II. Did the program achieve the intended goal(s)? Please explain.

☐ Periodic File Reviews	☐ Observation of Group Activities
☐ Pre- and Post-Testing	☐ External Evaluation
☐ Re-assessment of youth's progress	☐ Peer Review Process
☐ Other:	

II. Please provide a summary of each of these activities, including how each was conducted and the findings of the quality assurance activities:

YOUTH OUTCOMES

I. Program Completion: Successful/Unsuccessful

Evaluate the rate of successful program completion. What factors do you believe influenced how many youth completed successfully? What can be done in the future to improve the success rate? What factors influenced the outcomes of youth who did not successfully complete the program?

II. Six Month Follow-up

Evaluate the outcome measures completed. What factors influenced successfully or unsuccessfully gathering the information needed for the six month follow-up for youth outcome measures?

III. Net Widening

Since DYS grant programs are intended to be alternatives to incarceration, it would be considered "widening the net" to use the program for youth who would not have been admitted to DYS if the program were not in existence (i.e., CHINS, truancy). Did this program have a net-widening effect? Explain why or why not. What can be done in the future to ensure net-widening does not occur?

IMPROVEMENT PLAN

I. Overall, what is working well in the program?

II. What is not working well in the program?

III. Based on the information gathered from Quality Assurance efforts, and annual program self-assessment, what improvements will be made to the areas that are not working well?
