual harassment. Following a criminal finding of guilt for client/resident - on - client/resident sexual abuse or sexual harassment. Sexual abuse/assault/harassment/coercion are serious misconduct violations for clients/residents in Pathway's program. Any form of such sexual behavior will result in termination from the program. In the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, Pathway will follow the protocol for isolation (see Section IV, number 13). Pathway offers therapy, counseling and other interventions designed to address and correct the underlying reasons or motivations for abuse; in the event the alleged abuser remains in the program. Pathway will consider whether to require the offending client/resident to participate in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives. Access to general programming or education is not conditional on participation in such interventions. A client/resident's report of sexual abuse made in good faith and based on reasonable belief will not be disciplined for falsely reporting an incident, even if the investigation does not establish evidence sufficient to substantiate the allegation. Pathway will discipline a client/resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact. Pathway prohibits all sexual activity between clients/residents. As such, Pathway will discipline residents for such activity. Pathway deems such activity to constitute sexual abuse only if it determines that the activity is coerced (p. 23). There was no reported allegation that involve staff disciplinary measures. Corrective Actions: N/A. There are no corrective actions for this provision.

	Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.376 (c). Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) shall be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: According to the PAQ, the disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. In the past 12 months, the number of staff from the facility who have been disciplined, short of termination, for violation of agency sexual abuse or sexual harassment policies (other than actually engaging in sexual abuse): 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that Disciplinary sanctions for violating the sexual abuse or sexual harassment policy but not for actually engaging in sexual abuse will be based on the following: o The nature and circumstances of the acts committed. o The staff member's disciplinary history. o The sanctions imposed for similar offenses by other staff with similar histories (p. 22). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.376 (d). All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to any relevant licensing bodies. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because:

	According to the PAQ, all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, are reported to law enforcement agencies, unless the activity was clearly not criminal, and to any relevant licensing bodies. In the past 12 months, the number of staff from the facility that have been reported to law enforcement or licensing boards following their termination (or resignation prior to termination) for violating agency sexual abuse or sexual harassment policies: 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “All staff, contractor, and volunteer terminations or resignations resulting from criminal sexual abuse will be referred to law enforcement.” (p. 22). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual 2. Interviews: a. Director

	Findings (By Provision): 115.377 (a). Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with residents and shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, there have been zero volunteers or contractors who have been reported to law enforcement agencies and relevant licensing bodies for engaging in sexual abuse of residents in the past 12 months; nor any incidents/ persons reported to law enforcement for engaging in sexual abuse of residents. Agency policy requires that any contractor or volunteer who engages in sexual abuse be prohibited from contact with residents. In the past 12 months, the number of contractors or volunteers reported to law enforcement for engaging in sexual abuse of residents: 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “All staff, contractor, and volunteer terminations or resignations resulting from criminal sexual abuse will be referred to law enforcement. All contractors and volunteers who violate Pathway's sexual abuse and/or sexual harassment policies will be prohibited from further contact with clients/residents. Where applicable, law enforcement and licensing agencies will be notified. Pathway will take appropriate remedial measures and consider whether to prohibit further contact with clients/residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer (p 22). There were no allegations that involved volunteers or contractors. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.377 (b). The facility shall take appropriate remedial measures and shall consider whether to prohibit further contact with residents, in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ the facility takes appropriate remedial measures and

	considers whether to prohibit further contact with residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “All staff, contractor, and volunteer terminations or resignations resulting from criminal sexual abuse will be referred to law enforcement. All contractors and volunteers who violate Pathway's sexual abuse and/or sexual harassment policies will be prohibited from further contact with clients/residents. Where applicable, law enforcement and licensing agencies will be notified. Pathway will take appropriate remedial measures and consider whether to prohibit further contact with clients/residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer (p 22). There were no allegations that involved volunteers or contractors. Interviews Director: The interviewee stated contractors or volunteers who violate agency sexual abuse or sexual harassment policies would be immediately removed from the facility and prohibited from further resident contact while administrative action is taken. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. 115.378	**Interventions and disciplinary sanctions for residents**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents:

a. Pre-Audit Questionnaire (PAQ)

b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual

c. Investigation Reports/Data Collection Report (1)

2. Interviews:

a. Director

b. Medical and mental health staff (2)

Findings (By Provision):

115.378 (a). A resident may be subject to disciplinary sanctions only pursuant to a formal disciplinary process following an administrative finding that the resident engaged in resident-on-resident sexual abuse or following a criminal finding of guilt for resident-on-resident sexual abuse.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, there were no reported residents subject to disciplinary sanctions following an administrative finding that the resident engaged in resident-on-resident sexual abuse, following a criminal finding of guilt for resident-on-resident sexual abuse. In the past 12 months, the number of administrative findings of resident-on-resident sexual abuse that have occurred at the facility: 0. In the past 12 months, the number of criminal findings guilty of resident-on-resident sexual abuse that have occurred at the facility: 0.

Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Clients/residents will be subject to disciplinary sanctions through a formal disciplinary process following; An administrative finding that the client/resident engaged in client/resident - on - client/resident sexual abuse or sexual harassment. Following a criminal finding of guilt for client/resident - on - client/resident sexual abuse or sexual harassment (pp. 22).

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.378 (b). Per the PAQ, in the event a disciplinary sanction for resident-on resident sexual abuse results in the isolation of a resident, the facility policy requires that residents in isolation have daily access to large muscle exercise, legally required educational programming, and special education services. It was also

	reported in the PAQ that in the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, residents in isolation have access to other programs and work opportunities to the extent possible. In the past 12 months, the number of residents placed in isolation as a disciplinary sanction for resident-on-resident sexual abuse: 0. In the past 12 months, the number of residents placed in isolation as a disciplinary sanction for resident-on-resident sexual abuse who were denied daily access to large muscle exercise, and/or legally required educational programming, or special education services: 0 In the past 12 months, the number of residents placed in isolation as a disciplinary sanction for resident-on-resident sexual abuse who were denied access to other programs and work opportunities: 0. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: Per the PAQ, in the event a disciplinary sanction for resident-on resident sexual abuse results in the isolation of a resident, the facility policy requires that residents in isolation have daily access to large muscle exercise, legally required educational programming, and special education services. It was also reported in the PAQ that in the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, residents in isolation have access to other programs and work opportunities to the extent possible. In the past 12 months, the number of residents placed in isolation as a disciplinary sanction for resident-on-resident sexual abuse who were denied access to other programs and work opportunities: 0. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “In the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, Pathway will follow the protocol for isolation (see Section IV, number 13)” (p. 23). Although there were no incidents of sexual abuse that required disciplinary action, the auditor verified that the site documents disciplinary actions on the data collection form attached to the investigation process. Interviews Director: The facility director/designee reported residents found responsible for resident-on-resident sexual abuse are subject to disciplinary sanctions, treatment interventions, and behavior management consequences proportionate to the nature

	of the offense and the resident’s disciplinary history. The interviewee further stated mental health considerations are reviewed, and isolation is not used as a disciplinary sanction. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.378 (c). The disciplinary process shall consider whether a resident's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed. The facility has demonstrated compliance with this provision of the standard because: Interviews Director: The facility director/designee reported residents found responsible for resident-on-resident sexual abuse are subject to disciplinary sanctions, treatment interventions, and behavior management consequences proportionate to the nature of the offense and the resident’s disciplinary history. The interviewee further stated mental health considerations are reviewed, and isolation is not used as a disciplinary sanction. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.378 (d). If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, the facility shall consider whether to offer the offending resident participation in such interventions. The agency may require participation in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives, but not as a condition to access to general programming or education. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility offers therapy, counseling, or other interventions designed to address and correct the underlying reasons or motivations for abuse. It was further reported that if the facility offers therapy, counseling, or other interventions designed to address and correct the underlying reasons or motivations

	for the abuse, the facility considers whether to require the offending resident to participate in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives. Access to general programming or education is not conditional on participation in such interventions. Interviews Medical and Mental Health Staff: Both interviewees stated the facility offers counseling, therapy, referrals, and other intervention services designed to address underlying issues related to sexual abuse, including services for offending residents when appropriate. Staff indicated residents may also receive referrals for continued services following release from the facility. Neither staff members stated residents are not required to participate in therapeutic services as a condition for access to rewards-based systems, programming, or educational opportunities. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.378 (e). The agency may discipline a resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility disciplines resident for sexual contact with staff only upon finding that the staff member did not, consent to such contact. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway will discipline a client/resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact” (p. 23). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.378 (f). For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

	Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “A client/resident's report of sexual abuse made in good faith and based on reasonable belief will not be disciplined for falsely reporting an incident, even if the investigation does not establish evidence sufficient to substantiate the allegation” (p. 23). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.378 (g). An agency may, in its discretion, prohibit all sexual activity between residents and may discipline residents for such activity. An agency may not, however, deem such activity to constitute sexual abuse if it determines that the activity is not coerced. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility prohibits sexual activity between residents. In addition, the agency prohibits all sexual activity between residents and disciplines residents for such activity, the agency deems such activity to constitute sexual abuse only if it determines that the activity is coerced. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway prohibits all sexual activity between clients/residents. As such, Pathway will discipline residents for such activity. Pathway deems such activity to constitute sexual abuse only if it determines that the activity is coerced” (p. 23). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

	Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard. .

115.381	**Medical and mental health screenings; history of sexual abuse**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Follow Up Services/Individual Session prior victimization (1) 2. Interviews a. Staff responsible for risk screening (1) b. Medical and Mental Health staff (2) c. Resident Reported a Prior Sexual Abuse (1) Findings (By Provision): 115.381 (a). If the screening pursuant to § 115.341 indicates that a resident has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff shall ensure that the resident is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening. Compliance Determination: The facility had demonstrated compliance with this provision of the standard

	because: As reported in the PAQ, residents at the facility who disclosed any prior sexual victimization during a screening pursuant to 115.341 are offered a follow-up meeting with a medical or mental health practitioner. Medical and mental health staff maintain secondary materials (e.g., form, log) documenting compliance with the above-mentioned services. In the past 12 months, the percentage of residents who disclosed prior victimization during screening were offered a follow-up meeting with a medical or mental health practitioner: 100%. There was one resident who reported prior history of sexual victimization. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Clients/residents who disclose any prior sexual victimization or perpetration during the vulnerability assessment are offered a follow-up meeting with a medical, where appropriate, or mental health practitioner within 14 days of the admission screening. These meetings are documented in the client/resident’s chart” (p. 13). Follow up-Individual Session: the auditor was able to review documentation of a resident who disclosed prior victimization. The therapist documented the follow up meeting on an individual session note. The notes are secured in a password protected electronic file. Interviews Staff Responsible for Risk Screening: The interviewee indicated that residents who disclose prior sexual victimization are immediately offered follow-up mental health services, which are incorporated into the resident's treatment plan and reassessed monthly. Residents identified as having previously perpetrated sexual abuse are likewise referred for mental health intervention, placed on an individualized treatment plan, monitored appropriately, and housed in locations that support resident safety while maintaining confidentiality of sensitive information. Residents who disclosed prior sexual victimization during risk screening: The interviewed residents stated that upon intake they spoke with medical and mental health staff. They always have access to discuss with them if needed. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.381 (b). If the screening pursuant to § 115.341 indicates that a resident has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the resident is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening. Compliance Determination:

	The facility had demonstrated compliance with this provision of the standard because: As indicated in the PAQ, all residents who have previously perpetrated sexual abuse are offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening. In the past 12 months, the percentage of residents who previously perpetuated sexual abuse, as indicated during screening, who were offered a follow up meeting with a mental health practitioner: 100. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Clients/residents who disclose any prior sexual victimization or perpetration during the vulnerability assessment are offered a follow-up meeting with a medical, where appropriate, or mental health practitioner within 14 days of the admission screening. These meetings are documented in the client/resident’s chart” (p. 13). There were no identified files for prior perpetration. Interviews Staff Responsible for Risk Screening: The interviewee indicated that residents who disclose prior sexual victimization are immediately offered follow-up mental health services, which are incorporated into the resident's treatment plan and reassessed monthly. Residents identified as having previously perpetrated sexual abuse are likewise referred for mental health intervention, placed on an individualized treatment plan, monitored appropriately, and housed in locations that support resident safety while maintaining confidentiality of sensitive information. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.381 (c). Any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, State, or local law. Compliance Determination: The facility had demonstrated compliance with this provision of the standard because: As reported in the PAQ, information related to sexual victimization or abusiveness that occurred in an institutional setting is not strictly limited to medical and mental health practitioners. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures

	Manual states that “To ensure confidentiality and sensitivity of information of the client's/resident's responses on the assessment, assessment information will be kept in the client's/resident's confidential file. However, communication will be disseminated to staff regarding a client’s overall risk of victimization or risk of perpetrating a violent or sexual act. This will include only the clinician’s assessment of risk, and information specific to the client’s history. Screening information shall be used to determine rooming assignments with the goal of keeping separate those clients/residents at high risk of being sexually victimized from those at high risk of being sexually abusive (p. 12). The mental health sessions are documented in a secure password protected electronic case management system. Access to components of the system is based on your position and role in the agency. Access to mental health notes is limited to the leadership staff and the mental health staff. Site Review: RECORD STORAGE Risk Screening Process: The risk screening and other assessment tools (e.g., DYS assessment, biopsychosocial evaluations, treatment plans) are securely stored in an electronic case management system, with access limited to clinical staff and facility directors. The electronic system is password protected. Access Control: Informal conversations with staff confirmed that access to the case management system, particularly the assessments, is restricted to clinical staff and facility leadership only. The electronic data system is password protected. Informal conversation with the director reported that investigations are maintained onsite in a locked cabinet in the director’s office. The auditor observed the locked cabinet. Additionally, a copy is held offsite with the agency PREA coordinator. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.381 (d). Medical and mental health practitioners shall obtain informed consent from residents before reporting information about prior sexual victimization that did not occur in an institutional setting unless the resident is under the age of 18. Compliance Determination: The facility had demonstrated compliance with this provision of the standard because:

	As reported in the PAQ, medical and mental health practitioners obtain informed consent from residents before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the resident is under the age of 18. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway staff will obtain informed consent to report information regarding sexual victimization that did not occur in an institution setting, unless the client/resident is under the age of 18” (p. 13). Interviews Medical and Mental Health Staff: Both interviewees discussed the informed consent process related to reporting prior sexual victimization occurring outside an institutional setting. One staff member indicated reports are mandatory regardless of consent, while the other stated residents are informed of reporting obligations prior to disclosure. Both staff members reported that residents under the age of 18 are informed of the reporting process and staff’s obligation to report allegations or disclosures of abuse. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.382	**Access to emergency medical and mental health services**
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents:

a. Pre-Audit Questionnaire (PAQ)

b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual

2. Interviews:

a. Medical and mental health staff (2)

b. Random Sample of Staff/Security staff and non-security staff first responders (9)

c. Resident who Reported a Sexual Abuse (n/a)

Findings (By Provision):

115.382 (a). Resident victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment and crisis intervention services, the nature and scope of which are determined by medical and mental health practitioners according to their professional judgment.

Compliance Determination:

The facility has demonstrated compliance with this provision of the standard because:

As reported in the PAQ, resident victims of sexual abuse receive timely, unimpeded access to emergency medical treatment and crisis intervention services. It further stated that the nature and scope of such services are determined by medical and mental health practitioners according to their professional judgement. Medical and mental health staff maintain secondary materials (e.g., form, log) documenting the timeliness of emergency medical treatment and crisis intervention services that were provided; the appropriate response by non-health staff in the event health staff are not present at the time the incident is reported; and the provision of appropriate and timely information and services concerning contraception and sexually transmitted infection prophylaxis.

Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Forensic medical examinations in the community will be provided free of charge to the victim. The victim will be provided with unimpeded access to emergency and crisis intervention services, which will also be provided free of charge to the victim. SANE Nurses are located at USA Women’s and Children’s Hospital. In the event that a SANE is unavailable, a forensic medical examination will be provided by a qualified medical practitioner” (p. 9).

There were no allegations of sexual abuse reported during the audit time frames; where the resident was still on campus. Any allegation made occurred upon the resident leaving the program.

Interviews

Medical and Mental Health Staff: Both interviewees stated resident victims of sexual

	abuse receive timely and unimpeded access to emergency medical treatment, mental health services, crisis intervention, counseling, and outside medical services when necessary. Staff reported access to 24/7 medical and psychiatric care and emergency referrals when indicated. Both staff members defined “timely” access to services as immediate access once an allegation or need is identified. Both interviewees reported that the nature and scope of medical and mental health services provided to victims are determined based on professional judgment and the resident’s individual needs. Resident who reported sexual abuse: There were no identified residents who reported sexual abuse onsite during the facility site review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.382 (b). If no qualified medical or mental health practitioners are on duty at the time a report of recent abuse is made, staff first responders shall take preliminary steps to protect the victim pursuant to § 115.362 and shall immediately notify the appropriate medical and mental health practitioners. Compliance Determination: The facility had demonstrated compliance with this provision of the standard because: There were no allegations of sexual abuse reported during the audit time frames; where the resident was still on campus. Any allegation made occurred upon the resident leaving the program. Interviews Random Sample of Staff – The interviewed staff reported that they have been trained on the agencies zero tolerance policy for sexual abuse and sexual harassment. The staff reported that the training included: a. The agency’s zero-tolerance policy on sexual abuse and sexual harassment? b. How to fulfill your responsibilities regarding sexual abuse and sexual harassment prevention, detection, reporting, and response, in accordance with agency policies and procedures? c. Resident’s right to be free from sexual abuse and sexual harassment? d. Residents’ and employees’ right to free from retaliation for reporting sexual abuse and sexual harassments? e. The dynamics of sexual abuse and sexual harassment in confinement?

f. The common reactions of sexual abuse and sexual harassment victims?

g. How to detect and respond to signs of threatened and actual sexual abuse?

h. How to avoid inappropriate relationship with residents?

i. How to communicate effectively and professionally with residents, including lesbians, gay, bisexual, transgender, intersex, or gender nonconforming residents?

j. How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities?

k. Relevant laws regarding the applicable age of consent?

The staff consistently reported that they were trained on initial hire and that they received additional training throughout the year. When probed the staff were able to describe things like the common reactions of victims, what to look for, and how to respectfully talk to residents who may be lesbian, gay, bisexual, transgender or gender non-conforming.

Compliance Determination:

The facility had demonstrated compliance with this provision of the standard because:

Corrective Actions:

N/A. There are no corrective actions for this provision.

Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision.

115.382 (c). Resident victims of sexual abuse while incarcerated shall be offered timely information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate.

Compliance Determination:

The facility had demonstrated compliance with this provision of the standard because:

As reported in the PAQ, resident victims of sexual abuse while incarcerated are offered timely information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate. Interviewed medical and mental health staff reported that such services are addressed immediately.

There were no allegations of sexual abuse reported during the audit time frames; where the resident was still on campus. Any allegation made occurred upon the resident leaving the program.

	Interviews Medical and Mental Health Staff: Both staff members indicated victims of sexual abuse are provided timely information regarding access to emergency contraception and sexually transmitted infection prophylaxis when appropriate. However, it should be noted that this is an all-male facility. Resident who reported sexual abuse: There were no identified residents who reported sexual abuse onsite during the facility site review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.382 (d). Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the treatment services provided to every victim is without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out the incident. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Treatment services shall be provided to the alleged victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident” (p. 24). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and Residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

Interviews Residents who reported a sexual abuse: There were no identified residents who reported a sexual abuse. Corrective Actions: N/A. There are no corrective actions for this provision.

	Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.383 (h). The facility shall attempt to conduct a mental health evaluation of all known resident-on-resident abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility attempts to conduct a mental health evaluation of all known resident-on-resident abusers within 60 days of learning of such abuse history and offers treatment when deemed appropriate by mental health practitioners. Upon admission all juveniles will receive a mental health assessment by a professional mental health provider for the purpose of identifying suicidal tendencies, sexual abuse victimization, and predatory risk to other residents. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Pathway shall attempt to conduct a mental health evaluation of all known client-on-client abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners (p. 24). 115.386	Sexual abuse incident reviews
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Incident Review (1) 2. Interviews: a. Director b. Incident review team c. PREA Compliance Manager 3. Corrective Action a. Investigations/Incident Review Findings (By Provision): 115.386 (a). The facility shall conduct a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility conducts a sexual abuse incident review at the conclusion of every criminal or administrative sexual abuse investigation, unless the allegation has been determined to be unfounded. The facility provided a document that shows how an incident review debriefing would be documented. In the past 12 months, the number of criminal and/or administrative investigations of alleged sexual abuse was completed at the facility, excluding only "unfounded" incidents: 0. However, upon further review there was one allegation investigated. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Sexual abuse incident reviews will be conducted: A review team

	will conduct a sexual abuse incident review at the conclusion of every sexual abuse investigation unless the allegation has been determined to be unfounded. This will be done within 30 days of the conclusion of the initial investigation" (pp. 24-25). Investigation: There was one allegation of sexual abuse that had a corresponding incident review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.386 (b). Such review shall ordinarily occur within 30 days of the conclusion of the investigation. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility ordinarily conducts a sexual abuse incident review within 30 days of the conclusion of the criminal or administrative sexual abuse investigation. In the past 12 months, the number of criminal and/or administrative investigations of alleged sexual abuse completed at the facility were followed by a sexual abuse incident review within 30 days, excluding only "unfounded" incidents: 0. However, upon further review there was one investigation. Investigation: There was one allegation of sexual abuse that had a corresponding incident review. Interviews PREA Compliance Manager: The staff interviewed reported that data is collected for each incident and sent to the PREA Coordinator for compilation into the annual report. The PREA Compliance manager is a part of the review to ensure the standards are followed and follow up on areas of corrective action. Incident Review Team: The Incident Review Team members reported that incident reviews include consideration of whether allegations or incidents were motivated by race, ethnicity, gender identity, sexual orientation, transgender or intersex status, gang affiliation, or other group dynamics within the facility. Both staff described reviewing prior interactions between residents, staff reports, behavioral concerns, housing changes, and investigative information to identify potential contributing factors or motivations associated with the incident. Both interviewees stated that the Incident Review Team examines the location where the alleged incident occurred to determine whether physical barriers, blind spots, camera placement, lighting, or the physical setup of the area may have contributed to the incident or enabled abuse. Staff further indicated that reviewing the area assists in identifying

	preventive measures and ensuring the integrity and safety of the scene during the review process. The Incident Review Team members reported that staffing levels and staff supervision are assessed during incident reviews, including reviewing staffing patterns, staff assignments, supervision practices, and protocol compliance during different shifts. Staff indicated the review process includes determining whether staffing levels were appropriate based on the population and operational needs at the time of the incident. Both interviewees stated that the facility continually evaluates the use of monitoring technology to supplement staff supervision. They reported that incident reviews include assessing potential blind spots, camera coverage, lighting concerns, and whether additional or repositioned cameras may be necessary to enhance monitoring and prevent future incidents, while also considering areas where cameras cannot be installed due to privacy concerns. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.386 (c). The review team shall include upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the sexual abuse incident review team includes upper-level management officials and allows for input from line supervisors, investigators, and medical or mental health practitioners. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “The review team shall include the Director, PREA Compliance Manager, Human Resources staff member, and Senior Shift Leader Supervisor, with input from Shift Leaders and therapists” (p. 25). Investigation: There was one allegation of sexual abuse that had a corresponding incident review. Interviews: Director: The interviewee confirmed the facility maintains a sexual abuse incident review team that includes upper-level management, supervisory staff, the PREA coordinator, and mental health or medical personnel as appropriate. Corrective Actions:

	N/A. There are no corrective actions for this provision Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.386 (d). The review team shall: (1) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; (2) no longer required; or was motivated or otherwise caused by other group dynamics at the facility; (3) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse; (4) Assess the adequacy of staffing levels in that area during different shifts; (5) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff; and (6) Prepare a report of its findings, including but not necessarily limited to determinations made pursuant to paragraphs (d)(1)-(d)(5) of this section, and any recommendations for improvement and submit such report to the facility head and PREA compliance manager. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility prepares a report of its findings from sexual abuse incident reviews, including but not necessarily limited to determinations made pursuant to paragraphs (d)(1) -(d)(5) of this section and any recommendations for improvement, and submits such report to the facility head and PREA Compliance Manager. Sexual Abuse Critical Incident Review Form. The form takes the following into consideration: 1. Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to Sexual Abuse; 2. No longer rquired; 3. Discuss the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse; 4. Assess the adequacy of staffing levels in that area during different shifts; 5. Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff; and 6. Determine whether the facility implemented the recommendation for improvement. Interviews: Director/PREA Compliance Manager: The facility director/designee reported the

	incident review team uses information from incident reviews to assess resident safety, evaluate staff response and policy compliance, identify opportunities for improvements in supervision or procedures, review retaliation concerns, and ensure appropriate referrals and interventions are made. The interviewee stated the incident review team considers whether incidents were motivated by race, ethnicity, gender identity, sexual orientation, gang affiliation, or other group dynamics; examines physical barriers or blind spots; assesses staffing adequacy; and evaluates the need for additional monitoring technology or enhanced supervision measures. PREA Compliance Manager: The staff interviewed reported that all incidents were referred for review and the PCM is a part of the review process. Incident Review Team: The Incident Review Team members reported that incident reviews include consideration of whether allegations or incidents were motivated by race, ethnicity, gender identity, sexual orientation, transgender or intersex status, gang affiliation, or other group dynamics within the facility. Both staff described reviewing prior interactions between residents, staff reports, behavioral concerns, housing changes, and investigative information to identify potential contributing factors or motivations associated with the incident. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.386 (e). The facility shall implement the recommendations for improvement or shall document its reasons for not doing so. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: · The facility reported in the PAQ that the facility implements the recommendations for improvement or documents its reasons for not doing so. · Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that: o The review team shall: § Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; § Consider any potential motivators of the incident or allegations; § Examine the area where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse; § Assess the adequacy of staffing levels during different shifts · Assess whether monitoring technology should be augmented to supplement supervision § Prepare a report of its findings and any recommendations for improvement and submit such report to the CEO and PREA Compliance Manager. § Recommendations for improvement shall be implemented, or reasons for not doing so will be documented (pp. 25-26). Investigation: There was one allegation of sexual abuse that had a corresponding incident review. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Data Collection Instrument (1 investigations)-see 115.386 d. SSV Report Findings (By Provision): 115.387 (a). The agency shall collect accurate, uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency collects accurate, uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “A standardized instrument will be utilized for the purpose of data collection to ensure uniform data from every allegation of sexual abuse and sexual harassment is collected. This instrument includes, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence (SSV) conducted by the Department of Justice” (p. 24). The data collection instrument completed on the investigations is a tool utilized to collect uniform data on allegations. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.387 (b). The agency shall aggregate the incident-based sexual abuse data at

	least annually. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency aggregates incident-based sexual abuse data annually. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.387 (c). The incident-based data collected shall include, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence conducted by the Department of Justice. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the facility uses a standardized instrument includes, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence (SSV) conducted by the Department of Justice. SSV Report: The agency SSV report was uploaded. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.387 (d). The agency shall maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews. Compliance Determination:

	The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency maintains, reviews, and collects data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that Pathway will maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews" (p. 24). Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.387 (e.) N/A the agency does not contract for the confinement of its residents and skip to 115.387 (f).). It was further reported that the data from private facilities complies with SSV reporting regarding content. 115.387 (f). Upon request, the agency shall provide all such data from the previous calendar year to the Department of Justice no later than June 30. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency has been required to provide the Department of Justice (DOJ) with data from the previous calendar year. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

	The following evidence was analyzed in making compliance determination: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Website d. 2025 Annual Report 2. Interviews: a. Agency Head b. PREA coordinator c. PREA Compliance Manager Findings (By Provision): 115.388 (a). The agency shall review data collected and aggregated pursuant to § 115.387 in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training, including: (1) Identifying problem areas; (2) Taking corrective action on an ongoing basis; and (3) Preparing an annual report of its findings and corrective actions for each facility, as well as the agency as a whole. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency reviews data collected and aggregated pursuant 115.387 in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, and training, including: · Identified problem areas; · Taking corrective action on an ongoing basis; and Preparing an annual report of its findings from its data review and corrective actions for each facility, as well as the agency as a whole. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures

	Manual states that the facility will “Ensure that annual reviews include inspection for areas and situations where sexual abuse may be likely to occur and recommend mitigation for those areas and situations. Corrective action will be taken on an ongoing basis. Produce an annual summary for the Chief Executive Officer that provides an assessment of Pathway’s progress in addressing sexual abuse. The annual report shall include the frequency and severity of sexual abuse/sexual harassment within Pathway's facilities including trends during the year, comparisons to previous years, deficiencies identified in the annual report, and corrective action from the previous year’s report. The annual report will be available through Pathway’s website” (p. 25). 2025 Annual Report: The purpose of the PREA annual report is to assess and improve the effectiveness of sexual abuse prevention, detection, and response policies and practices within the agency. The report includes a review of data collected and aggregated throughout the year, identifies problem areas, takes corrective action, and provides an annual summary of findings and corrective actions for each facility as well as the agency as a whole. It also compares current year data with previous years to evaluate progress in addressing sexual abuse. Interviews Agency Head: The interviewed agency head reported that incident based sexual abuse data is used to assess and improve problem areas or other issues are identified and corrective action is taken as needed. After every allegation, problem areas or other issues are identified, and corrective action is taken if needed. PREA Coordinator: The interviewed PREA Coordinator reported that all data is completed. All data is filed in the office of the PREA Coordinator. Only select administrative staff have access to this area. The collected data is reviewed annually to ensure that no data is due to be terminated. Upon review of each PREA related incident, any identified areas of concern are addressed through corrective action. T the data is reviewed yearly and compiled into a yearly report. This report looks at trends for each facility and compares the data from the current year to the previous. The report includes any corrective action taken. It is approved by the CEO and placed on Pathway, Inc’s website. PREA Compliance Manager: The staff interviewed reported that data is collected, and reports made along with the annual reports are kept in a confidential file. The data is sent to the PREA Coordinator. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.388 (b). Such report shall include a comparison of the current year's data and

	corrective actions with those from prior years and shall provide an assessment of the agency's progress in addressing sexual abuse. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the annual report indicates a comparison of the current year’s data and corrective actions to those from prior years. The annual report provides an assessment of the agency's progress in addressing sexual abuse. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that the facility will “Produce an annual summary for the Chief Executive Officer that provides an assessment of Pathway’s progress in addressing sexual abuse. The annual report shall include the frequency and severity of sexual abuse/sexual harassment within Pathway's facilities including trends during the year, comparisons to previous years, deficiencies identified in the annual report, and corrective action from the previous year’s report. The annual report will be available through Pathway’s website” (p. 25). 2025 Annual Report: The purpose of the PREA annual report is to assess and improve the effectiveness of sexual abuse prevention, detection, and response policies and practices within the agency. The report includes a review of data collected and aggregated throughout the year, identifies problem areas, takes corrective action, and provides an annual summary of findings and corrective actions for each facility as well as the agency as a whole. It also compares current year data with previous years to evaluate progress in addressing sexual abuse. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.388 (c). The agency's report shall be approved by the agency head and made readily available to the public through its website or, if it does not have one, through other means. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency makes its annual report readily available to the public, at least annually, through its website. The agency PREA reports are found at: https://www.pathway-inc.com/copy-of-services. Interviews

	Agency Head: The agency head interviewed reported that they approve the agency annual reports. Annual reports are completed after review of the data collected for the year to identify trends and corrective action that may be necessary. These reports are provided to the CEO for review and published on our website. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.388 (d). The agency may redact specific material from the reports when publication would present a clear and specific threat to the safety and security of a facility but must indicate the nature of the material redacted. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency redacts material from an annual report for publication, the redactions are limited to specific materials where publication would present a clear and specific threat to the safety and security of the facility. In addition, the agency indicates the nature of redacted material. 2025 Annual Report: The purpose of the PREA annual report is to assess and improve the effectiveness of sexual abuse prevention, detection, and response policies and practices within the agency. The report includes a review of data collected and aggregated throughout the year, identifies problem areas, takes corrective action, and provides an annual summary of findings and corrective actions for each facility as well as the agency as a whole. It also compares current year data with previous years to evaluate progress in addressing sexual abuse. Interviews PREA Coordinator: The interviewed PREA Coordinator reported that any personal identifying information of staff or clients would be redacted; however, to date no material has been redacted from our annual reports. If material were redacted, we would indicate the nature of that material. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility

	documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.389	Data storage, publication, and destruction
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: Documents: 1. Documents: a. Pre-Audit Questionnaire (PAQ) b. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual c. Website: https://www.pathway-inc.com/copy-of-services. 2. Interviews: a. PREA coordinator Findings (By Provision): 115.389 (a). The agency shall ensure that data collected pursuant to § 115.387 are securely retained. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The facility reported in the PAQ that incident-based and aggregate data is securely retained. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Data collected will be securely retained for at least 10 years after the date of its initial collection unless Federal, State, or local law requires otherwise” (p. 26). Site Review: Record Storage

	During the site review, the auditor evaluated both the physical and electronic security measures in place for records maintained in compliance with the PREA Standards, including sensitive documentation such as risk screening assessments, medical and mental health records, and reports or investigations related to sexual abuse and sexual harassment. Physical Record Storage The facility maintains hard copy records in a designated secured storage area. The auditor observed that access to this area is restricted by lock and key, with entry limited to authorized personnel only. Sensitive documentation, including inmate PREA risk screenings, incident reports, and medical files, is stored in locked filing cabinets within a locked office or file room. Staff confirmed that only designated personnel—such as clinical staff, investigative staff, or administrative leadership—have access to these files. The process for removing or reviewing records is tracked internally to ensure accountability and prevent unauthorized access. Electronic Record Storage Electronic records related to PREA compliance, including risk screening information, case tracking data, and investigative documentation, are stored within a password-protected, role-based access system. Access to these records is limited based on job function and is regularly audited by the facility's IT department. The auditor previously spoke with agency IT personnel who confirmed that data systems used for storing PREA-related information are compliant with state and agency security protocols. Access logs are maintained and monitored to detect any unauthorized attempts to view or alter records. Additionally, staff utilize individual logins with secure passwords, and terminals used for accessing records are located in secure areas not accessible to the general population or unauthorized staff. It should be noted that during the stie review IT temporarily disengaged sound on a camera so that interviews could confidentially occur. Informal Conversations with Staff Through informal interviews, staff demonstrated a clear understanding of confidentiality requirements and access limitations related to sensitive PREA documentation. Staff reported that only those with a "need-to-know" are granted access to case files and related information. The Director confirmed that clinical files are housed separately from general housing records and are accessible only to appropriate licensed personnel. The facility's policies and procedures appear to be well implemented and understood by staff responsible for safeguarding PREA-related records. Interviews PREA Coordinator: The interviewed PREA Coordinator reported that all data is filed in

	the office of the PREA Coordinator. Only select administrative staff have access to this area. The collected data is reviewed annually to ensure that no data is due to be terminated. Upon review of each PREA related incident, any identified areas of concern are addressed through corrective action. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.389 (b). The agency shall make all aggregated sexual abuse data, from facilities under its direct control and private facilities with which it contracts, readily available to the public at least annually through its website or, if it does not have one, through other means. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, agency policy requires aggregated sexual abuse data from facilities under its direct control and private facilities with which it contracts be made readily available to the public, at least annually, through its website. Policy: Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that the facility will “Produce an annual summary for the Chief Executive Officer that provides an assessment of Pathway’s progress in addressing sexual abuse. The annual report shall include the frequency and severity of sexual abuse/sexual harassment within Pathway's facilities including trends during the year, comparisons to previous years, deficiencies identified in the annual report, and corrective action from the previous year’s report. The annual report will be available through Pathway’s website” (p. 25). Website: https://www.pathway-inc.com/copy-of-services. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.389 (c). Before making aggregated sexual abuse data publicly available, the agency shall remove all personal identifiers. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because:

	As reported in the PAQ, before making aggregated sexual abuse data publicly available, the agency removes all personal identifiers. A review of the agency website did not have any personal identifiers. All personal identifiers were removed from the Annual report. Website: https://static1.squarespace.com/static/598b3628197aea4997aafcfb/t/661d88db102fad5a6f89a545/1713211611368/115.387+PREA+Data+Report+-+Comparison.pdf Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.389 (d). The agency shall maintain sexual abuse data collected pursuant to § 115.387 for at least 10 years after the date of its initial collection unless Federal, State, or local law requires otherwise. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: As reported in the PAQ, the agency maintains sexual abuse data collected pursuant to §115.387 for at least 10 years after the date of initial collection, unless federal, state, or local law requires otherwise. The agency complies with this provision by maintaining at least 10 years of initial data collection. Policy: The Pathway, Inc. Prison Rape Elimination Act (PREA) Policy and Procedures Manual states that “Data collected will be securely retained for at least 10 years after the date of its initial collection unless Federal, State, or local law requires otherwise” (p. 26). Website: https://www.pathway-inc.com/copy-of-services. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.

115.401	Frequency and scope of audits
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The following evidence was analyzed in making compliance determination: Documents: · Website: PATHWAY - Services (pathway-inc.com)) Findings (By Provision): 115.401 (a). During the three-year period starting on August 20, 2013, and during each three-year period thereafter, the agency shall ensure that each facility operated by the agency, or by a private organization on behalf of the agency, is audited at least once. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: · A review of the agency's website provided PREA audit reports according to cycles. · The facility PREA reports are included on the agency website. · DYS Annual Inspection Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility is fully compliant with this provision. 115.401 (b). As reported by the PREA coordinator, the FACILITY is operated by a private entity (Pathways, Inc.), a contractor for Alabama Division of Youth Services. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because:

	A review of the agency's website provided PREA audit reports according to cycles. The facility PREA reports are included on the agency website. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility are fully compliant with this provision. 115.401 (h). During the inspection of the physical plant the auditor and was escorted throughout the facility by the Director. The auditor was provided unfettered access throughout the institution. Specifically, the auditor was not barred or deterred entry to any areas. The auditor had the ability to observe freely, with entry provided to all areas without prohibition. Based on review of documentation the facility is compliant with the intent of the provision. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: On the first day of the audit after the entrance conference, the auditor conducted a comprehensive tour of the facility. It was requested that when the auditor pauses to speak to a resident or staff, that staff on the tour please step away so the conversation might remain private. This request was well respected. During the site review the auditor made numerous observations, including the posting of Notices of PREA Audits, PREA Related Posters, and TIP Posters (with phone numbers to call to report any concern or condition), notices advising resident that female staff routinely work in the facility, locations of showers and privacy issues, bathrooms, medical/grievance boxes, requests forms and boxes for requests, configuration of living units, capacities of dorm/bed rooms, observations of blind spots, camera deployment, the use of mirrors to mitigate blind spots, staffing levels, supervision of resident, accessibility to telephones and instructions for using the phones to report sexual abuse, main control room, dayroom, classrooms, etc.. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility are fully compliant with this provision. 115.401 (i). During the on-site visit, the auditor was provided access to any and all documents requested. All documents requested were received to include, but not limited to employee and resident files, sensitive documents, and investigation reports. Based on review of documentation the facility is compliant with the intent of the provision.

	Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The auditor provided the facility with a documentation checklist. The checklist is organized by standards to help the facility through the pre-audit, onsite and post audit phase and to provide the requested documentation by auditor. The PREA coordinator/compliance manager provided the auditor with all relevant documents as requested. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility are fully compliant with this provision. 115.401 (m). The auditor provided private rooms throughout the facility to conduct resident interviews. The staff staged the residents in a fashion that the auditor did not have to wait between interviews. The rooms provided for resident interviews were soundproof and somewhat visually confidential from other residents who were judged to have provided an environment in which the offenders felt comfortable to openly share PREA-related content during interview. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: During the pre-audit period, the facility received instructions to post the required PREA Audit Notice of the upcoming audit prior to the on-site visit for confidential communications. The facility posted the notices in English and Spanish. The auditor received email and pictures confirming the posted notices and observed the posted notices on-site. As of July 5, 2026, there was no communication from a resident or staff. Staff interviews indicated that Residents are permitted to send confidential information or correspondence in the same manner as if they were communicating with legal counsel. Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility are fully compliant with this provision. 115.401 (n). Residents were able to submit confidential information via written letters to the auditor PO Box or during the interviews with the auditor. The auditor

	did not receive any correspondence from the residents of the facility. Compliance Determination: The facility has demonstrated compliance with this provision of the standard because: The auditor reached out to the following organizations: o National Child Abuse Hotline o Local Child Advocacy Center (no response) o Alabama DYS Corrective Actions: N/A. There are no corrective actions for this provision. Based on review and analysis of the available evidence, the auditor has determined that the agency and facility are fully compliant with this provision. Overall Findings: The auditor uses a triangulation approach, by connecting the PREA facility documentation, agency policies, on-site observation, site review of the facility, facility practices, interviewed staff and residents, local and national advocates, and online PREA Audit: Pre-Audit Questionnaire to make determinations. Based on analysis, the facility is compliant with all provisions in this standard.
